

LOCAL NOTES.

Dr. Niven at Elk River, Aug. 31.
Fresh oysters at Spaulding's Friday.

D. W. Bruckart, of St. Cloud, was in the city yesterday.

The Patterson party returned this week from the Green lake cottages.

L. S. Briggs made Milaca a business visit yesterday, returning last evening.

T. H. Caley has a new story on the Populists. Ask him to tell you about it.

A. C. Wilkes came down from Milaca last Monday, returning Tuesday morning.

R. C. Dunn came up from the capitol Saturday morning and remained over Sunday.

Mr. Mitchell, of Chicago, visited his brother, O. Mitchell, a couple of days last week.

Miss Lyons, of Minneapolis, has been the guest of Mrs. Rose D. Patterson this week.

Mrs. C. A. Jack has been visiting her parents at Northfield for the past three weeks.

A. Mark returned Monday from Garrison where the company held a successful horse sale.

Tuesday night's frost made itself plainly apparent by wilting the foliage beds on several lawns.

The Henry Horman company have an ad on the last page of this issue which it will pay you to read.

Nelson's photo studio is open between trains on Saturdays. Come early in the forenoon if you can.

Towne will probably be nominated for congress at the Democratic convention held in St. Cloud to-day.

P. J. Nelson, the Anoka photographer, made the UNION a call while up on his regular trip last Saturday.

Miss Mary Huse, who has spent her summer vacation in Georgia, expects to return to Princeton next week.

Only a little over three weeks to prepare for the fair. By the way, what are you doing to make it a success?

Only ten days more of the summer vacation. A larger attendance is promised this year than ever before.

Miss Annie Forslund, who has been attending school in Duluth, was the guest of Mrs. Geo. Wetzel this week.

The display of Mille Lac county products will be shipped to-morrow. The packing in the car will be finished to-night.

The brick work on the Kallher building has been completed and the masons are engaged to build a building beside it.

The McKanlass theatrical company arrived in Princeton yesterday morning and played in Jesmer's opera house last night.

Miss Maggie Howard, of Minneapolis, who has been visiting relatives in this village, returned to the city yesterday afternoon.

D. H. Parson's warehouse is being covered with iron sheathing stamped to represent brick. It will have a neat appearing exterior.

Wyannette and Spencer Brook defeated the "Buttermilks" Sunday by a score of 22 to 11. The game was played in Princeton.

Threshing is well under way and grain buyers are receiving all they can handle. Many of the farmers are hauling it from the machine to the cars.

Mrs. G. E. Cotton left Saturday afternoon for her home in Minneapolis. She had been the guest of her daughter, Mrs. F. L. Small, for a fortnight.

R. F. McClellan made a trip to the lake during the past week, collecting material for the State fair exhibit. Nat Head accompanied him on his return.

Anoka telegraphed the High school club late Friday afternoon that the game was off and the boys gave up their proposed visit to the city by the Rum.

John Goss, of Anoka, passed through Princeton Tuesday morning. He reports that he has finished haying and now is at work with a crew repairing dams.

The "months of R's" are almost here and D. W. Spaulding will be found prepared to furnish his customers with oysters. The first shipment will arrive to-morrow.

Miss Mudgett will make pastel portraits to order. Persons wishing to see a sample of her work should inspect the copy on exhibition in C. A. Jack's show window.

The Great Northern had another accident at St. Cloud Saturday. A train broke in two and the two parts collided, similar to the Princeton accident, killing two tramps and wrecking a number of cars.

Fresh oysters at Spaulding's Friday.

Arthur Tourtelotte was thrown from his bicycle last Sunday morning on the hill near the Big Eddy and suffered a fracture of his collar bone.

A. C. Smith announces that his first shipment of fresh oysters for the season arrived this morning and anyone desiring them will be promptly supplied.

Foreston is said to be aching for an opportunity to play the High school base ball club. It is also proper to state that the High school boys are awaiting such an opportunity.

John Keinitz, business manager of the Cambridge Press, was in Princeton Saturday. He was on his way to Foreston where he visited C. W. Van-Wormer his former employer.

E. A. Norell, a prominent grocer at Anoka, made an assignment to W. P. Macomber the first of last week. The matter preyed upon his mind so much that he committed suicide Saturday morning by hanging himself in his barn.

