One hundred and sixty men camped at Little Rice lake, four miles west of town, Sunday. 10 killed and 14 wounded, latest reports—that is ducks.

The W. C. T. U. of this place is a strong organization, and has come to stay. It is a grand body in any community and should be firmly sustained.

Officer Norton was over from the Reformatory, Tuesday. He tarried only between trains. His object was to secure a cook to take the place of Mr. Frank Morehouse, of this place, who recently resigned that position.

Several of the boys who went to Dakota to work this fall, have returned. They say that they would not change Minnesota for a dozen Dakotas. So say all that have ever lived in this State any length of time, especially this part of it.

Prof. Simpson had at the entertainment a fine portrait of Columbus, 22x28 inches, from the famous painting produced by the celebrated artist, Piombo who was a contemporary of Columbus. The picture will adorn the walls of the high school room hereafter.

P. J. Henschel and Otillie Hoeft, were married at the residence of the bride's parents, Sunday evening last. The German Lutheran minister performed the ceremony making them one for life. They are both well known young people and have hosts of well-wishers in the community.

Candidates for county offices are as non-aggressive this year as at any time in the history of the county. That is right. It is the duty of every candidate to visit the people that they may see what kind of timber they are voting for. Otherwise their visits should have no effect, political or financial.

Mr. Chas. Burnett, formerly of Princeton, but now of Anoka, came up on his bicycle from his home, about 32 miles, over hill, dale and sand in about three hours, Friday, and returned the same day. Charley in connection with the rest of the family who reside in Anoka have many friends in this village who are always pleased to have them come.

Thousands of bushels of potatoes are coming in every day and the very best prices are being paid for them. OLIVE R. BARKER, Co. Supt., Mille Lacs County.

Young men, buy your clothing, shoes and hats of A. Rines & Co.

Quite a number of our citizens are buying three to five acre tracts on the east side of Rum river. Several buildings have been erected and more will follow next season. It is a splendid location and will eventually be one of the attractive parts of our growing village.

The bicycle boom has got a hold on the town, and only a little while ere fair forms and thworny youths will fit hither and thither like shadows on their tireless steeds. It is a most healthful recreation and fully in keeping with the most refined tastes. The prices for a good wheel—from \$100 to \$150—are perhaps the most objectionable features about them.

The Democratic St. Cloud Times is responsible for this: "Hon. R. C. Dunn, editor of the Princeton UNION, passed Saturday evening in this city enroute home from a trip into some of the counties in his district—he is a candidate for representative. Although a Republican, Bob is very liberal and independent in his views, and never fails to express them in vigorous terms. He has many good qualities and few bad ones."

Benjamin Soule and his wife who have spent several weeks in the east, returned home last week. They went for the purpose of benefiting Mr. Soule's health who had been ailing more or less for some time previous to their departure. Mr. Soule says that he feels more benefited by his return to Minnesota than by the change experienced on reaching Maine. The weather has been inclement in the east all the fall, while here, it has been the very finest.

The Star-News tells of the pow-wow at Elk River: "The Democratic rally on Monday night was a great success, the hall being packed, but they came to hear Lawler the orator, and were considerably bored by the long speech of H. H. Hawkins, the candidate for lieutenant governor on the Democratic ticket. Hawkins boasted of his Democracy, but made no reference to the fact of having tried hard to get the Populist nomination for congressman in this district."

Chas. A. Dickey, M. H. Crawford, Geo. Roos and Fred Kiessling returned from their hunting trip to Mille Lacs lake, Sunday. They report a pleasant time and plenty of game. Mr. Dickey says they killed 61 ducks and 29 partridges. Mr. Roos is somewhat reticent about the number slaughtered, while the taciturnity of Mr. Crawford, and the evasiveness of Fred, lead one to conclude that Lawyer Dickey's number is based on the majorities that will come down from those towns.

Smith Soule received a serious gunshot wound Monday night. He was entering the door of the building at the Crossing, with his shot gun on one shoulder and some quilts and robes on the other. The screen door swung back striking the gun and causing it to fall on the breech. The jar exploded the cartridge, and the charge entered his left breast inflicting a very painful flesh wound. He was brought home Tuesday, Dr. Cooney dressed the wound, and reports Mr. Soule as doing well.

Mrs. O. R. Barker and Mrs. H. E. Cowles started for Mille Lacs lake, Monday, to be gone several days. That part of our county is attracting much attention of late. It is a region surrounding one of the finest lakes in Minnesota, the soil is wonderfully fertile, the people of whom there are now several hundred, are thrifty, intelligent citizens, and the only wonder is that more of our citizens, ladies and gentlemen both, do not find time to while away a few days with our hospitable friends and neighbors up in that country.

Our public schools are in a flourishing condition, and the parents and the public in general have every reason to be satisfied with the discipline maintained and the general good work being done. Pupils are generally good judges of a teacher's ability, and the board of education have yet to hear of one complaint. It takes time to build up any school and we feel that Prof. Simpson and his able corps of assistants realize it, and we trust they will not be discouraged if things are not just as they should be. The work thus far done is eminently satisfactory.

The Columbian exercises by the public schools in the Congregational church, Friday evening, were well attended, the church being crowded to its fullest capacity. The prices were fixed at 10 and 15 cents, the proceeds to be devoted towards increasing the number of volumes in the school library. Over \$36 was realized. Friday night was only another verification of how sadly we are in need of a suitable place for a general gathering of the public. The Congregational building has always been at the service of the schools, freely and cheerfully given, but it is not intended for scenic effects there, and many people in the back part of the building were debarred from seeing by the thoughtlessness of people who always persist in standing up. The choir was made up of some of our best local singers. They rendered our nation's songs in a pleasing manner.
