

POLITICAL ANNOUNCEMENTS

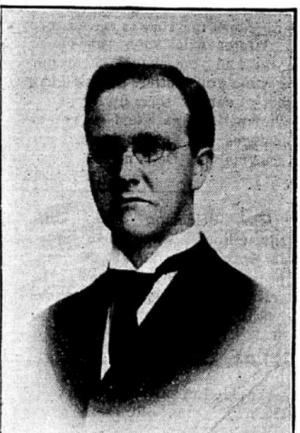

C. M. JOHNSTON

C. M. Johnston, republican candidate for judge of the Seventh judicial district, located at Detroit, Minnesota, in November, 1885, and since that time has been actively engaged in the practice of law in Becker and adjoining counties. He held the office of county attorney for ten years, and has always had the respect and good will of the people of his county.

Mr. Johnston is a republican and in his announcements, including his primary and election cards, he has stated that he is the republican candidate. He conducted a dignified and able campaign before the primary and will do so before the election. He will not make stump speeches or travel in automobiles, he desires the office, but with it he wants the respect of the people and, if elected, will make an effort to merit the good will of the members of the bar and others having business before the courts.

If you believe that a judge should be an able, honest and fair-minded man, and that his election should not be decided on grounds of personal friendship or residence, vote for C. M. Johnston.

RUFUS P. MORTON

To the Voters of the Forty-fifth District

Gentlemen—Having again been nominated at the recent primary election by the prohibition party as a candidate for the legislature for this district, I take this opportunity of stating my position on some of the questions now agitating the public mind and invite your support at the ensuing election.

If elected I shall seek the passage of laws favoring—
Prohibiting the manufacture and sale of alcoholic liquors for beverage purposes.

County option, in the event of the failure to pass state prohibitory laws. Public control (or, if necessary,) ownership of such utilities as are natural monopolies.

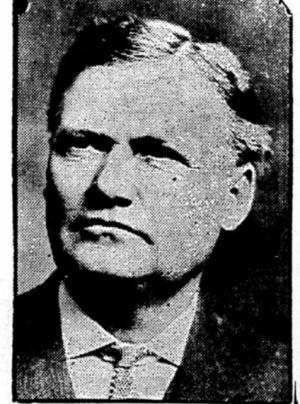

An amendment to state constitution permitting a special tax for good roads.

The initiative and the referendum. A just and fair readjustment of the legislative districts.

If elected I shall use all honorable means to further the best interests of the state as a whole, and especially those of the Forty-fifth district.

Yours sincerely,
Rufus P. Morton.

ALFRED JAUQUES

Democratic Candidate for Congress.

The Congressional Issue From A Non-Partisan Viewpoint.

"The renomination for congress in the Duluth district of Minnesota, of Congressman Miller (insurgent in word and standpatter in deed) opens the way for the election of a democratic democrat in the person of Alfred Jaques, the democratic nomi-

nee. This is another opportunity for citizens no longer party bound to ignore old party lines in their voting and strengthen the progressive movement. As we have already pointed out in reference to Walter MacArthur, (democratic democrat) in one California district and William Kent, (insurgent republican) in another, the present opportunity for progressives of both parties to get together sometimes invites democratic democrats to vote for republican progressives, and at others invites republican progressives to vote for democratic democrats. It is in the latter category that the Duluth candidacy falls. Republicans up there who are really progressive will be best represented in congress, not by the man who has fooled them once, but by Judge Jaques, with whom they are at variance only over party labels.—From The Public, of Chicago, Oct. 14, 1910.

For County Commissioner.

To the Voters of the Fourth Commissioner District:
Gentlemen: at the request of a large number of voters from all parts of the Fourth Commissioner district I hereby announce myself as an independent candidate for the office of county commissioner for the 4th district. I have been a resident of the district for over 20 years and if elected I will treat all parts of the district honestly and squarely. Outside of this I make no promises to anyone.

Yours truly,
WM. E. TRUMBLE,
Milaca.

Capt. Bogardus Again Hits the Bull's Eye.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Sold by all druggists.

The Shoe Bill is Big Enough

WHEN the money is as wisely spent as it possibly could be it takes enough money, goodness knows, to shoe the household without wasting any experimenting, because you are experimenting unless you are dealing in certainties. Yes, there are such things as shoe certainties. We can show them to you any day. You are wise if you deal in shoe certainties, and to do that you have but to make a practice of coming here for all your needs in footwear.

Yours truly,
