Last Sunday morning a party of four consisting of Mr. and Mrs. Leon Annis, Val Mott and Mrs. Mott took a drive across the big bog, or at least a portion of it, looking for blackberries and prospecting for cranberries. They halted about 9 o'clock where formerly a lumber and hunting camp stood but which was mysteriously burned earlier in the summer. From this point they started out with empty pails and great expectations. After a tramp of two or three hours they returned to the wagon. Their pails were not empty, but breakfast was something which had long since been forgotten. A fire was started in the cook stove which was still standing where the camp had been, coffee was made, meat fried and dinner spread in the shade of the pines. They ate until the sun began to shine on the table and this made it necessary to quit eating

or move the table. They wisely chose the former as there was another trip to be undertaken in the afternoon. This trip was out across the bog towards the lakes where cranberries ought to grow. Of course it is too early in the season yet to pick cranberries, so they did not gather many of them, and after another long tramp they returned again to the wagon for the homeward ride, wiser at least than when they started out in the morning.

**FRANK T. WHITE****For Representative.**

To the Voters of the Forty-fifth Legislative District and Mille Lacs County in Particular:

At the request of my friends I have decided to again become a republican candidate for representative from this district, and respectfully solicit your support at the primary election. During the last session I made it my business to pay special attention to the interests of Mille Lacs county, as you had no representative from your county, and I think I can truly say, Mille Lacs fared as well as any county of the district in getting its share of road money and in other matters. If nominated and elected I shall endeavor to again head the committee on reapportionment and introduce a bill that will give each county a representative—make each county a separate legislative district with one member. I hope Mille Lacs will have a representative of its own in the next legislature, but in any event if I am nominated and elected I will endeavor to faithfully represent every county of the district, and to work and vote for such measures as will meet with the approval of the voters of the district.

Respectfully yours,  
FRANK T. WHITE,

ANDREW BRYSON.

**Announcement.**

I hereby announce myself as a republican candidate for representative from the 45th district, subject to the decision of the voters at the coming primary election on September 15th, 1908.

Respectfully yours,  
ROLLEFF VAALER,  
Mille Lacs, Minn.

**For Representative.**

To the Voters of the 45th Legislative District: I hereby announce myself as a candidate for the republican nomination for representative for the 45th legislative district, at the primary election to be held on the 15th day of September, 1908.

The forty-fifth legislative district is strictly an agricultural one, and it seems to me no more than fair and reasonable that at least a part of the delegation should be farmers. I served as an officer of the house during the session of 1907, and I thought then, and still believe, that if more farmers were sent to the legislature the interests of the common people of the state would be better protected.

What little campaigning I may do will be clean and above board, treating my opponents with respect, remembering that every American citizen has a right to aspire to public office.

I am backing myself, and if elected I will be under no obligation to any man or men for any financial support. If you consider me worthy of your support, I will be pleased to receive it.

Yours very respectfully,  
GEORGE H. DEANS.

**For Representative.**

To the Voters of the 45th Legislative District: I have filed, as a republican, for re-nomination for representative from our legislative district. And if you think my work in the last legislature—which is a matter of record—is worthy of your endorsement, I kindly ask your support and votes at the primaries on Sept. 15. Thanking you for the honor given me in the past, I am,

Yours very truly,  
ANDREW DAVIS,  
Elk River, Minn.

**For Representative.**

To the Voters of the 45th Legislative District: Having filed on the republican ticket for re-nomination for representative from the 45th legislative district, and thanking you for past favors, I again ask your support at the primary election, September 15th, 1908.

Respectfully yours,  
THOS. H. HORTON,  
North Branch, Isanti County, Minn.

**For Representative.**

I take great pleasure in announcing myself as a candidate for representative on the public ownership ticket for the 45th district. We demand: Let the nation own the trusts. You now understand it's impossible to bust them, as the republicans told you, and you also understand it's impracticable for the government to control them, as they don't own them. Therefore I call for your hearty support at the ballot box this coming general election for those demands in legislation.

Yours respectfully,  
OLE EMANUEL TOLIN,  
Dalbo, Minn.

**For Register of Deeds.**

I hereby announce my candidacy for the nomination of register of deeds of Mille Lacs county on the republican ticket at the primaries to be held September 15th, 1908, and respectfully solicit the support of the voters.

FRANK GOULDING.
