Dry Goods, Groceries.

Give Him a Call.

A few barrels choice **APPLES \$2⁷⁵ Up.**

TALK OF THE COURTS

The Milaca Creamery Has Become Involved in a Tangle Which the Courts Must Straighten.

The Juries Have Been Drawn to Serve at the Coming Session of the District Court.

Milaca has a creamery, likewise a very acute tangle. The creamery is a new one, having run only two months of the past year, but there appears to be a friction among the stockholders. A month or more ago Ida Townsend sued the company for a bill claimed to be due. The summons was served on President Bryson, who failed to notify his co-defendants, and no answer was put in, allowing the plaintiff to enter judgment. The first the stockholders knew of the affair was when Sheriff Claggett went to Milaca to levy and then there was a lively skirmish. Proceedings were immediately begun to set the judgment aside and an order to show cause was secured Tuesday by the defendants who claim conspiracy between Plaintiff Townsend and Defendant Bryson. However this may be the courts will decide and the matter will be more public than in the first instance. Charles Keith appears for the plaintiff and Giddings & Pratt for the defendants.

THE JURORS DRAWN.

The jurors who will serve at the coming spring term of the district court were drawn yesterday and are as follows:

GRAND JURY.
Wm. McCuaig, B. M. VanAlstein, Wm. Klingbeil, E. A. Ross, Jas. Chisholm, Wm. Neely, Freland Bockoven, E. Farnham, Princeton; Washington Scott, Sidney Jesmer, Alex. Vernon, Greenbush; Frank Tellander, Peter Bliss, Borgholm; Charles Lundgren, Bogus Brook; Ernest Axt, Robert Ayers, Wm. Trumble, Milo; H. A. Norcross, Nels Nelson, E. L. Anderson, Grant McClure, Milaca; A. J. Porter, South Harbor; Jason Carter, Isle Harbor.

PETIT JURY.
H. C. Harrington, George H. Wetsel, Henry Holthus sr., Frank Henschel, E. A. Briggs, Sam Miller, F. D. Annis, Jos. Nokes, August Thoma, Princeton; Wm. Orton, Peter Oleson, Greenbush; Henry Berg, Charles E. Newberg, Borgholm; Axel Johnson, Bogus Brook; Caleb Crook, J. O. Foss, J. Randall, Moses Lafontise, Milo; B. E. Erickson, Dan McCuaig, M. H. Burke, Milaca; J. W. Orton, Robbins; Jos. VanCourt, South Harbor; Samuel Mattson, Isle Harbor.

MASONIC BALL.

There was a "Hot Time in the Old Town" Tuesday Night.

The second annual ball of Fraternal Lodge No. 92, A. F. & A. M. was held at Jesmer's opera house last Tuesday night and the shade of Washington looked down on a happy throng. There were about 50 couples in attendance, and while this attendance was not enough to enrich the Masonic coffers to any great extent, it gave those who attended plenty of room and thereby added to their enjoyment.

It was 9:15 when Gallicchio's orchestra saluted the assembly with the first strains of the march, which was led by L. H. Bruns, of Anoka, and Mrs. F. L. Small, and was pronounced by those participating "the best ever." At the conclusion of the march the floor managers took control and kept the dancers busy until morning.

Supper was served at Masonic hall by the Eastern Star and a very tempting repast was spread before the hungry throng. The tables were arranged in the commodious south hall and all the guests were seated at once, a feature which greatly enhanced the pleasure of the evening.

Messrs. Gallicchio, Fitzgerald, Wilberg and Anderson furnished the music and all were well satisfied. This orchestra has become popular with Princeton people and each member does his best to merit this good will.

INDIANS PLEAD.

They Say They Do Not Like to Leave the Land of Their Birth.

Washington, Feb. 17.—Land Commissioner Hermann said to-day that he had not taken up the consideration of the Mille Lacs Indian bill, now pending before him. Attorney Beaulieu, who appeared for the Indians, has requested an extension for the time for filing a brief in support of the Indians' side of the question, and has been given until Monday to do so.

The commissioner said that the reasons assigned for opposition to the measure were largely sentimental. The Indians allege that it will be hard for them to leave the land of their fore-

fathers, land where their relatives lived and are buried, and where the survivors of the band have been raised. The practical opposition to allowing whites to obtain patents for lands is based on the Indians' understanding of the treaty between them and the United States. It is alleged that treaty allows them to take allotments on the reservation or remove and take up allotments on the White Earth reservation as they elect. They choose the former and are insisting on what they believe to be their rights. Commissioner Hermann says that these are the principal arguments advanced by Beaulieu and he does not intend to be charged with not giving the Indians fair show and has allowed him time to file a written brief. The commissioner will take up the matter for consideration after the brief is filed.—*Minneapolis Times.*

Later advices from Washington state that the brief of Beaulieu, on which hangs the hopes of the Indians, is made up largely of sentimental arguments with very little solid reasoning. The commissioner will probably make the announcement of his decision today and it is thought that he will approve the bill allowing patents to settlers. As the passage of this bill will mean practically that all the reservation will be absorbed by white men, the next step will be an order from the secretary ordering the removal of the Indians to White Earth reservation. The Chippewa commissioner, it is understood, has been pressing upon the secretary the necessity for this order and has succeeded in convincing him and the commissioner that this is the only practical solution of the Mille Lacs difficulty.

