W. C. T. U.

Through the courtesy of the Union this space is granted to the W. C. T. U. The press superintendent assumes all responsibility for the sentiments and statements contained herein.

From three different counties have come requests that poems be given in this column suitable for recitations in the rural schools.

I know of nothing better than the W. C. T. U. State song to begin with. This was written by a young lady who, until recently has lived in Hamline.

For years her articles, in verse and prose, have been printed in the Northwestern Christian Advocate and appreciated by the many friends who have learned to love her, for her beautiful christian character and love for humanity.

When the call for a State song was sent out by State officers many persons sent selections but the committee decided that this one written by Miss Harriet Garvin was the best.

God of love! withhold thy judgments, Think we are, our work is thine; Thine our country, its salvation Resteth on thy hand divine.

Thou art decked in regal splendor As a bride in fair array; For thy gems, lo! lakes are gleaming, For thy robes the wheatfields sway, Minnesota.

State where many thousand waters play! From thy breast the Mississippi Rolls its jeweled tide along; At thine ear sweet Minnehaha Sings her never changing song.

Land of waters! Shall we let thee suffer wrong? Shall thy sins defile thy fairness? Soil thy chrysal purity? To a curse turn gifts God given, Pearls to tears of misery?

Bane or blessing Shall thy beauty be to thee? God of love! withhold thy judgments, Think we are, our work is thine; Thine our country, its salvation Resteth on thy hand divine.

Fighting Want and Woe and Wine! EFFIE A. BURGAN.

Our Trade With the Canadians. It appears that the Canadian preferential tariff in favor of the United Kingdom has not had the expected effect of reducing the proportion which the United States supplies of manufactured articles imported into the Dominion territory.

A copy of The Canadian Manufacturer just received by the treasury department bureau of statistics sharply calls attention to the fact that imports of dutiable articles into Canada from the United States in the fiscal year 1899 aggregated over \$44,000,000 and from Great Britain less than \$28,000,000.

and that the United States is furnishing a much larger amount of manufactures of iron and steel than the United Kingdom and adds: "The preponderance of trade is overwhelmingly in favor of American manufactures and, tariff preference in favor of British goods to the contrary notwithstanding, American manufacturers are taking the cream of the business. It is possible that British manufacturers are entirely unable to compete in the Canadian market?"

The Canadian tariff, it will be remembered, was in 1897 so adjusted that the duty on articles entering Canada from the United Kingdom was made, beginning with April, 1897, 12 1/2 per cent less than the rate from other parts of the world, and on July 1, 1898, another reduction in favor of the United Kingdom was made, bringing the total reduction to 25 per cent as against goods coming from other parts of the world.

A recent announcement indicates that, beginning with July 1 last, a still further reduction would be made, so that the rates of duty on articles from the United Kingdom would be 33 1/3 per cent less than those from other parts of the world.

While the effect of the third reduction of 12 1/2 per cent, which went into operation July 1, cannot be determined, it would appear from the statement of The Canadian Manufacturer that even against this odds we are more than holding our own.

Incidentally it may be mentioned that the total exports to British North America from the United States in the fiscal year 1900 exceeded those of any previous year in our history, being \$97,041,722 against \$89,570,458 in 1899 and \$84,889,819 in 1898.

A Village Blacksmith Saved his Little Son's Life. Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan Co., N. Y., says: "Our little son, five years old, has always been subject to croup, and had had many attacks been that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance.

It seems to dissolve the mucus and by giving frequent doses when the croupy symptoms appear we found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult.
