CHICAGO STRIKE

By Monday Forty-five Thousand Building Trades Men Will Be Out

In Protest Against the New Rules Promulgated by the Contractors.

Attempt to Hire Non-Union Men Likely to Result in Trouble.

Chicago, Feb. 8.—One thousand men have joined the ranks of the striking workmen in the past 24 hours. It is estimated that 3,000 members of the building trades council are now out in protest against the new rules of the building contractors' council, and labor leaders declare that by Monday the entire membership of the building trades council, numbering 45,000, will be out and building operations in Chicago, controlled by contractors tied up.

RAILROADS OBJECT.

Decision Reached to Oppose the Plans of the Minnesota Commission. ST. PAUL, Feb. 8.—The railroads of Minnesota will resist the efforts of the state railway commission to "reduce, revise and equalize" the rates on grain and other merchandise. The roads have been cited to appear before the railroad commission on Feb. 27 to show cause why the present tariff should not be revised, especially as applied to the grain rates from the southwestern part of the state.

A meeting of the representatives of the principal lines interested has been held in this city to consider the matter. A general comparison of tariff sheets was made and a uniform line of defense was adopted. Other meetings will be held previous to the hearing before the railroad commission.

The railroad commission contends that the present tariff on all commodities carried within this state are either too high or that the same rate does not apply to all parts of the state. Wheat and flax from the southwest have a higher tariff rate than that from the northwest, while general merchandise rates are higher to the northwest than in the southwestern part of the state.

The railroad representatives say that the southern part of the state is brought into competition with the Chicago and Milwaukee markets and that in order to meet this competition they have been obliged to make concessions to Chicago.

GERMANY IS NEUTRAL.

Will Not Join a Movement to Reopen the Egyptian Question. BERLIN, Feb. 8.—With reference to the attempt of French diplomacy and journalism to induce Germany to join in a movement against England in Egypt, a high percentage at the foreign office made the following statement: "Germany will not join a movement to reopen the Egyptian question. Aside from the question whether France and Russia mean honestly, Germany is convinced it would be unloyal and unfair to seize a moment when England is deeply engaged elsewhere for such a step."

CAPTURED A SUPPLY TRAIN.

Filipinos Kill an American Corporal and Five Privates. MANILA, Feb. 8.—The insurgents Monday captured a supply train of nine bull carts between Orani and Dinalupjan, killing a corporal and five privates of Company G, Thirty-second infantry. The escort consisted of a sergeant and 15 mounted men. The insurgents weakened the supports of a bridge over a creek and the fore cart went into the stream. While the men were trying to get the cart out of the stream the insurgents fired, killing the six Americans and also two native drivers.

PRISONERS REVOLTED.

Spanish Prisoners Turn on Filipino Guards and Drive Them Off. MANILA, Feb. 8.—The insurgents have been driven out of Legaspi, on Albay bay, province of Albay. The rebels of Tayabas province were conveying some 800 Spanish prisoners to Libmanan and on arriving there, the prisoners, exhausted and starved, revolted and dispersed their guards with stones and clubs. They also captured a few rifles and barricaded themselves at Libmanan, where they are awaiting the arrival of American troops.

CITY OF MEXICO, Feb. 8.—The committee appointed to count the votes cast in the recent national plebiscite has reported that 1,584,498 votes were polled and 1,456,482 were for General Diaz as the candidate for the presidency in the election to occur during the coming summer.

NATIONAL GRAIN GROWERS.

Supreme Council at St. Paul Discusses Markets and Shipping. ST. PAUL, Feb. 8.—The supreme council of the National Grain Growers' Association of America is in session in the office of J. C. Huxley, the secretary and treasurer, in the Baltimore block. President M. P. Moran of Graceville, Minn., is presiding. Seventeen states are represented, as well as Manitoba and Vancouver.

The Hanna-Payne shipping bill proved a bone of contention. The majority endorsed the position taken by J. J. Hill. Other matters for consideration were the proposal that a fleet of grain carrying vessels be built for the Mississippi and that New Orleans be made a point of wheat export, with terminal elevators on the river below the point of difficult navigation.

To Curtail Production.

It was also noted that there will be held in Paris, July 9 to 16, an international conference of the agricultural societies of the world, of which Dr. Ruhl, land of Switzerland is the moving spirit abroad. There will be considered ways and means to reduce the wheat acreage of the world 20 per cent to enhance the price. The desired point is \$1 a bushel in New York, which would make the average price for the farmer in the center of the wheat belt 77 cents.

Alabama Senatorial Fight.

BIRMINGHAM, Ala., Feb. 8.—Information has reached here that Winston county, which was supposed to have gone for Senator Morgan on last Saturday's Democratic primaries really went for Governor Johnston by a small margin. Winston is a backwoods county and remote from telegraph lines. The change makes the strength of the senatorial candidates in the legislature to date stand as follows: Morgan, 19; Johnston, 14; Oates, 10.
