The Holland Republicans of the Tenth Ward

LISTEN TO ABLE ADDRESSES

By John Felkamp, Alderman DeGraaf and John W. Scheffer—Reasons for a Tariff.

The Tenth Ward Holland Republican club held an enthusiastic meeting in Travis hall last night. The hall was crowded and the issues of the campaign were presented in the Holland language to the club by John Felkamp, teacher in the East street Holland school, Alderman DeGraaf, president of the club, and John W. Scheffer. Mr. Felkamp introduced his address with a history of Columbus and the discovery of America.

Progress of the Country. The progress of the United States was traced with reference to governmental affairs and a brief history of the various political parties from the organization of the government was given. He gave indispensible reasons for supporting the republican party in its position on the tariff question. The audience paid close attention to the statements of the speaker during his address.

Alderman DeGraaf's talk was confined to the protective system and warmly supported the McKinley law. He explained the effect of the measure on labor, wages, home markets and home industries. The condition of the laboring man in this country was effectively compared with that of the laborer in free trade countries and it is hoped that last night's meeting will have a telling effect on the vote in the tenth ward.

Political Paragraphs.

The Hon. Julius Caesar Burrows, the greatest campaigner in the United States, will speak in Hartman's hall Wednesday evening, Nov. 2. Congressman Burrows is a great favorite in Grand Rapids, and the county committee expects to have the greatest meeting of the campaign that night.

William Alden Smith will talk at Cedar Springs November 5, and at Rockford November 7.

The Hon. Cornelius Van Loan will speak in Holland instead of Germen, as stated yesterday. The meeting will be held in Vander Stolpe's hall on Grandville avenue, Tuesday night.

Colonel Anson S. Wood delivered a rousing republican speech at Sparta last night.

Lowell republicans will have a grand rally Monday night, when the Hon. Mark S. Brewer and Fred A. Maynard will speak.

William Alden Smith and James Coye will throw red-hot republicanism into Ada democracy Tuesday night.

The Young Men's Republican club will hold an important meeting in the Lincoln club rooms Tuesday night and all members are requested to attend.

The county committee is making great preparations for the grand round up to be held the night before election in Hartman's hall.

Every republican in the sixth ward is requested to turn out to hear the Hon. Gerritt J. Diekenma tonight and to bring a democratic friend.

W. T. Adams and M. S. Dunham will address a rousing republican meeting at Silver Lake tonight.

H. E. Walbridge and Elvin Swarthout are booked to talk republicanism at Austerlitz tonight.

Frank A. Rodgers and James Coye are making preparations to deliver red-hot republican speeches at Alpine tonight.

COUNTY LAW MAKERS.

The Disgraceful Condition of the Jail Again Comes Up.

The board of supervisors held a session as usual yesterday morning. The first business disposed of was the adoption of the report of the committee on judges, sheriffs and constables bills, which recommended allowing bills aggregating \$604.90.

The following report from the committee on public buildings was indefinitely postponed.

Your committee all agree that the present county jail is in a deplorable state, and poorly arranged; that the separation of insane patients from females, and females from boys, is an utter impossibility under the present construction; that the sanitary condition and system of sewerage is very bad, and that the jail is overcrowded. The jail was built in 1870, when the population of the county did not exceed 20,000, and the provision for the sanitary condition was of minor importance at that time. Your committee therefore recommends that some action be taken by the board to remodel the jail and to build such additions as will provide the necessary room and accommodation required; also to provide a thorough system of sewerage and ventilation throughout the building.

The disburse of Spring & Co. for \$7,111, Joseph Herber for \$2,233 and W. C. Henson for \$20 cents, were allowed.

On motion of Supervisor Loomis, chairman of the court house building committee, the finance committee was expeditiously for the court house, and see if they are on file for the amount of \$227,807.75.

Supervisor Hodgson moved that the tax of 1891 of \$4,333, on the lot upon which was built the Norwegian Lutheran church, be refunded. Referred to the committee on rejected taxes and the supervisor of the ninth ward.

The board then adjourned until 9 o'clock this morning.

Monroe Street Runaway.

