A SMALL ARMY

Will Soon Raise Up to Testify to Its Goodness.

The Good Work of Raising Mankind Going on Unabated.

The Happy Home Club is Gathering the Wanderer Into the Fold.

What ever good may have been done for the country of intemperance in the shadow of the actual good that is now being accomplished by the Happy Home clubs of the state. The organization of this practical institution and the good that has resulted therefrom has forever laid to rest any idea that it is a trivial and unimportant matter. You may labor, persuade and finally induce a confirmed drunkard to stop drinking, but this is only for a short time. The Happy Home club of today takes the appetite for strong drink away, and however bad the case may be, they cure their patients, and this without harm—physically or mentally. There is a Christian spirit that predominates with this soul-saving body of workers, and in cases where people are without means they are taken in and cured free of charge. It is the mission of the Happy Home club to lift the fallen, and their mission will not be accomplished until they are cured. There is no place so pleasant to the patient cured of the liquor habit as that of the reading rooms of the Happy Home club. They look upon it as the sailor does the lighthouse on the coast in a stormy night. Those who have been cured in Day City, and there are a number, have nothing but praise to say in its behalf, and so thankful are they for the kindness extended that they at once exert themselves to find others in need of assistance, members are increasing, each succeeding day brings new patients, and ere long there will be a small army that can rise up and testify to its goodness right here in Day City.—Day City Tribune.

The Grand Rapids Happy Home club rooms are in the Putnam block on Monroe street, and are open day and evening seven days in the week for the reception of patients.

\$1.50 BOOK FREE!

Special Good News to the Voter.

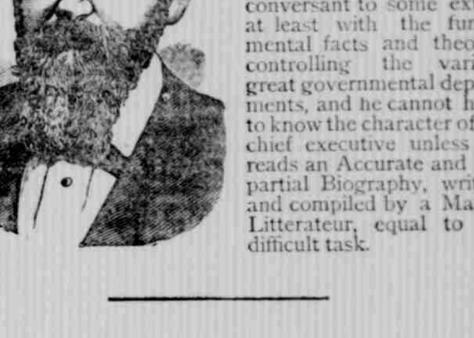

We offer a Beautiful Bound, Handsomely Printed, Elegantly Illustrated, Copy

of "The Life of Ben. Harrison, by the Author of Ben Hur"

Absolutely free.

READ AND DO SOME THINKING

The voter cannot cast an intelligent Ballot unless he can appreciate the intricate manipulations of the wheels of government and become conversant to some extent at least with the fundamental facts and theories controlling the various great governmental departments, and he cannot hope to know the character of the chief executive unless he reads an Accurate and Impartial Biography, written and compiled by a Master Litterateur, equal to the difficult task.

Gen. Benjamin Harrison is a candidate for re-election. The Nation demands that the hero who led its armies in the Field, and who for four years has wisely and nobly steered the ship of state shall continue to hold the helm and guide our Nation through the perils of the future as ably as he has through those of the past. He who during the administration has saved the country from a series of threatening dangers, has brought Italy and Chile to the feet of our Republican throne, and made even England yield to American demands in the Behring Sea difficulty, is the man for the people of these United States.

Gen. Lew Wallace, who is known throughout the United States as one of the most intimate personal friends of President Harrison, and as having had a great deal to do with his re-nomination, has written a biography of the President, which reads like a veritable Romance, yet is Accurate History.

The book has been officially authorized and contributed to by the heads of the government in Articles regarding the workings of the Republican policy and the Present administration. These distinguished contributors include Hon. William E. Curtis, Hon. John Wanamaker, Hon. Jeremiah Rusk, Secretary Foster and Hon. Eugene Hale. Their topics include commercial Reciprocity, Postal Service, Progress of the Public Domain, Etc.

When General Harrison was asked his choice of a biographer he promptly replied, "My life-long friend, General Wallace." His chief advisors, interpreting the President's desire, have officially supplied the volume with most valuable contributions.

The Book is a Monument to Skill and Fidelity.

We offer it Free with three months' subscription to THE HERALD. The book sells for \$1.50, and thousands of copies have been and are being sold. We are desirous of having such a book, brim full as it is of information of vital importance to the voter, in every home in Western Michigan. It will be referred to oftener than a dictionary, and will be read with more pleasure than a novel.
