OUR GREAT CONCERN

A New Lumber Firm Which Will
 Make Its Home in Mil-
 lace County.
 A Capital of \$1,000,000 and the
 Lion's Share White Pine
 Are Theirs.

A transaction came to light this
 week which will prove to be a very im-
 portant one to Milace County.
 When the deal is finally completed the
 treasury of Milace County will be
 richer by about \$13,000 received from
 back taxes and part of this has already
 been paid in. There are several prom-
 inent lumbermen who are interested
 in the deal which really takes the form
 of a consolidation and this pool will
 contain such firms as Foley Bros. &
 Guthrie, Hersey & Bean, and the Mc-
 Clures. This trade is not confined to
 Milace County alone for last week
 a deed was sent to Mora to be recorded
 which covered 65,000 acres of land in
 Kanabec County.

The new firm which will succeed the
 old when the papers are executed will
 control most of the timber, oak and
 pine, about the south shore of Mil-
 lace Lake and arrangements will be
 made to manufacture it into lumber
 within the county. The first improve-
 ment that is contemplated is the build-
 ing of a suitable dam at Black Creek.
 The old dam at the Trading Post will
 be taken out, the new company having
 purchased all the rights of the Rum
 River Improvement Company, so that
 whatever head is secured can be
 quickly and effectively used. The new
 firm takes the sawmill at Milaca where
 all the logs will be manufactured into
 lumber.

Among other things looked for since
 the firm has taken hold is a railroad
 tapping the lake country, which will
 be used by the firm for hauling their
 logs, but this probably will not come
 for a year or two. Speaking of the
 deal the St. Cloud Journal-Press says:
 "Perhaps the most important deal in
 lumbering and logging in the great
 lumbering State of Minnesota which
 has been brought about for a decade
 is a deal which is practically closed
 and which lets Foley Bros. & Guthrie,
 the well-known lumbering of this city
 and St. Paul, in on a most valuable
 tract of standing pine in the Milace
 Lake country.

"There is a tract of white pine in the
 Milace Lake country which has
 long been the envy of every lum-
 berman who was acquainted with its
 presence. It is all within two or three
 miles of the lake and easy of access and
 easy to drive to the mills on the Rum
 River. It is what has been known as
 the Wilder & Sabin tract and contains
 over 200,000,000 feet of the finest white
 pine in the State. Some time since
 the pine became the property of Bean
 & McClure, the wealthy Stillwater
 lumbermen, and only a few days ago
 they accepted a cash offer of \$750,000
 for the stumpage.

"It will be a matter of congratula-
 tion to their St. Cloud friends to know
 that the Messrs. Foley Bros. & Guthrie
 of this city and St. Paul, have prac-
 tically closed a deal by which they
 form a partnership with Bean & Mc-
 Clure for the purpose of cutting, saw-
 ing and putting the manufactured
 product on the market. The name of
 the new company has not yet been
 selected, but it will be capitalized at
 \$1,000,000, and operations looking
 toward the cutting of a portion of the
 logs will be at once commenced. It is
 the present intention of the members
 of the new syndicate to drive the logs
 via Rum River to the mill at Milaca.
 This will be run night and day next
 summer, and a total of about 25,000,000
 feet will be cut. At this rate, a simple
 problem in arithmetic will show that
 it will take over ten years to cut the
 pine of this single tract. In addition
 to this big purchase, there are perhaps
 60,000,000 feet of pine in smaller tracts
 adjacent which are naturally tributary
 to this big lot, and which the new firm
 will eventually secure to be sawed at
 Milaca."

Treat Them Fairly.
 The deal whereby the greater por-
 tion of the white pine in the Milace
 region will be manufactured into lum-
 ber at Milaca means much for Milace
 County. It means steady employ-
 ment for at least 200 men every day in
 the year for 10 or 12 years. In the
 matter of taxes the new firm should be
 dealt with liberally. Of course, Milaca
 will be more directly benefitted than
 any other part of the county, but what
 helps Milaca will indirectly benefit the
 whole county.

THE MILITARY BALL

The Long Anticipated Event Is
 Past and It Is Said to Be
 Second to None.
 A Novel Feature Was an Exhibi-
 tion Drill Which Was Cred-
 itably Executed.

And when
 Music arose with its voluptuous swell.
 Soft eyes looked love to eyes which spoke again,
 And all went merry as a marriage-bell."

Byron's description of the festival
 the evening before the battle of Water-
 loo was written of just such an occa-
 sion as that which caused those who
 seek pleasure before the altar of Ter-
 psichore to gather at Jesmer's opera
 house last Tuesday evening—only his
 grim description of the opening of that
 fateful engagement must be omitted.
 The rumors of an English war were
 not strong enough to blanch the
 cheeks "which blushed at the praise
 of their own loveliness," and no roar
 of cannon drowned the symphonious
 strains of the orchestra. Princeton's
 beauty and chivalry were there to
 chase the glowing hours with flying
 feet and not even the death of 1895
 cast a shadow of gloom over the party.

Mille Lacs Division No. 3 did itself
 proud. More than 200 invitations had
 informed the people of the first annual
 ball and over 75 couples accepted the
 opportunity to enjoy themselves to the
 utmost. At 9:30 twenty-five members
 of the division "fell in" and for 20
 minutes gave an exhibition drill under
 the direction of Lieut. Luerssen. The
 division was organized only ten weeks
 ago yet under the direction of this ca-
 pable young man it gave a drill which
 would have been creditable to a much
 older organization, a drill which was
 made all the more attractive by the
 beautiful uniforms of the order.

Following this came an overture by
 the orchestra and then the spectators
 were treated to another gorgeous dis-
 play when the ladies joined their
 proud protectors in the grand march.
 From then till morning the pleasure
 was incessant and when the strains of
 "Home, Sweet Home," were wafted
 down from the rostrum each partici-
 pant was ready to declare that they
 signalled the end of the most enjoyable
 event Princeton had ever seen.

This article would be incomplete
 without a mention of the lunch served
 by the Ladies Aid Society at G. A. R.
 hall. All the delicacies of the season
 were spread before the hungry multi-
 tude and the ladies were complimented
 on every hand for the excellence of the
 repast.

The second annual ball, which will
 occur Dec. 31st, of this year, is an
 event which will be welcomed by all
 who were present Tuesday night.