Yesterday afternoon at 1:30 a horse owned by a man named Wilber, whose residence was not learned, became frightened on Monroe street and ran toward Canal street on a dead run with two men in the carriage. The driver could not hold the frightened animal, and when it reached Voigt, Harpolaus & Co.'s store, it dashed

on the sidewalk and ran against a pillar, where it was stopped. Great excitement prevailed for a few minutes, as the walk was full of pedestrians at the time. Everybody escaped injury, however, except Mrs. Alton Flagg of No. 204 N. 7th avenue, who received slight bruises about her face.

NOT THE ARMY WORM.

John Mathew's Discusses the Oak Tree First Before the K. S. I.

At the regular meeting of the Kent Scientific Institute last night J. W. Mathew gave a talk on entomology with particular reference to the caterpillar that has infested the oak trees this fall and to the apple tree borer. He said many had erroneously called the oak tree pest the army worm. By drawings of each on the blackboard he demonstrated the difference between the two insects. The oak tree pest has a dark discolored spot on each interior edge and a white triangular spot on the thorax. The army worms of a white grayish brown with white spots on the top of each wing. In Mr. Mathew's opinion the caterpillar will do little or no injury to the oak trees as it works late in the season, just before the foliage falls; it suggested a kerosene emulsion as a remedy to destroy this insect if it is thought best to use anything. His remedy for destroying the apple tree borer is strong soap suds, and if that does not prove effective it will be necessary to cut them out with a knife.

The meeting was well attended and much interest was taken in the manner in which Mr. Mathew handled his subject.

At the next meeting C. A. Whittemore will deliver a discourse on Indian mounds.

MORSE NOT ENDORSED.

The Liquor Dealers Are Not Pledged to Support Him.

William Kortlander has returned from the Saginaw convention of state liquor dealers. Mr. Kortlander pronounces the report that the society decided to support Morse for governor false in every respect. "There was absolutely no political action taken whatever," said Mr. Kortlander. "The members of the association are free to vote as they wish. The principal object of the meeting was to take some uniform action in reference to a license. We expressed that in our resolution requesting that the fees be made uniform, and be fixed at \$30 per year. This will prevent dealers taking out a bear license and selling both whisky and beer on it. Then we asked to have the hours for closing fixed at 11:30, and strictly enforced. We want the privilege of keeping open on all days except Sundays and election days, and of course are interested in having this law enforced also."

"But there was no politics in the meeting. It was strictly a business affair. No candidates were endorsed, and none marked for slaughter."

TENDERED A RECEPTION.

Maccabees Give a Ball in Honor of Adjutant Stanley.

Grand Rapids division No. 3 A. R. K. O. T. M. tendered a pleasant reception last night in the hall at No. 5 Pearl street to Adjutant A. E. Stanley and staff, L. C. Everson, O. Hogstrom and C. B. Robinson, of Detroit. It was attended by 150 couples, and after the evening had been spent with dancing a lunch was served. All present enjoyed themselves and the reception was successful in all respects. The reception committee consisted of Adjutant C. B. Robinson, Capt. E. L. Schneider, Q. M.; Sergt. N. B. Gilbert, Sir Knight Roach and Sir Knight E. Gilliland. Lieut.-Col. William Schneider, D. Smith, O. F. Reed and J. W. Haugford composed the floor committee.

Tonight a private banquet will be given and Adjutant Stanley will make his official inspection.

NEED A NEW JAIL.

A Member of the Board of Supervisors Says So.

"This talk of remodeling the jail is all nonsense," said a member of the board of supervisors yesterday. "If I had my way about it, I'd tear the old wall down and build a new jail. We have been spending money on that old jail for the last ten years, and it's like throwing our good dollars away. You can expend a hundred thousand dollars on that old building and when you get through you will have the same old shell and nothing better. Instead of drawing plans for an addition to the old jail I am in favor of drawing plans for a new jail. Some of the supervisors say, 'the people are grumbling now about their taxes; let's don't submit any such scheme to them.' But I believe it would be a mighty good plan to let the people vote on the question of a new jail at the election next spring."

Earth Into Money.

EDITOR HERALD—It is pleasant to find as I do in all these northern cities copies of THE HERALD in reach. It is good to find it able to show up the old lame and crippled "Duty added to Cost" theories of Speaker Crisp especially on clothing as you have. After seeing 10,700 miles of this country last year and all bright places in it, the south and its free trade plan is not in it. All over bright places, Chicago, Detroit, Toledo, Grand Rapids, Pittsburg, Dayton, Amsterdam, Newark, Hartford, and the like are making earth and its products into money and keeping the pay rolls in our country. They are building up our country instead of foreign nations. The live men and live ideas are all in touch with this theory. It wins. It enriches. Even the poorest that stay here five years are 500 times better off. Protection is doing this work. They can't blot it out. J. W. DONOVAN.

