

TOOTH CARE

Rexall Antiseptic Tooth Powder is a dentifrice you can depend upon to do nothing but good. You can use it as often as you like without fear of injuring the teeth in the least. It cleanses, whitens and polishes the teeth, destroys all germs of decay and keeps the mouth and gums healthy. We guarantee it to give satisfaction. Price, 25 cents.

While our county fair is something in which the entire county is interested, yet because the grounds happen to be located in Princeton the largest share of the expense in building up and maintaining the same must be borne by the citizens of this village. While the fair will indirectly benefit the whole county Princeton will be benefited directly, hence it is to be expected that this village will contribute the lion's share toward putting the grounds in proper shape. Let each one do his or her part. Those who cannot give money can contribute in labor. Let us have buildings and grounds that we will be proud of.

A barbecue was given in the magnificent gardens of Adolph Busch, which are abloom with exotics and shaded by giant trees centuries old. That Dr. and Mrs. Cooney and Chester are enjoying themselves there can be no doubt.
