Fads follow each other in swift succession

whole country may be said to have wheels.

Anson Howard's outbuilding were  
burned Sunday together with three  
sows and 28 pigs. The buildings caught  
from a fire used to cook feed and the  
high wind made it extremely difficult  
to save his house.

Quite a number of Epworth Leaguers  
of this place will attend the district  
convention at Monticello which convenes  
Friday, Saturday and Sunday of this  
week. Rev. Roberts will give an  
interesting paper on the "Relation of  
the League to the Church."

Solomon Long, who recently moved  
his shoe business to the Townsend  
building, wishes to inform the public  
that he takes butter and eggs in trade  
or on account. He has the reputation of  
carrying the best stock of goods in  
his line in Princeton and can give  
purchasers good bargains.

While gathering his herd of cows  
last Friday morning Elmer Severance  
was pulled from his horse by a piece  
of wire which was used to stay a fence.  
The wire caught him under the chin,  
as he rode between a tree and the  
fence, cutting his face badly and  
severely straining the muscles of his  
neck.

St. Louis  
Is one of our largest and most attractive  
cities. A good time to visit it  
is at the time of the Republican  
convention in June, or the People's Party  
convention in July. The Burlington  
Route is the best line. Your home  
ticket agent can tell you all about it  
and sell you a ticket via the "Burlington."

The assessors of Mille Lacs county  
met at the auditor's office April 25 and  
arranged a schedule of values for such  
things as would be of the same value  
all over the county. Supplies were  
issued and the corps of property hunters  
are at work now listening to the tales  
of woe and poverty which are annually  
poured into the assessor's ears.

It is reported that owing to the  
litigation over the property, the St. Cloud  
sawmill will not run during the season.  
This may be partly the reason, and it  
may be because of the large interest  
which the Foleys have in the plant of  
the Foley-Bean Lumber company, at  
Milaca, the lumber from which would  
go into the same territory.—Lumberman.

George Cline, of Mora, was  
arrested before United States Commissioner  
Bowen last week, charged with  
selling malt liquors without having  
obtained a government license. The  
case was continued and it will probably  
be dismissed, as it was shown that  
it was mere negligence, Cline having the  
proper papers in his pocket when arrested.

Sheriff Tierney, Treasurer Lee,  
Register Green, Chief Wilberg and plain  
citizen Veidt, of Anoka, were in  
Princeton Saturday attending the land  
sale. They bought a generous tract  
for the syndicate they represent and if  
a railroad strikes the lake soon building  
for a hotel, etc., will be put up for  
the accommodation of the sportsmen  
and tourists, who will flock there as  
soon as railroad facilities are secured.

Laid to Rest.  
The funeral of Mrs. Ida Gile Howard  
took place from her mother's home  
Saturday afternoon. Very many  
friends of the family were present at  
the brief service, and attended the  
body to its last resting place. The  
congregational choir rendered very  
fitting and beautiful music, while the  
fremen of Minneapolis, by their presence,  
and lavish tribute of beautiful  
flowers, showed their sympathy for the  
stricken husband in his great bereavement.  
The family have the sincere  
sympathy of all their friends in Princeton.

Mr. D. P. Davis, a prominent livery-  
man and merchant of Goshen, Va., has  
this to say on the subject of rheumatism:  
"I take pleasure in recommending  
Chamberlain's Pain Balm for  
rheumatism, as I know from personal  
experience that it will do all that is  
claimed for it. A year ago this spring  
my brother was laid up in bed with  
inflammatory rheumatism and suffered  
intensely. The first application of  
Chamberlain's Pain Balm eased the  
pain and the use of one bottle completely  
cured him. For sale by C. A.

