

BRING BACK FISH

Half the angler's battle depends on good equipment. We have everything you want—perhaps some things you want and don't know it—better come and see. When you go fishing you might as well go loaded for 'em by taking along the improved tackle that other enthusiastic anglers have evolved out of their experience.

Our line of tackle is complete and up-to-date, and getting it at our prices will help the fun.

THE TRUTH

is not often told about clothes. If a clothier would say, "Here is a suit that looks like all wool, but it's nearly all cotton, it's marked \$20.00, you may have it for \$15.00 although it's only worth about \$6.00," would you buy there? Of course you wouldn't.

However, there is one way to tell the plain truth and still sell the goods, and that's by giving good, honest values and then backing 'em up with a guarantee that means money back if you want it. Our house is

"The House Behind the Suit"

and is the one you want to get hooked up with.

For instance, we sell a first-class serge or worsted suit, fancy mixtures or plain colors, strong serge or alpaca lined and stylishly made for \$12.50. Most clothiers sell this suit for \$15.00 and some for \$18.00. It's a dandy. See it.

Other Suits from \$5.00 to \$25.00
