TO PLAY AT TENNIS

State Tournament to Be Held at the Country Club

BEGINNING NEXT TUESDAY

Crack Local Players Will Take a Hand in the Exciting Contests to Be Waged.

The tennis tournament to be held under the direction of the country club, will commence at 4:30 o'clock Tuesday afternoon on the courts at Fish Lake. The events will be men's singles and doubles, and there have been sufficient entries made to insure a successful tournament.

Tennis has been given additional impetus this summer because of the organization of the State Lawn Tennis association and the fact that the state tournament is to be held in this city. The tournament is to be held in this city, and the club tournament commencing Tuesday afternoon, is expected to show a marked improvement over the work of the players of last year.

Entries for the Game. The entries to the club tournament do not close until Monday afternoon. The tournament is not restricted to members of the Country club, but players in the city are invited to participate.

The entries to last night are: Singles, Arthur L. Hatch, Don C. Robinson, James M. Crosby, Ralph Stone, Ray Crosby, A. G. Dickinson, Carroll Perkins, Chas. W. Boltwood and O. O. P. Hughart; doubles, Crosby and Robinson, Hatch and Stone, Crosby and Avery, and Dickinson and Boltwood. All of these are first-class players, and the matches promise some exciting contests and fine exhibitions of skill with the racket.

Last year's tournament was won by Arthur L. Hatch, not, however, without hard fights with James M. Crosby and Don Robinson. Hatch, Stone and Ray Crosby are new players in this city this year. The former comes from the university of Michigan and has competed in tournaments in the east. Ray Crosby, son of the Hon. M. S. Crosby, is a student at Phillips Andover academy. He is a good player, and especially, an expert with dash and brilliancy of the college tennis expert. O. O. P. Hughart has never taken part in a Country club tournament, but he may surprise the local enthusiasts, as he has been playing in Florida during the summer.

A. T. Hatch is familiar to the members of the Country club. He held the championship of Oberlin college, Ohio, for several years. His style of play is peculiar and individual. He is a hard worker, plays well and accurately, and employs a hard cross court drive with great damage to his opponent's chances of winning. Ben C. Robinson is strong at volleying and uses the racket with a correct eye. James M. Crosby plays a very brilliant game and at times serves a speedy ball. He ranks among the best players of the club. A. G. Dickinson and Carroll Perkins are among the younger players and have yet to win their laurels. Charles W. Boltwood comes from Yale and has profited by observing the eastern cracks.

Society will turn out to witness the tournament.

Michigan Pensioners. Supplemental—David J. Randall, Increase—Joseph Nehm, George S. Richmond, Reiss—Godfrey Feishman, George Dinnert, Original, widows, etc.—Mary Burt.

At Manhattan. President Carnot has been informed by the cashier of a Paris savings bank that he has the sum of 50 francs and a few centimes standing to his credit on the bank's ledger. This account St. Carnot opened in his youth, when he was an humble joiner's apprentice, and then forgot about it. Leo Delibes, the composer of "Lakme," has also been notified by the same savings institution that the books show him credited with a few francs on a neglected account begun in the days before fame came to him.

The striking miners in Kansas are mostly foreigners who cannot speak English. Their wages before the strike were \$2.10 for seven hours' work. It is charged that the strike is prolonged by politicians who are enriching themselves by handling the relief funds. Considering the established character of the population, the story can readily be believed.—Port Huron Times.

One important point that many people forget is that culture never needs any paint.—Cincinnati Plain Dealer.

Should Frances succeed in walloping Siam she will merely have a white elephant on her hands.—New York Advertiser.

The commencement exercises of the State Agricultural college will be held August 4-9.

NO DULL TIMES. Meats to Go With a Kosh—Big Times Coming.

It is doubtful if any one concern located within the retail circles on Canal street enjoy as lucrative a patronage as does the West Beef & Provision company. At any hour of the day large numbers of buyers are always found on the premises. Yet, in the face of this apparently splendid business, Manager Hearn gives but little satisfaction to the visitor that speaks in laudatory terms regarding big business. "We need it," he always remarks. "We must have such a trade, because our goods are sold on such a small margin that it requires a big business to show even a little on the right side." Meats are always sold at remarkably low figures by this firm, and economical buyers are realizing that by purchasing meats of the Western Beef & Provision company big money can be saved.