A. C. Smith has removed his meat market to the new brick building near the bank which he has recently purchased. He has now very nice quarters, everything being arranged to meet the requirements of a butcher shop.

William V. Van Pelt, of Holyoke, Minn., arrived in Princeton last evening to purchase a supply of groceries, hardware, paint, etc. He conducts the hunting and fishing resort which our Princeton sportsmen patronize quite frequently.

A new school house is being built at the brick yards and pupils residing in that vicinity will be saved the long journey they have hitherto been obliged to make. Miss Daisy Farrington, who graduated from our high school last June, has been elected to teach there.

Mille Lac Division No. 3, U. R. K. P. drilled at Milaca last Sunday. Several base ball players accompanied the boys and a game was played with the Milaca club which resulted in a victory for the Princeton boys by a score of 31 to 2. Bro. Craven's excuses will be heard again.

Dana Hewitt, who was employed in Levi Green's barber shop in Anoka, left that city and his wife for St. Cloud. His absence would not have caused any regret had he not taken \$12 of Green's money, a kit of tools and another woman with him. He was captured and will answer to the grand jury.

D. W. Spaulding, manager of the Princeton base ball club, ventures to remind the people that he is "still in the game." The game, however, is that delicious article of food which hunters seek and finding not come to him to supply. Chickens, partridges, ducks, etc., always on hand in season.

Prof. G. R. Simpson, who so successfully conducted our schools for a number of years, leaves Monday for Minneapolis. Mrs. Simpson left this week for a visit with relatives at Faribault, before taking up her residence in the city. The best wishes of a host of friends accompany this worthy couple.

Mille Lac Division will leave Princeton on the early train Monday morning to be on the ground in time to act as escort for the visiting K. P.s as they arrive at the encampment. A large number of G. A. R. men and Sons of Veterans will also leave that day and with those who attend the fair will leave Princeton nearly deserted next week.

The members of the board of education were disappointed this week when they received notice that owing to ill health Miss Glidden was forced to resign. She has been the assistant principal for several years and was re-elected last spring. The short notice given inconvenienced the board greatly but the position will probably be filled before school opens. Princeton regrets to lose so able an assistant as Miss Glidden.

Mrs. M. E. Jones disposed of her millinery to the firm of Brown & Brown, the members of the firm being Mrs. L. A. Brown and Mrs. D. A. Brown, formerly of Minneapolis. The new firm have had a great deal of city experience in this line and feel confident that they can please everyone. They will bring the finest stock of millinery to the village that Princeton has ever seen and will have a formal opening about Sept. 10. They have come to Princeton to make it their home and cordially invite the citizens to patronize them.

A Correction.
The financial statement, published for the first time last week, contains an omission which it is now too late to correct as the supply of sheets for the three weeks have been printed and the type distributed. In the copy furnished the UNION the balance on hand in the funds of school district No. 19 amounting to 67 cents was omitted under the head of "Balances in each fund, Jan. 6, 1896." This was simply a clerical error and does not affect anything except the balance published in the UNION. The treasurer's books are correct.

Throw Physic to the Dogs—Shakespeare

William was all right, perhaps, when writing tragedy, but he never run a drug store. If you want anything in

DRUGS, PAINTS, OILS, CIGARS, PROPRIETARY ARTICLES

in fact, anything usually kept in a drug store, give me a call. I will give you the best for the least money. *C. A. JACK'S Pioneer Drug Store.*

NARROWLY ESCAPED.
A Runaway Near Whitney Brook, Disabled Three Persons.

An accident occurred at Whitney Brook last Monday which resulted in serious injury to three persons. A party consisting of Mr. and Mrs. H. C. Head, Mr. and Mrs. G. A. Eaton and daughter, were returning from a two weeks' outing at New England Point, Mille Lac lake. The party was being driven to Milaca by A. L. Snow, of Cove, who stopped at the scene of the accident to water his horses. While doing this he removed the bits from the horses' mouths, and one of them catching sight of the parol of the ladies became frightened and started to run. Mr. Head had the reins but was unable to control the animals and Mr. Snow struggled to hold them by the heads. After being dragged for several yards the horses finally trampled Snow under foot and rushed madly down the incline. At the foot of the hill one of the horses shied and fell and the wagon-box with its occupants was overturned.

