The committee on sports has promulgated the following rules:

- 1. All contests must have at least five entries.
2. Entries must be confined to those legitimately connected with the grocery business.
3. The committee reserves the right to reject any entries.
4. Nobody who has won two first prizes can enter further contests.
5. Persons entering weighing contest must provide scales and two pound weight.
6. In the guessing contest no one shall be entitled to but one guess. Two slips with one name on will cause both to be thrown out.

THE MARKED SUCCESS

DR. RANKIN

In the Treatment of All Catarrhal Diseases and Kindred Troubles

Exciting Universal Comment of the Most Flattering Description. People are just waking up to the fact that one of the most dangerous menaces to a healthy system is neglected catarrh. More and more patent has become the fact until it is universally recognized by all wise physicians. That Dr. Rankin has a cure for these troubles has been fully substantiated, but in recognizing the fact that in multiplicity of evidence lies the proof, he places another one before the public—that of Mrs. C. H. Buckelew of 501 North Ionia street. Mrs. C. H. Buckelew is highly esteemed by her friends and acquaintances, and testimony from her is very flattering to the doctor.

MRS. C. H. BUCKELEW, 501 N. IONIA ST.

She says: "About five years since I had an attack of typhoid fever and ever since then, until the last few months, I have been practically an invalid. I was weak and tired all the time, had a bad cough and pain in my lungs, my right side was swelled and tender, I was hawking and spitting all the time, my nostrils were filled with phlegm, I had roaring and crackling in my ears, was very nervous and could not sleep well, but arose in the morning feeling as tired as when I went to bed. My stomach would bloot and pain me after eating. I had no appetite but had to force the food down. I tried many good physicians but they didn't relieve me because they didn't treat my catarrh, too. I was urged to try Dr. Rankin and finally concluded I would, but I confess I had little hope. Slowly but surely I began to gain under his treatment. My cough lessened. The pain in my side and lungs disappeared, my appetite returned and I sleep peacefully, awakening in the morning refreshed. My head and throat are clear, my digestion is good and the pain and bloating all gone. My friends say I am growing younger and I can hardly realize the condition I was in before experiencing the effects of Dr. Rankin's skill."

References to five hundred cured patients in this city alone.

Dr. Rankin is a graduate of Ann Arbor, and has had years of experience in his specialties.
