

CONFLICTING RUMORS

REPORTED J. P. MORGAN HAS ASSSENTED TO PLAN TO END THE COAL STRIKE.

GOVERNOR STONE'S IDEA

Another Version of the Pennsylvania Executive's Conference With P. A. B. Widener, One of Mr. Morgan's Associates, Says He Was Unable to Accomplish a Settlement—Mitchell Has No Information.

Philadelphia, Sept. 10.—The North American says that J. Pierpont Morgan has assented to a plan proposed by Governor Stone of Pennsylvania for ending the coal miners' strike.

The plan, according to the North American, was submitted to Mr. Morgan by P. A. B. Widener of this city.

The plan, in brief, is for the mine workers to return to work without a signed agreement; that the operators, by concessions, adjust the differences existing between the men and the companies; that after waiting a reasonable time the operators fail to do this, an arbitrator be appointed, and that if the men deem the decision of the arbitrator as unjust, then the men can again go on strike.

HIS MISSION A FAILURE.

Governor Stone Unable to End the Great Anthracite Strike.

New York, Sept. 10.—Governor William A. Stone of Pennsylvania, who came to this city and made an effort during the day to see what could be done towards settling the anthracite coal strike, has returned to Harrisburg, Pa., without having apparently been able to accomplish a settlement.

There were rumors afloat that the governor's visit had results, but George W. Perkins, of J. P. Morgan & Co., denied that there was any change in the situation.

Word to the same effect was received by long distance telephone from President Truesdell of the Delaware, Lackawanna and Western railway, who is out of town.

Governor Stone was accompanied to the city by Attorney General Elkin of Pennsylvania and Senator Flynn of Pittsburg. The three held a conference of several hours duration with P. A. B. Widener of Philadelphia in the offices of the United States Steel corporation.

After the conference had lasted an hour, Mr. Widener went to see J. P. Morgan at the latter's office and asked him to use his influence to end the strike.

Ten minutes later he returned to his fellow conferees and told them that Mr. Morgan had declined to interfere.

Before leaving the city Governor Stone gave out the following statement: "Attorney General Elkin, Senator T. Flynn and myself have been in consultation for several hours with P. A. B. Widener of Philadelphia, a director of the United States Steel corporation, and associated with Mr. Morgan in many business interests.

Mr. Widener is very anxious to see the strike settled and took the matter up with Mr. Morgan. We are doing what we can."

Governor Stone was asked what progress towards a settlement had been made during the conference and whether any direct communication had been had from Mr. Morgan. To these questions he answered that he had nothing to say beyond what was contained in his statement and that the other parties to the conference had also pledged to silence.

George W. Perkins speaking for J. P. Morgan & Co., said: "We have no comment to make on Governor Stone's statement. We, however, have no official statement as to what occurred at the conference, nor have we heard from Governor Stone since the conference was closed. Nor have we anything to say on the strike situation."

President George F. Baer of the Philadelphia and Reading; President W. H. Truesdell of the Delaware, Lackawanna and Western, and President Thomas P. Fowler of the New York, Ontario and Western railway, had an informal conference.

After it was over President Fowler said the situation had been gone over thoroughly in an informal manner. Mr. Fowler said there was no change in the attitude of the operators and that nothing could end the strike but the unconditional surrender of the striking miners.

Later in the day when Governor Stone's statement was submitted to President Fowler he sent out word by his secretary that he had no comment to make on the statement and did not even care to learn of its contents. President Baer went back to Philadelphia.

ROOSEVELT RETURNING.

President on His Way to Washington From the South.

Salisbury, N. C., Sept. 10.—President Roosevelt arrived here at 6:30 o'clock p. m. on the way to Washington and was welcomed by a large crowd. A short stop was made at Old Fort, and here the president found a large number of country people waiting to greet him.

At Connelly Springs the president also made a short address, thanking the people for their greeting. One of the largest crowds encountered on the run from Asheville was at Hickory. The president was introduced by Senator Pritchard, who accompanied him from Asheville, and the short speech he made to the people was enthusiastically received.

The president was heartily cheered as the train pulled away. At Statesville, where several hundred people had assembled, the president was introduced by Congressman Blackburn, who also accompanied him from Asheville. He addressed the crowd for a few moments and then a picture was taken of the president and his party grouped on the rear platform of his car.

SEVEN STILL AT LARGE

TWELVE OF THE NINETEEN ALLEGED ST. LOUIS BOODLERS UNDER ARREST.

NEW INDICTMENTS FOUND

In Addition to Charges of Bribery and Perjury in Connection With the Suburban Street Railway Deal Eighteen of the Defendants Now Rest Under Bribery Indictments in City Lighting Scandal of 1900.

St. Louis, Sept. 10.—When Judge Douglas adjourned court seven of the nineteen members of the alleged boodle combine of the house of delegates were still at large and the police and deputy sheriffs are using their best efforts to find them. Developments in the famous case began early and throughout the day came with startling rapidity.

The most important feature of the day's developments was the finding of new indictments against eighteen members of the combine. In addition to the charges of bribery and perjury, in connection with the Suburban Street railway deal the members of the alleged combine now rest under additional indictments charging bribery. These were found by the grand jury before which J. K. Murrell testified during the day as to the city lighting scandal of 1900, in which each member of the combine is said to have received \$2,500 in payment for his services in securing the passage of the bill.

According to his own confession Murrell was the go-between of the boodling members of the house, of which he had been speaker, and the representatives of the corporations seeking franchises. Although Murrell has made a full and free confession of his connection with boodling schemes in the house of delegates since his connection with it, implicating many of his colleagues, there are other deals in which they and he were concerned in which prosecution is barred by the statute of limitation.

