TWENTY-FIVE YEARS AGO

The town was crowded with men and horses, bound for the pineries, on Saturday night.

Fish Bros, Andrew Fair and other railroad men have over 100 head of horses quartered in and around town.

Turner's feed mill is now in running order and turning out 10 or 12 tons of well-ground feed every 10 hours.

Captain John C. Smith was in town again this week. John thinks the men who haul logs will bear watching, and that's what the boys think of John.

The storm of last Saturday was the worst one of the season so far. About six inches of snow fell. Since then the sleighing has been good and the weather delightful.

Fred Kaufert, the young German who was found dead in the woods in this township last week, was buried with socialistic honors in Minneapolis on Sunday. It was the first socialistic funeral ever held in the mill city.

At the regular meeting of Wallace T. Rines post, G. A. R., on Tuesday evening the following officers were elected: T. H. Caley, commander; Phineas Gates, senior vice commander; Frank Northway, junior vice commander; Loom Berry, quartermaster; A. F. Howard, officer of day; Felix Mallette, officer of guard; A. Z. Norton, chaplain.

A Reckless Spender.

Judge Harrington, who served on the grand jury at Princeton last week, arrived home Friday night. Judge says he left here on Saturday with \$10 and, after serving on the jury, he returned with nine wheels in his pocket. More honor than money, we reckon, in this deal.—Lake Breeze.

Had Judge Harrington held on to the wad which he received for his services as a member of the grand jury he might have purchased an automobile. The judge could scarcely have "blown in" such a vast sum during his stay in Princeton, and we are inclined to the opinion that he must have tarried in the "dry" town of Milaca on his way home.

A Good Idea.

Dr. C. S. Neumann is contemplating the construction and maintenance of a hospital for horses. Princeton is the center of an extensive farming community and a hospital of this sort is very much needed. The horse is man's best friend and most faithful servant and, when sick, should receive the best treatment that can be given by skilled medical science, which will certainly be the case with a hospital equipped by and under the direction of Dr. Neumann. The farmers would give an institution of this kind their hearty support. A. Farmer.

DISTRICT NO. 50.

Henry Murphy has finished his contract on the town line road.

Miss Flasgrude and niece of Colmer, Iowa, were visiting the former's sister, Mrs. Egge, last week.

The Egge boys had their clover hulled the other day and the yield was three bushels to the acre.

Herb Campbell has been doing some work at the school house, part of which was the digging of a new well in a more convenient part of the grounds.

Some of the patrons on the Baldwin farmers' telephone line have their phones installed and are connected with the Tri-State. They are well pleased with the arrangement.

30,000 VOICES!

And Many Are the Voices of Princeton People.

Thirty thousand voices—what a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from back-ache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Princeton people are in this chorus. Here's a Princeton case.

William J. Applegate, Princeton, Minn., says: "I contracted kidney trouble while in the army and did not obtain relief until I used Doan's Kidney Pills. My back was very weak and painful and I had to get up several times at night to pass the kidney secretions. There was much sediment in the secretions and they were highly colored. As soon as I began taking Doan's Kidney Pills they benefited me and I have since enjoyed much better health. I do not hesitate one moment in confirming my former endorsement of Doan's Kidney Pills. I have advised a trial of this remedy to other kidney sufferers and I know that it has always acted promptly."

For sale by all dealers or upon receipt of price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Local Support for Good Roads.

Here is some sound advice offered by W. W. Finley, president of the Southern Railway company, at the American road congress in Atlantic City:

"Local support for the good roads movement should be kept alive. Whatever policy may ultimately be adopted by the federal government, I believe it would be a serious mistake for any community to adopt a do-nothing policy in the hope that, at some time in the future, the improvement of its roads may be undertaken by the federal government alone."

Cause of Eczema Now Explained

Eczema, Psoriasis and other skin troubles are caused by myriads of germs at work in the skin. Salves have been tried but have been proven worthless, for they only clog the pores and fail utterly to remove the real cause of the disease. These germs can be destroyed only by a wash, and unless this is promptly done, they rapidly multiply, gnawing their way deep into the sensitive tissue. This is what causes that awful itch, and what seemed a mere rash may grow worse and develop into a loathsome and torturing skin disease with its years of misery. Don't take any chances! Destroy the germs at the beginning of the trouble with that soothing and cleansing wash, the D.D.D. Prescription for Eczema.

We have had experience with many remedies for skin trouble but have never seen such remarkable cures as those from D.D.D. Prescription. We know many people have given up trying to find a cure for Eczema. They have tried most everything and seem to think there is nothing that will help them. Of course, we will not absolutely promise you that D.D.D. will cure you, but we are so sure of what D.D.D. will do for you, that we will give you the first \$1.00 bottle on our personal guarantee that if you do not find it does the work it will not cost you a cent. Drop in anyway and investigate the merits of this great remedy.
