

NORTHWESTERN HOSPITAL AND SANITARIUM.

(ESTABLISHED 1900)
A private institution which combines all the advantages of a perfectly equipped hospital with the quiet and comfort of a refined and elegant home. Modern in every respect. No insane, contagious or other objectionable cases received. Rates are as low as the most eminent treatment and the best trained nursing will permit.

Main Street, Princeton

Thursday. Another farmers' line is contemplated for that section of country.

Mrs. Eugene Doby left on Tuesday morning to spend the holidays at her old home near Grand Rapids, Mich.

Mrs. Geo. Carr returned on Saturday evening from her visit with friends and relatives at Davenport, Iowa.

Harold Anderson came out from Princeton Saturday and visited over Sunday with his cousins, Egmont and Winent Radeke.

Several of our young folks, and a few not so young, were enjoying themselves Sunday afternoon ice-boating on Stanchfield lake.

Some fruit growers prophesy a hard winter on all kinds of fruits and especially so for the small varieties, strawberries, raspberries, etc.

Old Santa will surely not be able to use his reindeer and sleigh this year so children may look for him to put in an appearance with an automobile or an airship.

Little Grace Henschel, who underwent a surgical operation at the Northwestern hospital last Wednesday for enlargement of the tonsils, is getting along nicely.

There was a good turn out of the members of the W. A. at the home of Mrs. Mott last Thursday. The time was mostly employed in quilting and fingers and tongues were kept busy throughout the day. Owing to the approaching holidays no time was appointed for the next regular meeting of the club, but notice will be given later.

The annual sale by the W. A. at the Gates school house was quite well attended. Besides the articles sold a quilt and two spreads were disposed of. The lucky ones who came into possession of the same were Mrs. James Chisholm, Harold Anderson and Herman Francis respectively. A plate supper was served and home made candies were in stock for all possessed of a sweet tooth. The ladies of the club were quite well satisfied with the financial returns from the sale.

BRICKTON.

Geo. Sibley has just finished building his house.

Ed Olson is rapidly recovering from the injury to his hand.

Walter Mavis returned from a visit to Minneapolis on Saturday.

Fred Cooke and Dick Schleiter visited friends in Princeton on Sunday.

The dance at Markgraf's hall on Saturday evening was well attended and everybody had a good time.

Ed Vernon and Joe Bergeron were in St. Paul last week learning how to burn the new style kilns which have been recently installed in the Sellhorn yard.

GERMANY.

Henry Jopp has built a very fine barn.

Carl Hoeft has completed a fine house.

Wm. Gerth went to Princeton on business Thursday.

John Wilhelm visited friends in Minneapolis on Monday.

The Rev. Otto Strauch is conducting a school of religious instruction.

The infant child of Mr. and Mrs. August Gebert died on Wednesday evening. The bereaved parents have the sympathy of the entire community.

GREENBUSH.

Miss Florence Raymond is visiting her sister in Foreston.

S. E. Tilley took a lot of live stock to Princeton on Monday.

Miss Cecilia Blair called on friends in Zimmerman last Thursday.

Miss Nellie Robideau spent Saturday with her friend, Irene Blair.

Misses Etheline and Constance Neumann visited relatives in Princeton on Monday.

TWENTY-FIVE YEARS AGO

It looks like a dull Christmas.

The weather is stiffening up a little, but not enough to suit the lumbermen.

Miss Mary Huse came up from St. Paul on Saturday to spend the holidays with her relatives here.

Thanks to Mrs. C. H. Rines, a fragrant bouquet of beautiful oleanders adorns the sanctum this bright and balmy December morning.

Short accounts make long friends. The merchant, the butcher, the tailor, the printer, the farmer, and in fact everybody loves the man that promptly pays his bill. Deadbeats are universally despised.

The brewery has changed proprietors, Mr. Schilling having sold out to Minneapolis parties. For Mr. Schilling's sake we are glad he is out of the business, and had he taken our advice he never would have gone into it.

Bridgman Correspondence.—Mille Laacs lake and the new railroad is one of the chief subjects of conversation among us. We are all packing our gripsacks preparatory to emigrating as soon as the new line is a sure thing.

John Rines of Brunswick is suffering from a stroke of paralysis and is seriously indisposed. His son, C. H. Rines, accompanied by Dr. Caley, visited the old gentleman on Monday. Mr. Rines has an iron constitution and may pull through all right.

Isanti county does not owe a dollar, and has between four and five thousand dollars deposited in bank.—Isanti County Press.

A county in such good shape as that should have a half way decent court house. With the probable exception of Mille Laacs county Isanti has the meanest and poorest court house and jail of any county in the state.

"If there were a railroad to Princeton I should attend the installation ball there on the 28th," remarked a Minneapolis gentleman to the writer on Monday. Another one said: "I have received an invitation to the installation ball at your place; if you only had a railroad up there a crowd of us Minneapolis fellows would give you a surprise party every once in a while.

Spencer Brook Correspondence.—The supervisors have laid out a new road to the town line between Spencer Brook and Stanford which will be opened for travel immediately. Stanford people have also gotten out their petitions for a new road in that town to intersect the Spencer Brook road. Another year will see this highway the main traveled road between here and Anoka.

State News.

Burglars blew the safe in the post-office at Wyoming last Saturday and carried off \$500 in money and \$50 in stamps. This is the third time the office has been burglarized.

