Hon. C. H. Chadbourne writes from Duluth that he has just finished inspecting the creameries along the line of the St. Paul & Duluth. According to his figures twelve of the creameries inspected turn out 6,257 pounds of butter per day, the daily receipts of milk being 145,500 pounds. He reports that the crops are excellent all through that section of the country.

The farmers are busy cutting their rye this week and there is every indication that there will be a good yield of this grain. Oats and wheat are coming along nicely also with excellent prospects. The potato bug is at work on the potato vines and the dealers are having an excellent trade in Paris green. Corn in most localities is advancing rapidly and is of a good color, promising well.

Cambridge has a tri-weekly train service now, the first regular trains being run this week. The train leaves St. Paul at 5 o'clock Tuesday, Thursday and Saturday mornings and Brook Park at 6 o'clock Monday, Wednesday and Friday mornings. The train is merely a mixed train and will be run until the regular trains can be put on. It will probably be a month or six weeks before the road bed will be in shape to allow the running of the through trains over the branch.
