This number of the UNION is not what we would like to have it. The boys in the office are rushed with work. But then a general election only comes around once in two years.
R. R. Wise, of Presto, Todd county, and I. W. Bouck, of Royalton, Morrison county, Republican candidates for the legislature, were in town Tuesday. Both gentlemen made many friends while here.
Dr. A. P. Woodward, of Hutchinson, has concluded to locate in Princeton, and has rented the rooms over H. C. Head's store. He is spoken of by those who know him as a man that understands his business.
Mr. J. T. Sadley, jr., and Miss Minnie E. Foster were quietly married at the residence of the bride's parents in Becker, Sherburne county, yesterday afternoon. Only members of the two families were present.
Hon. J. C. Flynn is a friend of the "little school house." He is the father of the one mill school tax law, a law that gave the schools of Mille Lacs county \$1050 for the year ending Oct. 1st last. Vote for J. C. Flynn.

To the Voters of Mille Lacs County.
It has been reported that I am not making a canvass for myself, that I am trying to assist one of the other three candidates. In reply I will say, I am working for I. C. Patterson and no one else. Any reports otherwise are false.
I. C. PATTERSON.
Dr. H. C. Cooney has gone west to take a lucrative position on the medical staff of the Great Northern railway company. Mr. Cooney is a bright young physician and made many friends during his three years' sojourn in Princeton. The UNION wishes Mr. Cooney good fortune in his western location.
Cheap Horse Blankets.
At Will Neely's harness store you can find the finest assortment of horse blankets of first-class quality and fancy pattern. The famous 5 | A horse blanket—the best made—is kept at Neely's. He has also a big stock of lap robes and fur robes of every description. If you want anything in his line give him a call.
Dr. O. S. Canright writes from East Troy, Wis: "We are having a red hot campaign here. The Bennett law is the all-absorbing issue. The Mills and McKinley bills cut very little figure. I am president of the local Republican club here. The Republicans propose to stand by the little school house and carry the State by 25,000 plurality. We are well and business is good."

Mr. George Geissel, candidate for the State senate on the Democratic ticket, was in town Tuesday and Wednesday. The Republican candidate for senator, Hon. J. C. Flynn was also here yesterday. Personally, they are both nice gentlemen, but, in all candor, we ask the voters who have met both men, which of them is the most capable to represent the district in the Minnesota State senate. Every candid man will answer, J. C. Flynn.
Mr. M. D. Hudson informs us that at a meeting of farmers of the town of Milo, held at Robert Atkinson's house on the 25th inst., a Farmers' Alliance was organized and a charter applied for. Robert Atkinson was elected president and J. O. Foss was chosen as secretary and treasurer. It was resolved to support the straight Alliance State ticket and Kittel Halvorsen for congress. R. C. Dunn was the unanimous choice of the meeting for representative.
Thoroughbred cattle sales the past week by C. H. Chadbourne: To W. M. Orton, of Greenbush, a full blood Holstein bull 5 months old, a choice animal both in pedigree and form; to F. A. Lowell, of Spencer Brook, the Jersey cow Lady May Pogis, No. 55893, with her bull calf; to John Day Smith, of Minneapolis, the Jersey cow Susie Pogis, No. 11423, with her heifer calf. The above are of Mr Chadbourne's own breeding from the best strains of the two breeds to be had for money.

The Princeton UNION notes a visit of T. A. Baker, formerly head miller of the Lincoln mill in Anoka, to Princeton, with a view to putting up a flouring mill in that town, and says: "Mr. Baker is personally known to President Hense of the Mille Lacs County Bank, and Mr. Hense vouches for his reliability and capability."
There is no mistake about Tom Baker. He is not only a first class miller—the Lincoln mill never made better flour then when under his control—but is a man that everybody is glad to meet, and Princeton will be fortunate if she gets him.—Anoka Herald.
Lambert Hatch does not claim to be much of a farmer. He is a quiet steady young man who attends to his own business and does not loaf around town whining about hard times and the robber tariff. He has an 80 acre farm two miles east of town, of which he cultivates 20 acres. This season, under unfavorable circumstances, he harvested off this 20 acres crops aggregating in value \$542.90, as follows: potatoes, \$400; Corn, \$40; oats, \$52.90; wheat, \$60. Lambert estimates the expense of planting, caring for and harvesting his little patch at \$150, leaving a net profit of \$392.90

Channel traffic between Dover and the Continent continues at highest human tide. No less than five extra mail packets are now employed to convey passengers, making sixteen in all.

