"IT'S THE BEST POLISH I EVER USED"

That's What Every One Says Who Tries

Black Silk Stove Polish.

DON'T imagine for a moment that all brands of stove polish are the same. Don't get the idea that to keep a nice glossy shine on your stove you must black it every few days. It's not a question of oft-repeated application. It's a question of the stove polish to use.

Black Silk Stove Polish is so much better than other stove polishes that there is absolutely no comparison—it's in a class all by itself.

It makes a brilliant glossy shine that don't rub or dust off. It anneals to the iron—becomes a part of the stove. It makes old stoves look like new and lasts four times as long as any other shine.

Get a can and give it a trial. Try it on your parlor stove, your cook stove, or your gas range. If you do not find it the best stove polish you ever used, your dealer is authorized to refund your money. Black Silk Stove Polish has been made by the same formula and sold under one name for 30 years.

Here is what some of the ladies write us:

"I sent you for a can of Black Silk Stove Polish and found it so much better than any I had ever used that I asked my hardware dealer to order a supply. He did so, and is now selling nearly everyone in the place your polish. I had no idea there could be such a difference in stove polishes."

"I was visiting friends and they used Black Silk Stove Polish on their stoves. It made the best shine I ever saw, and after blacking, the polish did not rub or dust off. It is way ahead of any polish I have ever used."

Ask Your Dealer for Black Silk Stove Polish and refuse a counterfeit brand. Costs you no more than the ordinary kind, so why not have the best. Made in liquid or paste—one quality.

Black Silk Stove Polish Works, Sterling, Ill.

Use Black Silk Air-Drying Iron Enamel for grates, fenders, registers, stove pipes, etc. Prevents rusting. Not affected by heat or cold. Produces a permanent glossy black surface. Can, with brush for applying enamel, only 25 cents. Ask your dealer.

Use Black Silk Metal Polish for nickel, brass, silverware or tinware. It has no equal for use on automobiles.

TWENTY-FIVE YEARS AGO

The Sauser boys killed a large bear near town on Saturday.

Mrs. Mary Shute, half-sister of Mrs. D. A. Caley, died at her home in Big Lake on Sunday morning.

On the 7th inst., at a meeting of Catholics in Bridgman, it was decided to erect a place of worship in that village.

There is a great deal of sickness in and around Princeton at present and the Union sincerely hopes none of the cases will terminate fatally.

Phineas Gates, the nominee for county commissioner in the three western towns of Isanti county, is an excellent man for the position.

J. M. Turner has purchased a 20-acre tract of land from C. H. Chute. The land lies south of the village limits and will prove a good investment.

A St. Paul friend advises the writer to steer clear of all local complications. That's what we have been doing and intend to continue doing.

The following are the delegates from Milo to the republican county convention: Joe Carter, Felix Mallette, Joseph Sawyer, Moses Cone, Charley Bonney, Ernest Axt, Robert Ayers and George Crooks.

The money collected by the Episcopal church society has been turned over to the Methodist society and will be used in fixing up the church property. No attempt will be made at present to hold regular Episcopal services here.

Mr. Sargent has been appointed as minister for this place next year to fill the Methodist pulpit. Mr. Sargent is a good man, and could he infuse part of his own energy into his members outside dictation would be relegated to the past.

The Union is not meddling with local politics this year. All of the candidates are our personal friends, and it would be poor policy on our part to antagonize men who are friendly to us. The editor of the Union is Mille Lacs county's candidate for the legislature.

HOW FAR IS BALDWIN?
Not so Far That the Statements of Its Residents Cannot be Verified.

Rather an interesting case has been developed in Baldwin. Being so near by it is well worth publishing here. The statement is sincere—the proof convincing:

Thomas Post, carpenter, R. R. No. 3, Princeton, Minn., says: "I suffered from a lame back and I was annoyed by too frequent desire to pass kidney secretions. Though I took only one box of Doan's Kidney Pills they removed the kidney weakness and relieved the lameness through my back. I have used Doan's Kidney Pills since, whenever I have needed them and always with good results. Put me down as a strong endorser of Doan's Kidney Pills and use the endorsement I have given them before whenever you want to."

The above is not an isolated case. Mr. Post is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Post had. 50c all stores. Two Ways of Looking at It

After buying that bill of lumber you are going to need, and using it, you may be either glad or mad. It depends on whether you buy good, dry lumber from us or carelessly accept lumber that's only half seasoned or of poor quality from somebody not so particular about the quality of stock as we are. There are no two ways about it. You can buy any kind of lumber or building material to better advantage right here than anywhere else in this part of the country.