Murrell's testimony during the day, therefore, while confined mainly to the methods by which the city lighting bill passed the municipal assembly, also dealt with other measures that had come before the body during the existence of the combine. As a result, some sensational indictments are looked for before the end of the week against persons other than members of the combine. The "legislative agents" of corporations seeking these franchises, among whom may be mentioned a well known broker and an equally well known politician, whose names have been mentioned frequently in connection with the proceedings of previous grand juries, are said to be implicated in Murrell's confession.

LEAVE FOR HOLLAND.

Generals Botha, Dewet and Delarey Depart From England.

London, Sept. 10.—The Boer generals, Botha, Dewet and Delarey, started for Holland during the day. They were given the same hearty cheers by the crowds as have marked all the appearances of the generals in public.

It is understood that one of the requests the visitors made to the colonial secretary, Joseph Chamberlain, was for permission for the Boer refugees in Europe to return to their respective districts in South Africa without taking the oath of allegiance. Mr. Chamberlain, however, did not see any way in which he could agree to either this or the suggestion that certain holders of office under the late South African government should be reappointed to their old positions.

Stone, national committeeman and candidate for senator to succeed George F. Vest, Governor Dockery and Mayor James A. Reed of Kansas City also spoke.

Mr. Bryan talked at length on the tariff, saying among other things that it was time to take the tariff off at least all kinds of trust made goods. The country, he said, could not look to the Republicans for reforms in tariff matters, adding: "There were more righteous men in Sodom and Gomorrah than there are tariff reformers in the Republican party."

He declared that President Roosevelt had no remedy for the trust evil and that some of his utterances on the subject were absurd.

FALL OF AGUA DULCE

BESIEGED COLOMBIAN TOWN SURRENDERS TO THE INSURGENT FORCES.

INVESTED SINCE JULY 28

Government Troops Under General Morales Berti Capitulate to the Rebels Commanded by Benjamin Herrera After a Heroic but Hopeless Defense—Great Uneasiness Felt at Panama.

Panama, Sept. 10.—The surrender to the Colombian insurgents of the government general, Morales Berti, and the troops of his command at Agua Dulce, which has previously been reported and which was generally believed to have taken place, has now been confirmed. This news reached Panama through some former Conservative prisoners of the insurgents who were liberated at San Carlos as a result of the landing there of an expedition from the government fleet of gunboats.

General Berti, who had been besieged at Agua Dulce by the insurgents since July 23, only surrendered when his cause was hopeless. In the act of surrendering the insurgent general, Benjamin Herrera, declares he recognizes the abnegation of General Berti and his men, whom he succeeded in dominating because of the superiority of his forces and the quantity of munitions of war of all kinds at his disposal. He promises to hold inviolate the lives and honor of his prisoners and he allows General Berti to retain his sword as a mark of honor in recognition of his heroic defense of Agua Dulce. The surrendered generals and officers have been paroled at Penonome and Santiago de Veraguas. The act of surrender also sets forth that in consideration of General Herrera's respect for the bravery of the men who withstood his siege, they will not be compelled personally to surrender their arms. They may be exchanged for some of the thousands of Liberal prisoners now in possession of the government.

General Morales Berti was one of the most popular of the government leaders and he has the sympathy of everybody in his present reverse. He is recognized by all that he could not have done otherwise than he did. There is great uneasiness here now that the details of the Agua Dulce affair have become known. The strong entrenchments which have been erected in and around Panama are defended by 2,500 men and there are over 1,000 government soldiers at Colon. A dispatch has been received from the minister of war at Bogota saying that a large number of reinforcements had left Honda, on the Magdalena river, for the isthmus, and 3,000 more men are expected to come in this week.

She now lies sixty feet forward on the rocks. The vessel is well sheltered and it is believed a bulkhead can be built inside and the ship floated. The 150 passengers of the Cottage City were transferred to the steamer Spokane of the same company, which came along three hours after the accident, bound north. They were taken to Skagway and will return south on the Spokane.

The Cottage City was bound for Seattle when the accident occurred. Over 1,000 tons of cargo were jettisoned. The remainder of the cargo consisting chiefly of salmon, was transferred to shore on lighters. Details of the accident are lacking.

MAINE ELECTION RETURNS.

Republican Governor's Plurality Will Be About 26,000.

Portland, Me., Sept. 10.—Since noon reports have been received from sixty-two towns. At 10 o'clock p. m. 360 of the 521 towns give Governor John F. Hill, Republican, a plurality of 23,617 votes. The indications are that the 160 towns yet to report will increase the Republican plurality to 26,000.

With only one senatorial and half a dozen representative district returns missing, the Republicans have elected all but two senators and twenty-three representatives. In Lincoln county, Luther Madocks, the Republican candidate for senator, claims a safe plurality. If he is elected the senate will stand thirty Republicans and one Democrat, as two years ago.

MITCHELL IS EMPHATIC.

Knows of No Negotiations to End the Coal Strike.

Wilkesbarre, Pa., Sept. 10.—President John Mitchell of the United Mine Workers of America denied in the most emphatic terms that the coal miners' strike had been declared off. "You can quote me in the strongest terms," he said, "that the strike is still on. I have received no proposition from the other side and I have made none to the operators. All I know of any negotiations to end the strike I have read in the newspapers. The strike is still on and will remain so until declared off by the mine workers in convention. It is up to the operators."