Demographic Rally.
On Tuesday evening Jesmer's hall was comfortably filled with Republicans, Democrats and Alliance men from Isanti and Sherburne as well as Mille Lacs county. Judge Dickey presided. The first speaker was Mr. H. C. Stivers, Democratic candidate for the legislature. Mr. Stivers was tired and sleepy; his remarks were forcible although somewhat disjointed and demagogical. He made an eloquent plea for A. J. Whiteman, the Democratic candidate for congress, and accused Mr. Comstock of not standing by his friends.
Dr. Werner Hemstead, of Brainerd, and J. H. Sheets, of Todd county, also made a few remarks. E. E. Price, the home candidate on the Democratic ticket was slighted as the chairman did not call upon him for a speech.
George Geissel, the Democratic candidate for State senator, was the next speaker. Mr. Geissel impresses people with his earnestness but not with his ability. He is a pleasant social fellow, and no one will dispute his assertion that he can discuss the tariff better in his country store at Two Rivers than anywhere else. At the close of the meeting he addressed a few Germans who were present in their mother language. Mr. Geissel took particular pains to state that if elected he would vote against the return of the brilliant C. K. Davis to the United States senate.
Judge Nethaway, of Stillwater, delivered the speech of the evening. He is a fluent and forcible talker and succeeded in enthusing the Democratic portion of his audience. Nothing would suit us better than to be able to place Byrnes' and Nethaway's remarks side by side in cold print. But that is impossible at this late day. While the Judge is courteous and able he was guilty of misrepresentation. For instance, when he stated that Havemeyer, the head of the sugar trust, was a Republican, every intelligent man in the audience knew better. It was this same Havemeyer that induced Mills to deal gently with the sugar interests in his famous tariff bill. The Judge also asserted that the head mogul of the infamous Standard Oil monopoly was a black Republican. Surely, every intelligent man knows that Allan Thurman, the incorruptible Ohio Democrat, was defeated by Standard Oil Payne, a boodle Democrat. And Cal Brice, another Standard Oil Democrat, disgraces the seat in the United States senate that was once occupied by Allan Thurman. Judge Nethaway was very unfair in his treatment of the sugar question. He asserted that President Cleveland recommended the introduction of raw material into this country free of duty; then the speaker went on to condemn the Republicans for doing what President Cleveland recommended—admitting raw sugar free of duty. The speaker did not explain to his audience how the bounty of two cents per pound could be paid to the producers of sugar cane and sorghum cane, before the cane juice was converted into sugar. Judge Nethaway talks well but he is demagogical, juggles with figures and has no regard whatever for facts.

Mr. Geissel Makes a Bad Break.
EDITOR UNION: Yesterday afternoon Charley Beto brought a keg of beer to my house and said it was sent by George Geissel, Democratic candidate for State senator. One of my daughters flung the keg out of the house. I am no prohibitionist, I am a straight Republican, and I wish to inform Mr. Geissel that all the beer in Mille Lacs county could not buy my vote.
S. M. ORTON.
Greenbush, October 30th, 1890.

Frank Beden announces himself as a candidate for county commissioner in district No. 1.
Don't crowd us, boys. Each and every candidate will have all the election tickets he wants. But we can't print more than 5,000 an hour.
The UNION has treated all local candidates impartially. The voters are perfectly competent to decide between them without any of our advice.
The ladies of the Congregational society will give a dinner and supper on election day at G. A. R. hall. Meals from 12 M. to 9 P. M. at 25 cents apiece.
Messrs R. R. Wise and I. W. Bouck, Republican candidates for the legislature were in town Tuesday, and made many friends during their short stay.

Bring in Your Potatoes.
A misunderstanding seems to exist among the farmers that the Starch Factory is not buying potatoes. The highest market price is being paid for potatoes right along. Bring them in at once before cold weather. Remember, the Starch Factory buys all that is offered and pays highest market prices. Freezing weather is liable to set in any day. Don't delay.
PRINCETON POTATO STARCH CO.

The Sugar of Milk.
The manufacture of lactine, or sugar of milk, is a new industry in this country, which promises to attain importance in the milk producing districts. Heretofore the manufacture has been confined to Switzerland and Bavaria. The wholesale price is twenty-five to thirty cents a pound. The first plant for the manufacture of lactine in this country was established at Hamburg, N. J. Another factory has recently been started at Oxford, N. Y. A third factory is about to be opened at Unionville, N. Y., for the manufacture of the article on a large scale by a new process, which is claimed to yield a superior product at a reduced cost of production.—New York Telegram.

A Card.
Mille Lacs county has been so fortunate as to have for the past nine years for county superintendent of schools a lady whose whole life has been given to educational work. She has won repeated high commendations from the state superintendent and from the conductors of institutes. The present excellent condition of our schools is due in no little measure to her faithful and efficient work, and the people of this county can ill afford to lose so valuable a public servant. Mrs. O. R. Barker will give to this office the same faithful attention as heretofore if elected.