Mrs. Eaton received a bad bruise on one of her limbs and found herself unable to rise while Mrs. Head was picked up unconscious. Snow was seriously injured and it is feared has suffered internally. Mr. Head was also badly jarred. Mr. Eaton and his little daughter were not in the wagon, having gone for a drink when the stop was made and therefore were uninjured.

The injured people were taken to a house near by and a team secured to take them to Milaca where Dr. Nichols attended them. He found no bones broken but was unable to ascertain the nature or seriousness of the other injuries. A cot was secured and Mrs. Eaton was removed to her home in Princeton, accompanied by her companions, arriving here by Tuesday's morning train. No fears are expressed for the recovery any of the victims except Mr. Snow.

Died.
Arthur, son of Louis Bloomquist, died Aug. 22, aged 12 years. The deceased was a resident of Spencer Brook and died of consumption.

Drowned.
It was reported in Princeton Saturday that Big Sue, a well-known squaw, had been drowned in Rum river at the Big Eddy. No particulars can be given.

Died in Washington.
News was received in Princeton last week announcing the death of John Blakney, which occurred at his late residence in Seattle, Aug. 20.

Mr. Blakney was a resident of Princeton for a number of years removing to Washington six years ago. He was well known here and universally respected. Mrs. L. S. Briggs, of Princeton, and Mrs. Arthur McFarland, of Milaca, are the only members of his family remaining in this vicinity, the others accompanying him to Washington.

Trampled by a Bull.
Mrs. E. G. Usher, of South Harbor, was badly injured by bull last week. The animal was in a yard through which Mrs. Usher attempted to pass, when she was attacked and knocked down and trampled. Her cries brought aid and the infuriated animal driven off, but not until she had been seriously injured. Dr. Tarbox was called and found the lady prostrated and suffering intensely, but could discover no broken bones. The Ushers are now settlers, having removed to South Harbor recently from Anoka.

A Big Show Coming.
Frank E. Griswold's Uncle Tom's Cabin Co. will appear in Princeton, Friday, August 23. This company in their own car carry a car load of special scenery and mechanical effects. One of the finest bands on the road will give a street parade at noon. This company has been organized at an actual cost of \$10,000 and should not be confounded with other so-called companies playing this piece. Mr. Griswold was the first and only manager to produce the piece in the south, being actively connected with the play for over 20 years. He has played the piece in all the large cities in America including Cleveland, Indianapolis, Chicago, St. Louis, Detroit, and San Francisco. The same company will be seen in the play here. Remember the date August 23.

Caramel cereal, the substitute for coffee. Anyone can drink it. *F. L. LUDDEN.*

A. C. Smith received the first fresh oysters of the season this morning. If you like oysters order some from him.

We try to please and guarantee satisfaction in prices and quality

Country Produce bought and sold.

JOHN N. BERG.

TEETH. Dr. Niven will be in Elk River at Dr. Whittemore's office August 31. Fine dental work. Painless extracting.

Mrs. Eugenia Wheeler Goff was a visitor at the school on the 31st. She spoke to the school on the subject of patriotism, giving them ideas of how to give lessons in patriotism in the schools. In the evening she delivered a lecture on "The Evolution of the flag," at the Congregational church. Although the night was stormy a large audience assembled, and all felt amply repaid for coming out in the storm. Mrs. Goff gave the history of the United States flag, and showed the various changes which have produced the "stars and stripes" of to-day. The lecture was beautifully illustrated by a chart containing large colored representations of the various flags, and stages of development.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have to much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials.

Address, F. J. CHENEY & CO., Toledo, O.
Sold by Druggists, 75c.

A little daughter of Mr. Lewis Dayton, an old and much respected citizen of Barnitz, Pa., occasionally has trouble with her stomach which gives her considerable distress. In speaking of it Mr. Dayton said: "As soon as she has an attack, we give her a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and it has never failed to relieve her promptly. We all use it in our family with the same good results." For sale by C. A. Jack.

BUSINESS NOTICES.

Shoes—Am selling them very low. *F. L. LUDDEN.*