While iceboating on Lake Ripley, a mile from Litchfield, on Sunday Nora Peterson, aged 19, was drowned and Harold Weeks, Glen Lacey and Miss Fay Wheeler narrowly escaped a similar fate.

Medical inspection in the schools of Minneapolis will be inaugurated on January 4, according to plans perfected by Dr. Charles H. Keene, supervisor of hygiene and physical training, as approved by the board of education.

According to State Dairy Commissioner Andrew French's biennial report, completed on Monday, Minnesota produced 91,000,000 pounds of butter during the years 1908 and 1909. This is an increase of 5 per cent over the two previous years, when the output was 87,000,000 pounds.

A gasoline explosion wrecked the home of S. J. Mak at Inwood, near Pipestone. In a few minutes after the explosion the house with all its contents was in ruins. A defect in the furnace is thought to have caused the fire which exploded a large tank kept in the house for holding gasoline. The dwelling house is no place to store gasoline.

Better and more aggressive state advertising will be one of the principal topics of discussion at the fourth annual convention, January 25 and 26, at the St. Paul Commercial club, of the Minnesota Federation of Commercial clubs. Extension and development of good roads work, and an increase of demonstration farms started through the federation's initiative in 1910, will be asked. The latter feature has been successful.

A young man by the name of Nelson Petterson north of Ada met with a serious accident in a peculiar manner. He had placed a 38-caliber cartridge on a fence post and used this as a target to test his marksmanship. He shot at it with a 22-caliber rifle and struck the other cartridge. This exploded and the force of the explosion shot the shell backwards striking Nelson in the eye. He was taken to a physician who found it necessary to remove his eye.

GEORGE BOCK.

Theodore F. Knappen Dead.

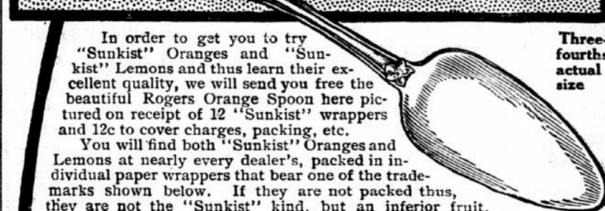

Theodore F. Knappen, former county attorney of Isanti county, died at his home in Minneapolis on the 15th inst. Mr. Knappen also represented the old Thirtieth district—Sherburne, Mille Laacs, Benton, Morrison and Crow Wing—in the legislature of 1873, and was at that time a resident of Brainerd. Later he moved to Cambridge. Mr. Knappen was a native of Plattsburg, N. J., and was born in 1845. In 1854 he came west with his parents and settled in Columbia county, Wis., and in 1870 he was married to Miss Sarah McFarlane also of that county. His wife, three sons and three daughters survive him.

Followed Her Husband.

Mention was made in the Union last week of the death of Goran Petterson at the home of his son, Ole Petterson, in the town of Wyandott. On the morning of the 12th inst. his aged wife, Anna, followed him across the river of death. She lacked only two months of reaching the age of 96. The funeral was held last Thursday afternoon from the Swedish Mission church.

This Handsome Rogers Orange Spoon FREE

"Sunkist" Oranges—Choicest Fruit

"Sunkist" Oranges are California's choicest fruit—the select inspected crop of 5,000 orange groves. No other orange is so sweet, rich and juicy. They are thin-skinned, seedless, fibrous, tree-ripened, firm and solid. All are hand-picked. No fallen, bruised or over-ripe oranges. Each "Sunkist" is a perfect specimen, as delicious as if plucked fresh from the tree.

Buy "Sunkist" Lemons which are of the same high quality as "Sunkist" Oranges—solid and sound. "Sunkist" Lemons are so juicy that two of them go farther than three of any other kind in the preparation of desserts, sauces and temperance drinks. Tell your dealer you want "Sunkist" Oranges and Lemons.

Save the Wrappers and secure a complete set of beautiful, useful orange spoons. In returning, please send one-cent stamps when the amount is less than 24c; on amounts above 24c, we prefer money order, express order or bank draft. Don't Send Cash. We will be glad to send you complete list of valuable premiums. We honor both "Sunkist" and "Red Ball" wrappers on premiums. Wake Up! You're Losing Money.

Every day that you put off building sheds for that idle machinery and leave it standing around in the field to rust and rot in the rain and snow, you're losing money. Good, hard plunks, that's what you're losing. And when it costs so little for lumber to build good sheds, and when you can build them yourself, you simply can't afford to leave a single machine or tool unprotected from the elements. What's the use of putting it off? You know you've got to have 'em. So make up your mind to come in and see us about it the next time you're in town. After the job is done you'll be glad you did it. You'll save something by getting busy right quick.

BECOME A TRAINED NURSE

This is your opportunity to learn a most profitable profession!

Recent and considerable additions to the HOSPITAL in the way of buildings, together with its constantly increasing population render it necessary for us to increase the number of pupils in our Training School for Nurses.

This is THE LARGEST GENERAL HOSPITAL IN THE NORTHWEST, caring for both public and private patients. This year there were under treatment in its wards more than five thousand patients with an average of about four hundred a day. There is also a recently completed residence for nurses perfectly appointed and equipped, both the hospital and the nurses' residence being splendidly located, having large grounds and a view overlooking the river and hills.

We offer unusual advantages for the education and training of the nurse. For further and detailed information and application blanks for admission to the Training School for Nurses, address

ARTHUR B. ANCKER, M. D., Supt. City and County Hospital Jefferson Avenue St. Paul, Minn.
