

## LOCALS ARE VICTORS

**Oakleys of Minneapolis are Defeated by a Score of 11 to 2 at Fair Grounds Last Sunday.**

**Speedy Crown Team of Minneapolis Will Oppose Princeton Next Saturday and Sunday.**

The Oakleys of Minneapolis never had a look-in when they opposed the local aspirants to base ball honors and they were handed a most thorough and decisive defeat at the fair grounds last Sunday. The final score was 11 to 2 and Princeton was in the lead at every stage of the game. Wilkes was on the firing line for Princeton and the big fellow was in great form. Five widely scattered blows was all that the visitors could collect off from his delivery and he retired ten by the strikeout route. Skahen was at the receiving end and performed in classy style. Bausch did the heavy work for the Oakleys and his offerings were most acceptable to the Princetonians. Fifteen clean drives were poled out by the locals and most of the hits came at opportune moments. Bausch was a rather formidable appearing slab artist, but he couldn't begin to stop the frenzied onslaught of the Princeton athletes, and he had a rather difficult time of it. Fred Johnson, who was remembered by numerous local fans as the star performer on last year's Cambridge team, was at the receiving station and caught a good game.

The Oakleys were the first side at bat and but four men faced Wilkes and they were retired scoreless. Bill Roos was first up for the locals and he secured a walk and stole second. Mallette came next and leaned on one for a safe drive that scored Roos and carried Mallette to second base. Berg was retired on an infield grounder and Davis, who was next, connected for a corking line drive that scored Mallette. Smith, who preceded Davis, was retired at second base and the side was retired when Doane sent a hot grounder down to the pitcher.

The visitors were again retired scoreless in the second inning and Princeton annexed another score in their half. With two men down Wilkes connected for a safe one that carried him to second base, and he scored when Roos poled out a hot liner over the infield.

In the third inning the visitors secured their only runs of the game, when an error, a base on balls and some wild throwing netted them two runs. Princeton was blanked in their half and for a moment it looked as if the game was going to develop into a close contest.

The locals came back strong in the fourth inning and secured three more runs, by some timely hitting aided by a couple of errors on the part of the visitors. Another score was added to the total in the fifth inning and then it was readily seen that the only question was how large a lead the locals would secure over the visitors.

The registering station was not crossed in the sixth and seventh innings, but in the eighth inning the locals fairly pulverized the ball and wound up the contest in a blaze of glory. Mallette, Berg, Smith and Davis poled out four hits in rapid succession, and these hits coupled with some errors netted three runs and the game ended with the score standing 11 to 2 in favor of Princeton.

### NOTES.

Princeton is certainly putting up the real goods in the base ball line and the team that can take their measure will certainly have to travel some.

Doane did the star work in the field for Princeton and he accepted one chance that was especially difficult. Princeton was exceptionally strong with the stick last Sunday. Mallette, in particular, had his batting eye with him and he slammed out four clean drives out of five trips to the plate. Davis and Smith were next, as each of them poled out three safe bingles, and Wilkes and Roos each contributed two safe drives to the day's total.

Plaas and Cravens attended to the umpiring and, needless to say, this portion of the work was in able hands.

Next Saturday and Sunday the speedy Crown team of Minneapolis will play a series of two games with Princeton and it is safe to say that both these contests will be mighty close. The Crowns are in the Min-

neapolis City League and have been playing fast ball all season. They are one of the fastest teams in the twin cities and the local management are expecting a tight game. Don't miss these two games.

### Neely-Atchison.

A very pretty wedding was solemnized at the residence of Mrs. James Atchison, 2514, 30th Ave., S., Minneapolis, last Sunday afternoon at 4 o'clock, when her daughter, Louise Clarice, was united in wedlock to Leon W. Neely of Anoka. The ceremony was performed by Rev. Noren of the Bethany Lutheran church in the presence of a few chosen friends and relatives. The bride was attired in a gown of shadow lace over white satin and was attended by Miss Anna Sward of Anoka, as bridesmaid. The bridesmaid's gown was of white mull trimmed with shadow lace. Ralph Carr, formerly of Princeton, was groomsmen. Immediately after the ceremony and congratulations were over with, the bridal party and invited guests repaired to the dining room, where a sumptuous wedding dinner was in readiness.

The newly married couple arrived in Princeton Monday evening and after a short visit here with friends they will leave for Anoka, where they will reside.

The groom, who is a son of Mr. and Mrs. Wm. Neely of this village, is well and favorably known here, as he was born and reared in Princeton. He is a graduate of the Princeton high school and for some time thereafter was employed in C. A. Jack's drug store. Of late years he has been a resident of Anoka, where he has a position in a drug store. His numerous friends in this village all wish him and his bride much joy.

### Webster-Holton.

On the 24th ult. Mr. George Burbank Webster and Miss Helen Marie Holton were married in Minneapolis. Mr. and Mrs. Webster will be at home to their friends at the Burweb Farm, on the outskirts of Minneapolis, after the first of August.

The bridegroom is the oldest son of Mr. and Mrs. Henry Webster and is well and favorably known to many Princeton people. He is engaged in the lumber business with his father in Minneapolis and is making good. He is a clean cut, sensible young man and has a bright future ahead of him.

By those who have the pleasure of her acquaintance the bride is said to be an estimable young lady and a general favorite in the circle in which she moves in Minneapolis.

The Union extends congratulations to Mr. and Mrs. Webster and wishes them a long and happy wedded life.

### Cowles-Davis.

Hiram L. Cowles and Miss Maude Davis were quietly married in Minneapolis on Wednesday, June 24. The ceremony was performed by the Rev. Ernest Day of the Lyndon Hill Congregational church at the church parsonage. They arrived in Princeton the following evening and here they will make their home.