SCHOOL NOTES.

The W. C. T. U. donated a number of handsomely bound books to the High school library last week.

The "High School Howler" calls the attention of the board of education to the vacant spot reserved for the silver cup promised to the winner of field day contests.

As a result of the mid-year examinations, Luella Brown, Fred Keith, Henry Marshall, Allie Jones, Charley Whitney and Ernest Robideau have passed from the preparatory department to the High school.

The senior class of the Princeton High school held a meeting last week at which time Ed. Freer was chosen valedictorian; George Orr, salutatorian; and Maud Whitney, historian and prophetess. There are but fourteen weeks remaining before commencement.

A class in mechanical drawing has been organized and is attracting considerable attention and interest. The members of the class are Frank Goulding, Will Soule, Roy Jesmer, Clem Howard and Roy Soule. The boys are deeply interested and are all doing excellent work.

THE WALKER CO.

The failure of Walker Bros., the Spencer Brook merchants, last fall has been followed by the formation of an incorporated company to continue the business. The members of the new company are Isaac F. Walker, David S. Walker, George C. Smith, Jay A. Smith and W. A. Smith, of Spencer Brook, and Margaret A. Ghostley and Ella J. Watson, of Champlin. The new company will be known as the I. F. Walker Co. and by the articles are allowed to deal in dry goods, merchandise, farm implements, live stock, grain, etc. The capital stock is fixed at \$7,000 and divided into shares of \$5.00 each. All the members of the firm are well known and their many friends will wish them a full measure of success.

WHO ARE THEY?

A man, woman and two little children arrived here in a covered wagon from Milaca last week, and shortly after their arrival the man was arrested and taken back to Milaca on a charge of stealing three tons of hay. The woman and children were left destitute, without food or money. She said the man was not her husband, that she and her husband had separated by mutual consent, and that she owned the team but had no money. Sheriff Brown furnished the outfit with some food and started her back on the way to Milaca, since which nothing has been heard of them.—*Elk River Star-News.*

The B. B. B. club entertained the K. K. K. club at Pythian hall last Friday evening. Dancing, etc., furnished the amusement and light refreshments were served. Beautiful roses were furnished each of the lady guests. The party was one of the most enjoyable ever given in Princeton. The most pleasing feature to the young ladies was the deft way in which the four B's served the refreshments.

The little town of Glendorado is taking on quite a boom. The recently established creamery has proved to be a success and now Messrs. Kittleson and Ingebretson propose to open a large general store there. A post office has been applied for and there is every reason to believe that the application will be granted.

Theo. Veidt, of Anoka, will experiment with the Mille Lacs county granite and will shortly report on its utility for monuments, etc. Theo. knows every detail of the business and his report can be relied upon.

A man who visited Princeton for the first time said to the UNION Monday: "I am surprised at the amount of business done in your village. I have seen a steady stream of farmers pouring into town with wood, ties, hay, cattle and produce, which is evidence of a good market. Your business men also seem to be hustlers, too, and the stores are far better than can be found in many of the larger cities of the State. Princeton is all right."

It appears from recent advertisements that the information regarding lands on the Mille Lacs reservation, which was wanted so badly by the parties making the fight for the settlers, is now in the possession of some St. Cloud people. They are attempting to work off inferior plots of the reservation lands at \$2 per plat. Glaring errors occur and render the map of little use.

Arthur Smith, aged 15 years, died at his father's residence at Mille Lacs lake on Monday from internal hemorrhage. The young man was engaged in helping unload bran and shortly after went into the house and complained of illness and died in a short time. It is thought that he ruptured a blood vessel while lifting.—*Brainerd Dispatch.*

J. J. Hill has promised St. Cloud a new depot. It will be twice as large as the present one, is to be built of St. Cloud granite and the work will be completed next summer. Why wouldn't it be well for Princeton to send a committee to see Mr. Hill? We have plenty of brick but very little depot.

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER
Absolutely Pure

ROYAL BAKING POWDER CO., NEW YORK.

THEY MUST MOVE.

Commissioner Herman Says the Indians Must Leave Mille Lacs for White Earth.

His Recommendation Will Be Carried Out by Indian Commissioner D. S. Hall, Probably.

ST. PAUL, Minn., Feb. 23.—Land Commissioner Herman has recommended that the Mille Lacs Indians be removed to White Earth reservation. His recommendation will, in all probability, be carried into effect by Indian Commissioner Hall. R. C. DUNN.

"DELEND A EST CARTHAGO."

For the UNION.

In open fight on Honor's field
With foeman brave and strong
Columbia's sons their lives will yield
And hold it not a wrong
For Liberty her millions stand
Prepared to do or die
There's not a man within the land
Would from the battle fly
When Treachery with stealthy tread
Strikes deep, then steals away
Leaving its heap of mangled dead—
Once heroes—now but clay
Stern vengeance take with weapon strong
For every coward blow:
Deem each red drop a separate wrong
And strike the traitors low
Just vengeance is the scourge of God,
And men are but the things
In freeing Cuba's bloodstained sod,
We right a thousand wrongs.
In pallid ranks, Spain's victims wait
The tardy blow to fall
Which pays the debt of crime and hate
And justice metes to all.
St. Paul, Feb. 22. G. A. F.

A man who visited Princeton for the first time said to the UNION Monday: "I am surprised at the amount of business done in your village.