The Treasurer Won.  
Judge Searle has decided the case of  
Sam Mattson versus B. M. VanAlstein,  
a Mille Lacs county case. Mattson  
was elected treasurer of school district  
No. 18 in Mille Lacs county and made  
a demand upon VanAlstein, who is  
county auditor, for a warrant belonging  
to the district of \$550. The auditor  
refused to issue his warrant to the  
plaintiff, claiming that he had not  
properly qualified as treasurer and  
was not therefore treasurer. Through  
his attorney, D. W. Bruckart of this  
city, Mattson applied to the court for a  
writ of mandamus compelling the  
auditor to issue the warrant to him as  
treasurer. Judge Keith of Princeton,  
attorney for the auditor, claiming that  
the action would not lie because there  
was a question as to the election of  
Mattson as treasurer. The court did  
not take this view of the case, and  
ruled that since Mattson has been duly  
elected he was treasurer de facto and  
his right to the office could not be  
questioned by the defendant in this  
action. The writ of mandamus was  
thereupon issued.—St. Cloud Journal-  
Press.

Cripple Creek Gold Mines.  
They differ geologically from those  
found elsewhere. The United States  
geological survey has had prepared a  
very thorough map and description of  
the region in which the richest deposits  
have been discovered. It is found that  
the gold is of volcanic origin, having  
been fused in the earth and thrown up  
in the outbursts of lava. The volcano  
which vented the gold, lava and melted  
rock belonged to the tertiary period.

The gold as found is usually mixed  
with the mineral known as telluride.  
Occasionally some is found pure, doubt-  
less left after the decay of the telluride.  
The telluride is found imbedded in  
quartz and a beautiful crystal which is  
called Cripple Creek purple quartz,  
but which geologists class as fluor spar,  
a mineral containing lime, while quartz  
is of the nature of a sand or flint stone.  
Along the cracks of the rocks the gold  
bearing ore rests, and it may be found  
almost anywhere in these fissures.

Geologists find that the formations at  
Cripple Creek are of comparatively recent  
date—not more than a few million  
years old, that is. The character of the  
soil and minerals is of intense interest  
to scientists quite apart from the  
interest they have for the mere grabbers.  
Nearly \$7,000,000 in gold has already  
been taken from the Cripple Creek  
mines, and there is no sign of their  
giving out.

Differs Slightly.  
To the Editor—It appears by a notice  
in the Isanti County Press (a clipping  
from the UNION) that the meeting  
of the Dalbo Warehouse company  
held at its warehouse in Princeton,  
April 20, 1896, decided to dissolve, but  
no such motion was carried. Instead  
thereof the following resolution was  
unanimously adopted:

Be it resolved, That the Dalbo Warehouse  
company reorganize under the same  
name and articles of agreement as the  
present organization by striking the  
last clause of section V of said articles,  
and also section VII of said articles,  
and read thus: "The time of commencement  
of the reorganized association  
shall be on the 11th day of May, 1896,  
and shall continue for ten years." The  
remainder of the notice appears to  
be correct. Yours respectfully,  
O. H. OLSON, Sec'y.

Bad Fall.  
Ray Leach was the victim of an  
accident Monday afternoon which for a  
time was feared would result fatally.  
He fell from a scaffold while kalsomining  
a ceiling at Barney Carmody's  
and struck on his abdomen on a stove.  
The distance of the fall was about eight  
feet and something of the force of the  
fall may be imagined when informed  
that the heavy castings of the stove  
were smashed. His medical attendants  
feared an internal rupture or a  
breaking of the viscera but so far he  
shows no signs of such a condition and  
they hope now that he has suffered  
nothing more than a severe shaking-  
up. He is still confined to his bed,  
however.

Eleven.  
The Republican National Convention  
to be held in St. Louis June 16  
will be the eleventh held by that  
party. The Burlington Route trains  
run to the principal points in eleven  
States—a coincidence. Another fact is  
that from St. Paul, Minneapolis and  
all points in the Mississippi Valley,  
the Burlington is the best and the  
direct line to St. Louis.

# How to Treat a Wife.

(From Pacific Health Journal.)  
First, get a wife; second, be patient.  
You may have great trials and perplexities  
in your business, but do not therefore,  
carry to your home a cloudy or  
contracted brow. Your wife may have  
trials, which, though of less magnitude,  
may be hard for her to bear. A kind  
word, a tender look, will do wonders  
in chasing from her brow all clouds of  
gloom.—To this we would add always  
keep a bottle of Chamberlain's Cough  
Remedy in the house. It is the best and  
is sure to be needed sooner or later. Your  
wife will then know that you really care  
for her and wish to protect her health.
