

Sweet apple cider at Newton's.

All varieties of garden seeds, at Head & Loring's.

It is now time that yards and alleys should be thoroughly cleaned.

I. S. Mudgett has commenced work on his new house.

Head & Loring have concluded to be fashionable, and have put an awning over the front of their store.

Clever, timothy, red top and blue joint grass seeds, at Head & Loring's.

We learn from one of the teachers that the village schools are to commence next Monday.

The boys say the ice is rapidly disappearing from Green Lake. Picnics and boat rides will soon be the programme.

Nice winter apples, carefully picked over, by the barrel, at HEAD & LORING'S.

Mr. Charles Anderson and family have moved up to the crossing to stay during the summer.

For the dyspepsia take Dr. Thomas Wilson's Wild Cherry Bitters. 3w2apr

Prints and oils of all descriptions at Rines'.

The East and West branch bridges are the favorite promenades for Princetonians on Sundays.

Sunday was a magnificent day, and the fellow who was fortunate enough to secure a horse and buggy and a girl was happy.

Clover, timothy and red top grass seeds can be had at Rines'.

We have been authorized to procure three bushels of No. 1 seed corn, for which cash will be paid when the corn is left at this office.

The lateness of the season has made it necessary for farmers to procure all the help possible in their work of seeding, consequently teams for work are hard to get at the present time.

B. Soule's new saw-mill will soon be in running order, and then many farmers who have logs on the yard will be enabled to get their lumber for use.

The new West Branch bridge has stood the test of moving the Cheap Cash Store across it, nobly. Not a stringer or pile budged an inch. That bridge can now be pronounced a safe structure.

All varieties of garden seeds, such as beans, peas, sweet corn, etc., can be obtained at Caley & Neely's.

For a wonder the dance, last Friday evening, was quiet and orderly and there were more girls than boys present. At any gathering where the fair sex predominate, order, most generally, is maintained.

That fine looking Norman horse, "French Bob," will be at the American House stables Mondays, Wednesdays and Thursdays, and at Spencer Brook the balance of the time this season.

Gus. Townsend has returned from Dakota, having rented his farm. Gus is not overly-pleased with the Dakota climate, and we should not be surprised if he "settled down" in Mille Lacs again.

Mr. Gerry Clough had a little back-set last week, but he is full of grit and bound to get well soon. He can't help getting well where he has such an attentive and devoted nurse as Mrs. Clough.

Let the road overseers lose no time as the crops are in, now that the poll tax warrants are in their hands. Every man should willingly perform his poll tax. Princeton must and shall have good public highways.

A few days ago a young son of M. Leach fell off the West Branch bridge into the sluice, and was carried down to the junction of the two branches before he was able to reach the shore.

Joe. Nokes still keeps his dancing club in full blast. It is getting rather late in the season for dancing—"beautiful complexions" are apt to look streaked.

Have we any village council? The pile of shavings in the street in front of our office ought to have a copper tag hung to it; it is as great a nuisance as dogs and they are taxed.

A short time since Asa Love, of Baldwin, traded and got the mare formerly owned by Mr. Henderson, of this village, and on Wednesday the mare died of epizootic. This is the sixth horse Mr. Love has lost in as many years. Rather hard luck.

The editor of the Union went below this week, expecting to return in time to see to the work on this paper, but for some cause unknown to us has failed to put in an appearance; at a late hour we learned that the work would devolve on us, and for this reason the paper is behind time.

We understand that Princeton is at last to have a restaurant, at which hungry travelers and hearty grangers can procure "hot meals at all hours." As soon as J. L. Brady's building is completed, it is the intention of G. M. Reynolds to turn the first story into an institution of this sort.

White Zinc, just the thing with which to paint your houses, can be had at Rines'.

When you want to do whitewashing, buy your Spanish whitening at Rines'.

Money expended on roads and bridges in Princeton and vicinity is like "bread cast upon the waters."

Washer up your buggies, when you can get cheap cut leather washers at Caley & Neely's.

Some of the boys think that the better way is to engage a driving rig and run the risk of not getting a girl, than to engage a girl and run the risk of not getting a rig.

The road from Princeton to Cambridge, by way of Green Lake and Findell's crossing, is now open, the bridge at the crossing being all completed.

Why is it that while one tries to be social and neighborly his motives are always misconstrued and he is accused of having some mercenary object in view? "To the pure all things are pure."

"I think we pray too much," Mr. Beecher said in his prayer meeting last Friday evening, "considering what kind of stuff it is." "Lord be merciful to me a sinner," is just as good as if it were a yard long. Most of the prayers people make are like soup for a regiment made out of one chicken.

Support Your Home Paper.

"When a newspaper works for the interest of a town, let every business man show his appreciation by giving it his work. It is justly due the paper. The influence of a live, moral newspaper in your town cannot be ignored."

Charles B. Walker, familiarly known as "Cow" Walker, died on Friday night, of a congestive chill; he worked hard nearly all day Sunday, feeling in his usual good health, but having changed his heavy clothes for lighter ones, the chill was brought on. The deceased was about seventy years of age. The funeral took place at 10 A. M., Thursday.

Mr. S. Hanscomb has put in 20 acres of wheat on a piece of land which he recently bought in the town of Baldwin adjoining his son-in-law's—W. H. Shaw's—farm. Mr. Hanscomb is a pleasant old gentleman and we hope he will realize a goodly number of bushels to the acre.

Saturday evening wound up the singing school at Spencer Brook until next fall. Mr. Perkins, the teacher, is a good singer and pains-taking instructor. We hope arrangements will be made for a school in this village next fall. A singing school is far preferable to a dancing school.

