Do you remember the prices asked for this honest, hard wearing fabric only a few years ago? And we show such a variety of design, such originality, one seems apparently to be looking at Moquette, the delicate shadings of that always beautiful fabric being so perfectly reproduced in our grand showing of Tapestry Brussels. Price for the best grade is 90 cents, sewed and laid, We have very good ones at 65 and 75 cents, but when the best cost so little more we believe it wise to buy them.

CHRISTOPHER COLUMBUS

1492 1892

THE NAME AND DATE WE CELEBRATE, 400 YEARS AGO. "We are a plain, practical people; we are a race of inventors and workers, not of poets and artists. We have led the world's movement, not its thought."—Henry Watterson, Oct. 21, 1892, Chicago, Ill.

If Columbus had sailed up South Division street in the "Santa Maria," and making a landing at our store, taken on board a sample each of our beautiful

BOOK CASES, WRITING DESKS, SIDEBOARDS, CHIFFONNIERS, EXTENSION TABLES, PARLOR and BEDROOM SUITES,

Including one of our glistening Snow White, Bird's Eye, Natural Maple Bedroom Suites, Queen Isabella would have been still more astonished and felt better repaid for her jewels and necklace. The compass needle would have undoubtedly pointed and directed him to the mountains of iron piled up in our basement in the shape of

ACORN STOVES

And had he returned to Spain with a few exquisite specimens of heaters and ranges, a few rolls of our enormous assortment of

CARPETS

And explained that our prices were lower than the lowest and on EASY PAYMENTS, it might have saved him from being cheated of the right of his own discovery and cast into prison. But, alas! he was before our time, and his birthday is too ancient for us to help him. But we can help you and are willing and anxious to do it.
