**American Farmers Are Getting Wise**

They have discovered the truth of the old adage that "A stitch in time saves nine," which, applied to the business of farming, means that it's a lot cheaper in the long run to have good barns, granaries and other out buildings on the place than to put up with rickety, makeshift affairs that some farmers used to think good enough. Don't say you can't afford needed improvements until you know what these improvements would cost. Come in and let us tell you the cost of the material for any new building you may want.

**"Yes, our new wagon's a Studebaker—the only kind we KNOW"**

"The Studebaker idea has been in our family for sixty years. We have never thought of buying any other kind of a wagon."

"It's true, we're continually being offered other wagons costing a little less, with lots of promises as to what they will do. But we know in our family what a Studebaker will do. A few dollars difference in price doesn't mean much. It's the service a wagon gives that we consider most."

"Long service for a fair price means more every time than short service for a few dollars less."

"That's why we stick to Studebaker—and 'Stick to Studebaker' is a pretty good motto for a man who uses wagons."

"Studebaker wagons are built of good stuff. They're made right by people who've had years and years of experience in making them right—people who are trusted the world over."

"Studebaker wagons last, because they're made to last."

"Look out for the dealer who tells you his wagon is just as good as a Studebaker. That's my advice after a good deal of experience—and the experience of all of my people. You get a Studebaker and you've got a safe investment."

**TWENTY-FIVE YEARS AGO**

Rain—well, we have had enough rain in this vicinity to last for six weeks, and it is still pouring down.

Dick Walker of Bartlett, Dakota, made a short visit to his Princeton and Spencer Brook friends last week.

A washout in the deep fill about half a mile south of Milaca delayed the train nearly two hours on Monday morning.

Rev. John Sterling, late of England, is the new M. E. pastor and will preach for the first time on Sunday morning.

The proposed city hall and engine house is to be built of brick and two stories high. It will be quite an imposing structure.

During the storm on Sunday night lightning struck R. B. Newton's kitchen and caused the pots and pans to dance a lively jig.

Almost every outbuilding in the village is infested by rats. The destructive rodents were unknown here before the advent of the railroad. A war of extermination should be waged against the vermin.

Mille Lacs county was well represented in the democratic state convention at St. Paul last week by J. L. Cater and Wm. Cordiner, Isanti by W. A. Smith, and Sherburne by C. H. Chadbourne and Frank Fridley.

Soule & Son's sawmill at Soule's Siding, a few miles north of this village, was burned to the ground at an early hour last Friday morning. The loss is estimated at \$4,000 and there is no insurance. No one seems to know how the fire originated.

A couple of belligerent females had a fistic and hair-pulling encounter in the southeast corner of the village on Tuesday afternoon. The worsted individual sought to invoke the aid of the law, but the justice turned a deaf ear to her entreaties and palmed her off on the county attorney. The last-named functionary told her to go home and behave herself.

**AID THE KIDNEYS.**

Do Not Endanger Life When a Princeton Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Kidney Pills have been used in kidney trouble over 50 years have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make neglect dangerous. Read this Princeton testimony:

Thomas Post, Princeton, Minn., says: "My back was very lame and I was annoyed by a too frequent desire to pass the kidney secretions. Doan's Kidney Pills gave me relief from these symptoms of kidney complaint and greatly strengthened my back. I feel justified in recommending this remedy in view of the benefit it has brought me."

For sale by all dealers or upon receipt of price, 50 cents, Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

**Job Printing and Job Printing**

THERE are two kinds of Job Printing—that which is neat and artistic and that which possesses neither of these qualities. The Princeton Union makes it a point to turn out none but the former kind, and the Union finds this easy because it has the type, machinery and skilled labor with which to accomplish it.

**Nothing Looks Worse Than Botched Job Printing.**

It is a drawback to the business of a merchant or anyone else who uses it. Botched Job Printing suggests loose methods. Then why not use the kind printed by the Union?
