A DOCTOR'S PHILANTHROPY.
Thousands Afflicted by Chronic Catarrh Under Free Treatment.

The first day of November, 1933, Dr. Hartman gave his consent to take charge of the treatment of 10,000 cases of chronic catarrh free of charge. This announcement was at once played, as the number will soon be made up. With a large number of clerks and stenographers to assist him, the doctor actually directs the treatment of such cases by correspondence, which costs the patients nothing, except the necessary medicines, which are obtained at the nearest drug store. To become a patient it is only necessary to send name and address, describe symptoms, and minute directions as to diet, sanitary regulations, and other advice will be sent promptly. Patients are allowed to report progress as often as they please, but are expected to do so at least in one month from beginning treatment. This arrangement brings to the homes of people afflicted with chronic catarrh whom circumstances prevent from employing a catarrh specialist the services of one of the best known medical experts on the subject of catarrh in this country.

Wherever Dr. Hartman is known the name of Pe-ru-na has become a household word. It is safe to say that no medicine in existence is used by so many families as Pe-ru-na. This is especially true of this time of the year, when the people are liable to catarrhal affections, coughs, influenza, etc. Pe-ru-na has cured more cases of chronic catarrh than all other medicines combined. The great majority of those who use it buy the remedy themselves, according to directions, not even reporting their case to Dr. Hartman until they are entirely cured. But now that a limited number of cases can secure the personal attention of Dr. Hartman free of charge, it is not to be wondered at that many prefer to have their Pe-ru-na never fails to cure catarrh when properly used.

The Pe-ru-na Drug Manufacturing company are sending free to any address a book on chronic catarrh which gives the latest treatment for catarrh, coughs, colds, influenza, bronchitis, and all other affections of head, throat and lungs.

The Story of the Man With the Blues.

A Man Had a Bad Case of the Blues. His Business was Bad, and he could Hardly make Both Ends meet. When his Wife asked the Man for a New Bed Room Suite, he grumbled and Swore under his Breath that Times were too Hard. But the Man's Wife read the Daily Papers and Discovered a Place where she could Save nearly Half on All Classes of Furniture. She at once Proceeded to Buy a nice Bed Room Suite of E. Burkhardt, and Now the Man Sleeps so Comfortably night that he does not Worry about his Business.

Moral—Always buy your Furniture where the prices fit the times, without reference to the value of the goods.

We are not exaggerating when we say that never in the history of the trade could you buy so much and so good Furniture at such

HARD TIME FIGURES.

A Christmas present of a nice Easy Chair, a Book Case, a Sideboard, a Bed Room Suite, a Couch, or any thing in a useful way is more acceptable this year than twice the value in trinkets, for money is scarce. A word to the wise is sufficient.

Goods reserved on small payment down.
