

Canton Semi-Weekly CITIZEN.

THURSDAY MORNING, - - DEC. 7, '65.

THANKSGIVING.—To-day is Thanksgiving Day, appointed by President Johnson. We presume it will be generally observed, and there will be services in all the churches. Rev. C. G. Andrews will preach in the Methodist church, at 11 o'clock.

THE CITIZEN.—On and after January 1st, our paper will be issued weekly, in an enlarged form. We have postponed it purposely in order to begin with the New Year. "There's a good time coming, boy's—wait a little longer."

ACKNOWLEDGMENT.—To our esteemed friend Mrs. I. N. Holliday, for a handsome present of sweet potatoes and kahaws—both the best of their kind, and good "just dry so," or for pies. We peel, scoop out, and "give thanks."

THE CONCERT.—Don't fail to attend the Concert to-night. The object is laudable in the highest degree—the music will be fine, and what further inducements could you require? None, certainly.

THE DAILY TROPIC.—We welcome this new daily journal to our exchange table. It is published at Meridian, Miss., by John Armstrong & J. Gibson. It is highly creditable to its proprietors in every particular. Mr. Armstrong was once of the editorial corps of the Vicksburg Whig, and subsequently of the Daily Clarion, imparting to those journals, by his graceful pen, much of their interest. We wish the Tropic much success.

MEDICAL CARD.—Of all those who have been absent for some years in the Confederate service, there is no one whose return to Canton will be hailed with more pleasure than that of Dr. A. T. Semmes, whose medical card will be found in our paper of to-day. May he at once be restored to his former lucrative practice.

MONEY.—We ask attention to the card of Maj. J. B. Morey, to be found in our paper to-day. It is a good card, but no better than his goods—somewhat spread out, but that is done to correspond, in some faint degree, with the splendor and extensiveness of his stock on hand and continually coming. Give Morey a call, and if you go away empty it will not be his fault.

VICKSBURG WHARFBOAT.—We direct attention to the advertisement headed Packet Wharfboat, to be found in another column. Mr. Lamkin, the Agent, is an old resident of Yazoo City, and having known him for a number of years, we can vouch for his high business qualifications, strict integrity, and reliability in all things. Consign your cotton to him.

GOOD THINGS, AND MANY OF 'EM.—F. W. Falvey has just received at his store, South of the Public Square, a large lot of choice Family Groceries, which he will sell as cheap as any house in town. When you are in search of palatable and pungent eatables, knick knacks, etc., don't forget to favor Falvey with a call "before purchasing elsewhere." Otherwise you might lose the pleasure of the thought that you had not been unkindful of the brave soldier who fought and bled at the far-famed field of Gettysburg.

THE LAWS.—We publish to-day two important laws in reference to freedmen. It is the duty of every man having negroes in his employment to read and explain these laws to them, in order that they may understand their precise status, and act accordingly. This is made the imperative duty of the employer, for the reason that not one negro in fifty can read, and many of them will long be kept in ignorance of their duties and privileges, immunities and responsibilities, unless explained to them by the whites.

SMALL POX.—We see that this loathsome and most distressing disease is prevailing at Holly Springs, and also in many other localities in the South. It is travelling through the country, and there is no telling how soon it may make its appearance here. As "an ounce of preventive is worth a pound of cure," would it not be well for our people to begin to vaccinate at once? It would be a precaution that could do no harm, even if the disease never came.

TO MAIMED SOLDIERS.—Your attention is directed to a card from Col. J. L. Power, Superintendent of Army Records, to be found on the first page of our paper to-day. It is of importance to you.

Hymeneal.

Married, at the residence of R. M. Latimer, Esq., near Canton, on Tuesday evening, Dec. 5, 1865, by the Rev. C. G. Andrews, Mr. ROBERT N. COLQUHOUN, to Miss ALICE D. LATIMER.

The youthful pair have our best wishes for a long life as full of joys and pleasures as is ever allotted to mortals in this state of existence; and after they have traveled far down the stream of time, may they be able to sing or say, each to the other, "We've lived in love together through many changing years, We've wept each other's sorrow, we've shed each other's tears; I've never known a sorrow that was long unsoothed by thee, That was long unsoothed by thee."

We both can speak of one, love, whom time can never change; We both can speak of one, love, whom time can never change.

Accompanying the announcement of these nuptials, we received a most bountiful supply of the good things served up on the occasion—cake of every variety, custard, chicken and chicken salad, turkey and pig, with condiments to match, and a bottle of sparkling Catawba, to boot; for all of which we return our sincere thanks.

"Were it the last drop in the well, And I gazed upon the brink, Ere my fainting spirit fell, 'Tis to thee that I would drink."

The South must now educate her sons practically if she would develop her vast resources of wealth, which are much more numerous than those of Brazil.

We have ample arrangements for 200 students during the current year.

Persons can make liberal conditions for their sons if they apply soon. Those from the country can board with the Professor of the College, or good families, speaking English, French, Spanish or German, at moderate rates.

A business education, that enables one to earn \$2000 or \$3000 annually, is the best fortune parents can give their sons. As the College has been in successful operation for more than a quarter of a century, and the practical plan here pursued received the unanimous commendations of the press and business community, and as several thousands of its former students are now in business in this city and over the country, it is useless to go into an extended explanation of the plan and merits of the institution.

N. B. Not one of the several thousands of the former students of this College is now out of business so far as known, yet not one in a thousand of those who have been sent to Europe or the West is qualified for any business when he returns home, after having expended the thousands of dollars.

The city is now healthy. Persons from 18 to 50 years of age attend such branches as they may wish. By having a special Professor for each branch three fourths of the student's time is saved. Students intended for this College should bring this circular or special directions, as every winter there are temporary examinations. Openness of mind, temperance, cleanliness, good habits, and industry should put their hands in the hands of their merchant, or the President of the College. Citizens and strangers are invited to call. College Office, Room No. 7.