Why Mr. Walker Was Absent.

Owing to the mistake in the date of the letter of invitation sent to ex-Supervisor Walker of Vergennes to attend the banquet tendered to him and County Clerk Henry at the Eagle hotel Tuesday night by the board of supervisors he was not present. The letter gave the date of the banquet as October 21 and Mr. Walker came to the city last night to attend it. He was very sorry the mistake occurred.

The board intended to present a beautiful water set to him on that occasion and now the presentation will be made at the session of the board this morning.

Captain Mitchell Has Resigned.

The steamer Barrett has been disabled by having a hole torn in her side by snags in the river and has been laid up for the season for repairs. The Valley City will be put in her place this morning and will finish the season. J. F. Craig of Toledo was in the city yesterday and made arrangements with Captain Muir to take charge of the boat. Captain Mitchell having resigned. The Valley City will make regular trips to Grand Haven until the season closes.

Fox Battery Celebration.

Fox battery celebrated Columbus day yesterday at 11:30 by firing forty-four rounds on the west side, between Fulton street and the E. & L. bridge, in honor of the forty-four states. The members then mounted and rode through the city. Capt. Habcock was in command for the first time since his fingers were amputated by a saw in Sweet's furniture factory. He carried his hand in a sling yesterday.

Death of Mrs. Burley.

Mrs. Cornelius Burley, of Livingston street, died a few minutes before 12 o'clock yesterday, after an illness of only four days. Her husband, one son, Frank, and daughter, Ella survive her. The deceased was universally esteemed by all who knew her. Notice of the funeral will be made this morning.

Amusements.

The concluding performance of "One of the Bravest" will be given at the Grand this afternoon and evening. Frank Mayo need not be mentioned to the old generation of theater goers in Grand Rapids for his association with "Davy Crockett" has become a household word. Mr. Mayo begins an engagement at the Grand in this play tomorrow evening.

Matinee as usual at Smith's today. One of the comedies on Manager Smith's bill next week will reveal "Grand Rapids Under Gaslight."

The lecture course at Hartman hall will be inaugurated next Tuesday evening with the Mozart Symphony club. This club embraces in its membership many accomplished singers and soloists.

Young De Bruyne Discharged.

Owing to the effective pleading of the mother of John De Bruyne, the shoe thief, and the good promises of the boy himself, County Agent Hatheway abandoned his intention of sending him to the reform school and he was discharged upon the payment of \$5 fine and costs.

Police Court Notes.

The examination of Ray Dietrich on a charge of burglary and larceny was adjourned by Judge Haggerty yesterday until October 28.

After the necessary arraignments were made in police court yesterday morning, court adjourned for the day in honor of Columbus.

An Ironical Marriage Contract.

A married couple recently appeared at the southwestern police court in London. The lady had signed the following document before marriage, drawn up, as she said, at a solicitor's office: "After our married during our lifetime I will never take deed of separation, nor never put you any kind of blame, or never leave you, and I solemnly promise to look after you, and give you nice dinners, and everything you require, with my love and true faith. We will always live in one place, and live together, and enjoy ourselves. If I broke this promise after married I shall not get anything or money from him (her husband). And yet after eight months of 'married' the lady wants a separation and an allowance.

Some Foolish Wagers.

Men do foolish things sometimes in order to win a wager or gain notoriety. Men have jumped from high places for the sake of money, and lost their lives in consequence; yet there are other men to-day who would do the same thing if they were permitted. Not long ago a man in New Jersey wagered that he could smoke one hundred cigarettes in a certain time, and he did it—but he endangered his reason. Again, in France, three men tried to see which could drink the most water. The amount they swallowed was extraordinary; but it did no good to win or lose such a contest, for all three of them died from the effects.

We do not know why Scott's Emulsion of cod-liver oil is so useful in those simple but varied conditions which you know as "having a cough." We cannot explain it; we only know the fact from experience.

It may be due to the combination of tonic effects of cod-liver oil and the hypophosphites; it may be partly due to the glycerine. There are many effects in medical practice the causes of which appear to be plain, but how those causes produce those effects we do not know at all.
