Call at my barn and look them over, and if you need a good work horse you will surely buy. Every animal guaranteed. **Aulger Rines.**

#### House and Barn Burns.

The dwelling house and barn of A. E. Shufeldt, with their contents, were totally destroyed by fire last night between 9 and 10 o'clock. Mr. Shufeldt and family were visiting in Cambridge at the time and the origin of the fire is unknown. An insurance of \$650 was carried in Guy Ewing's agency.

Wm. Anderson and H. O. Oliver, two solid residents of Kathio, paid the Union a pleasant visit this morning. They are both very much interested in bettering the roads in their town.

The output at the Princeton Co-operative creamery is increasing as the spring advances. Thirty-two tubs of butter were turned out for the week ending Monday, 28 of which were shipped east.

Attorney W. C. Doane of Milaca will in all probability coach the Princeton high school football team again the coming fall. Last season Mr. Doane brought the boys up to a high standard and expects to make even greater improvements in the team this year. Mr. Doane does not take kindly to the so-called "denatured" football and fears that when the national committee gets through with the mutilation of the rules there will not be much left of the game.

Nels Herman, who, with his wife, recently returned from a three months' sojourn at his old home in the southern part of Sweden, says that the country has not yet recovered from the big strike. While the factories have resumed operations they are not employing as many men as prior to the trouble and, as a consequence, there are many men out of work. Conditions, says Mr. Herman, are however improving. Great improvements have been made in Sweden since he was last there—many of the cities show a remarkable growth and rapid strides have been made in manufacturing pursuits. Mr. Herman's mother returned with him and his wife and will make her home with them.

#### Mills the Victor.

A wrestling match of more than ordinary merit was pulled off in the presence of a large concourse of people at Armory hall on Tuesday evening. The contest was between Ben Hass of this village and Harry Mills of Minneapolis, champion welterweight wrestler of the middle west. It was a finish match for the total amount of the gate receipts and a side bet of \$50 had been posted by the principals.

Mills proved to be the winner, but Hass held out in fine manner considering the fact that he was up against so powerful an antagonist. The first bout lasted 48 minutes and was won by Hass in a neck scissors and arm and leg holds. It was a hard tussle throughout but Hass proved the better man. In the second and third bouts, however, Mills dived Hass in 6 and 14 minutes respectively and thus won the match.

A preliminary wrestle was pulled off between two boys—Eddie Marget and Claire Newton—in which Marget won.

#### Foreston Lumber Company.

Articles of incorporation of the Foreston Lumber company are being published. The company will do business at Foreston, the general nature of which is the buying, selling and handling of lumber, building material, lime, cement, brick and fuel. The capital stock is placed at \$10,000. The names of the incorporators are George H. Deans and L. E. Morgan of Foreston; W. H. Lord, W. E. Hall and Martin Hogland of Foley.

With a bank and lumber yard already established and a large new department store in sight Foreston is taking on a new lease of life. There is a good farming country tributary to Foreston and there is no reason why the town should not grow and prosper.

#### Poor Mail Facilities.

Now that mail service has been established on the Soo branch road the stage line from Mora to Wahkon has been discontinued. While this is better for Wahkon, Onamia and the lake country generally, it will be very inconvenient for the people living between Mora and Wahkon. Some sort of mail service for the people who reside along the state road between Onamia and Milaca should also be provided. At present we believe there is no post office between Milaca and Onamia, a distance of 35 miles. If the matter was brought to the attention of our alert congressman perhaps he could persuade the post office department to grant some relief.

#### A New Governor.

Gov. Purmort of Minneapolis was the guest of Anoka relatives and friends Sunday and Monday.—Anoka Free Press.

They must have a governor of their own in Minneapolis. Where did they get Gov. Purmort? Does he hail from Maine or from Sweden? Purmort is certainly not Milesian.

#### Good Business for Sale.

Owing to continued ill health I will sell my stock of new and second-hand goods. A good business for the right party and a bargain if taken soon. Call and be convinced. R. E. Jones, Princeton. 14-2tp
