

EDITH.

Mrs. Jordan and children will return from Minneapolis Tuesday.

Mr. Johnson, who owns the Vineland mill, was in town Friday on business.

The lumbermen are doing splendid work now with every prospect of a big winter's work.

T. F. Norton went to Princeton Sunday to meet with the county board which convenes Tuesday.

The travel now is mostly on the river between the lake and Milaca, which makes it very pleasant driving.

Mr. and Mrs. Geo. Cotton arrived from Anoka last Saturday. They will soon be settled in their own home at the Trading Post.

The settlers have commenced hauling their logs to the mill, some to sell and some to have sawed to be used in new buildings.

The mill at Pages started up Wednesday and is doing good work. Large skidways of logs surround the mill and everything looks very business-like.

The sermon given by Dr. Forbes Friday evening at the Trading Post was duly appreciated by the large number who were fortunate enough to be present. Services were opened by the Rev. Olin of Milaca. There is a move on foot to erect a church at that point.

The first dose brings relief. Astounding cures result from persistent use. Trial bottles free at C. A. Jack's. Price 50c and \$1.00. Every bottle guaranteed.

A Prominent Chicago Woman Speaks.

Prof. Roxa Tyler, of Chicago, Vice-President Illinois' Woman's Alliance, in speaking of Chamberlain's Cough Remedy, says: "I suffered with a severe cold this winter which threatened to run into pneumonia. I tried different remedies but I seemed to grow worse and the medicine upset my stomach. A friend advised me to try Chamberlain's Cough Remedy and I found it was pleasant to take and it relieved me at once. I am now entirely recovered, saved a doctor's bill, time and suffering, and I will never be without this splendid medicine again." For sale by Princeton Drug Co.

Vineland is going to have a new mail route in the near future. It will start at Ericksonville and run to Vineland. That will give us a through mail from Milaca to Brainerd.

J. O. Workman suffered from a serious accident last Saturday. While hauling hay for Mr. Daigle his load tipped over and he was thrown to the ground; his right leg and shoulder were badly bruised. You would think J. O. was an old man to see him walking around.

On next Saturday night, Jan. 12, there will be a grand time in Vineland. Twenty-five members of the Modern Woodman lodge from Brainerd, are coming here to organize a lodge. There will be an entertainment and dance Saturday night for the Brainerd boys, and Sunday the Brainerd boys will let the Vineland boys ride their goat.

OPSTEAD.

A party of land buyers from Iowa is expected here this week to look for land.

Chas. Johnson commenced work for McIntire this week. We understand that he is to stay the rest of the winter.

Fred Suckow has finished his road job now, a pretty good job too for the time of year. We understand that there is \$30 left to work out in the spring.

Fred Montgomery does not steer the mules for McIntire now. He has commenced building on his claim east of Eastwood and expects to move on it in the spring.

Alex Gunter, of Cove, drove over Saturday on a visit to Geo. W. Freer and went back Sunday. He was just as jolly as ever, but

he has been working very hard and looks thin—wont weigh over 250 pounds now.

We understand that Collin Foster is making arrangements to buy some stock here and will bring his stock from Anoka here. He can not find a better stock country in Minnesota.

A petition for the organization of this town has been sent in to the commissioners and we will soon know our fate. We have 26 legal voters and 19 signers on the petition and only one kicker against it in the town. He would kick anyway if he thought it would be one cent out of his pocket, no matter how much benefit it was to the town. Such men are not in favor of public improvements of any kind if they can not see a chance to make something out of it for themselves.

Red is a danger signal on the railroad, on a fellow's nose and on a woman's face. Men and women use Rocky Mountain Tea and get genuine rosy cheeks. 35c. C. A. Jack.

According to the report of the postmaster general 19,000,000 registered packages passed through the mails last year, and only 87 were lost through carelessness, accident or theft. This is a striking and convincing demonstration of the honesty and efficiency of the postal service. Equally impressive is the record showing that \$1,667,500,000 of government money was carried in the same way without the loss of a single dollar. The packages containing these valuable passed through the hands of thousands of employees, and the fact that this vast volume of business was transacted with such trifling losses constitutes a record of integrity and skill which is unsurpassed in any public or private service in the world.

Cold and cough cures are numerous, but the one that leads all others in merit, is Foley's Honey and Tar, which is in great demand these days. C. A. Jack.