Mr. A. J. Barrett wants it distinctly understood that, although he was one of the Baldwin supervisors at the time the change was made in that road across the bottoms around Mr. Townsend's field, he opposed the alteration to the best of his ability and he is in no way responsible for the present quagmire—by courtesy designated a public highway.

The town board of supervisors were in session last Friday. The petition of I. S. Mudgett was not granted. The land road tax and poll tax warrants were signed and the copies are in the hands of the overseers ere this time. C. H. Clute was authorized to expend \$50 on the Farmersville road, and J. T. D. Sadley was paid \$1,000 on his bridge contracts.

Last fall Wm. Sorge and family left here for Nebraska; now they are back again fully satisfied that there is no place like Mille Lacs county. You may talk about your splendid prairie countries, but we notice those who leave here to better their condition generally come back wiser and poorer than when they left.

The nicest and best line of furniture ever shown in Princeton is now on display at Caley & Neely's. This firm has just stowed away in their capacious store rooms a whole car load of tables, chairs, bedsteads, bureaus, etc. They are selling at figures, surprisingly low. Before you purchase furniture elsewhere give Caley & Neely a call and our word for it they will satisfy you both as regards prices and quality.

Some of the boys have been investigating the matter of going to work on the railroad being built in Dakota, free transportation to the place of work being given; they say the free pass is all right, but they get only four and one-half dollars per day and board themselves and teams, being obliged to buy their feed of the company, no particular price being set on the same. They think that after paying for the feed, hauling it from the present terminus of the line, and paying their board, but little profit would be left.

The new awning in front of Rines' store bears the inscription, "People's Store."

Caley & Neely have an immense quantity of dry sized kalsomine in stock; they are disposing of it at a low figure.

S. L. Staples' new billiard table arrived, Wednesday, and is now in full blast.

PERSONAL.

A. R. Tobey started for Maine, Monday, on business of a very sentimental nature, it is said.

Mrs. Wm. Watson, accompanied by her brother, returned from Ohio, where she has been visiting during the winter, on Wednesday evening.

Miss May Hannay, of Wyandott, is back home again, after having a three month's term of successful school teaching in Dist. No. 6, Isanti county.

As regular as clock work Major Fridley visits Princeton once a month. He was in town Monday and Tuesday, and he looks twenty per cent. younger than he did last year.

Messrs. C. H. Rines, D. A. Caley, T. H. Caley, Harry Head and N. E. Jesmer are all below this week after fresh supplies for their stores. They mean business, and look out for bargains after their return.

Miss Phie McKenney is teaching a three month's term of school in Wyandott.

Miss Georgie Dunning has been engaged to teach the school in Dist. No. 12, Spencer Brook. The term commenced last Monday.

Al. Wentworth was in town last Monday. We have heard faint rumors of a wedding soon to take place somewhere near St. Francis, but as our information is not authoritative we will say nothing about the matter at present. Patience and virtue have their reward.

The water in both branches of Rum river is at a splendid driving stage, and already a few logs are running by this place.

The minstrel troupe is practicing some and thinks it may perhaps give an entertainment before the drive gets down.

The young lads of this village are beginning to feel quite happy again. It is the annual spell when the logs commence to run and they can roll for prizes. Some of the boys do a good business in this line, making as much as fifty dollars a season.

HARVEY, WALES & CO

Paper Hangings, Shades, Mouldings, Frames, Steel Engravings, Fine Photo. &c.—Entrances, 125 Nicollet Av. & 14 & 16 Second St. S.

Harvey, Wales & Co., 125 Nicollet Ave., Minneapolis, would inform the good people of Princeton and vicinity, that they have on hand the greatest variety of beautiful wall paper, pictures, picture frames, &c., northwest of Chicago. Come and see us before looking elsewhere. Framing and gilding done to order. Our rooms are thronged nearly all the time by the most appreciative portion of the city and country. Send for samples and you will receive prompt attention, and treated as though you were here and attended to by personally.

MORTGAGE SALE.

WHEREAS default has been made in the conditions of a certain mortgage, bearing date the 23rd day of October, A. D. 1874, made and executed by Duncan McConig (an unmarried man), mortgagor, to Edwin Allen, mortgagee, and duly recorded in the office for the register of deeds in and for the county of Mille Lacs and State of Minnesota, on the 23rd day of October, A. D. 1874, at 3 o'clock P. M. of that day, in book "B" of mortgages, pages 235 and 236; and whereas no action or proceeding either at law or in equity has been instituted to recover the debt secured by said mortgage or any part thereof.

Now, therefore, notice is hereby given, that by virtue of a power of sale in said mortgage contained and pursuant to the statutes in such case made and provided, the said mortgage will be foreclosed and the premises described in and covered by said mortgage, to-wit: the east half of the north-west quarter of section twenty (20), and the east half of the south-west quarter of section seventeen (17) all in and of township thirty-six, north, of range twenty-six (26), west, lying and being situated in said Mille Lacs county, and State aforesaid, with the hereditaments and appurtenances thereto belonging, will be sold, by the sheriff of said county, at public auction to the highest bidder for cash to satisfy said debt and interest amounting to one hundred and seventy-seven and 90-100 dollars (\$177.90) at the date of this notice claimed to be due thereon and taxes and penalties and charges thereon, paid by said mortgagee at different times, and interest thereon now amounting to seventy-seven dollars, and claimed as an additional lien on said land, also disbursements and costs of sale allowed by law together with twenty-five dollars attorney's fees provided for in said mortgage in case of foreclosure, which sale will take place at the front door of the court house in the village of Princeton of said county and State, on the 4th day of June, A. D. 1881, at 10 o'clock in the forenoon of that day.

Dated April 20th, 1881.

EDWIN ALLEN, Mortgagee.