The bride, who formerly resided at Elk River, is from Drain, Oregon. She is not a total stranger to the people of this vicinity, as she formerly taught school in this neighborhood. She has met with marked success as a school teacher and is esteemed by all who enjoy her acquaintance.

The groom is well known in Princeton and his numerous friends wish him success and happiness.

### Destructive Fire at Salem, Mass.

A destructive fire visited the "Old Witch" city, of Salem, Mass., rich in historic buildings and traditions and the estimated loss is \$12,000,000. Approximately 1,000 buildings, including a score of manufacturing establishments, were devastated and it is estimated that 10,000 of the 45,000 residents are homeless.

The fire originated in the Kora leather factory on the west side of the city, swept through the shoe and leather manufacturing district, ruining every building in a curving path two miles long and more than half a mile wide. Burning embers, carried by a strong northwest wind, started fires in two other sections, the fashionable residential district adjacent to Lafayette street and a manufacturing and tenement house district on the peninsula bounded by Pamer's Cove, South River and the water front.

### Summer School Opens.

The summer school opened at Milaca on Monday. The attendance is light, but more are expected to reg-

ister before the close of the week. The number enrolled up to yesterday was 33. Those in attendance are enthusiastic workers and the session is expected to be of great benefit to those present. County Superintendent Ewing was present at the school Tuesday and gave an interesting talk that was well received.

### Fourth of July Celebrations.

The Fourth of July will be observed at various places in this vicinity. The Princeton Fire Department has charge of the celebration to be held in Princeton and they have arranged a program of sports and races, chief among which is the ball game between the Crown team of Minneapolis and Princeton. A rag-a-muffin parade and a water fight on main street are also advertised. In the evening a grand display of fireworks is on the program and dancing may be indulged in during the afternoon and night at the armory. The services of the Citizens' band have also been secured and this excellent organization will dispense patriotic selections during the day.

At Foreston the Fourth will be observed in the usual manner. Races and sports are advertised and a ball game is also on the program. Dancing and a display of fireworks will add to the pleasures of the day.

The Fourth will also be observed at C. Westling's grounds on the shores of Green lake. Boating and fishing may be indulged in and a ball game between Karmel and Carmody is one of the features. Dancing during the afternoon and night is also on the program.

At Wm. Talen's grove in Woodward Brook the Fourth of July will be observed in the form of a picnic under the auspices of the Christian Endeavor society and the Sunday school of that place. Races of various kinds and a ball game have been arranged for the occasion and several songs and recitations are also on the program.

### Good Roads Day.

Tuesday, June 23, was Good Roads Day and it was observed in several cities and villages throughout the state. It is to be hoped that in time the citizens of practically every community within the borders of the state will devote one day of the year to road labor.

At Bemidji one hundred of the business and professional men of that city turned out and put in the entire day on the roads leading into that thriving little city and as a result over twenty miles of highway was graded, repaired and placed in first-class shape. The crowd was divided into three crews and each man did his work well. The Bemidji citizens plan to make this an annual event and by next year hope to also interest the farmers in the movement.

Thief River Falls, another hustling northern Minnesota town, also observed the day and as a result the roads in that vicinity are vastly improved. Teams were hired for the purpose of gravelling some of the extremely bad places, and the crew devoted its time to the levelling of pitch holes, etc. The farmers were also enlisted in the good cause and seemed to be even more enthusiastic than their city cousins. Some long stretches of road were gravelled by the farmers.

Other cities and villages in the state also observed the day and their efforts to better the highways will be amply rewarded, as good roads mean everything to a community.

### Mille Lacs' Largest Craft.

Years ago several good sized craft plied the waters of Mille Lacs lake and found business to do. But notwithstanding the increase in population around the shores of the "big pond" the larger vessels seem to have disappeared—one by one have they been removed elsewhere. It does seem as if a safe steamer of moderate dimensions might do a profitable business on the lake in the summer months if it was properly advertised.

But, it seems, according to the Isle Advance, that a freight barge is the best the big lake can afford this year. That paper says, Jerry Kilmer launched his barge last Friday and has started to haul hoops from Malmo. He arrived with his first load last Monday. Jerry has the only boat that is plying the waters of Mille Lacs lake this summer and expects a busy year. He informs us he has all the hoops on the east side to haul which will run into many carloads. He also expects to haul potatoes and other freight making Isle the distributing point for the lake transportation.

## LOSES LIFE IN RIVER

**Julius Brichwald, 15 Years Old, Goes Down to a Watery Death Monday Morning.**

**Body is Not Recovered Until Wednesday Morning, When it is Found by a Professional Diver.**

Julius Brichwald, a promising youth of 15 years, lost his life by drowning in an overflow channel of the Rum river in the eastern end of this village on Monday morning. The boy it appears had gone to the pasture to get a cow; the water had risen several feet over night and he could only reach the animal by swimming across a slough. He probably became overheated in chasing after the cow and when he attempted to return across the slough he was seized with cramps, sank and drowned.

The boy's mother, Mrs. John Brichwald of the Riverside hotel, became uneasy over his prolonged absence and caused parties to go in search of him. About 11 a. m. the searchers discovered some of the boy's wearing apparel on the grade of the old road that formerly led into the village from the east, and the worst was feared. It was painfully evident that the boy had met his death in the slough. A general alarm was given, boats were procured and every effort was made to locate the body, but without success, although the search was continued vigorously Monday and Tuesday. On Wednesday H. H. Thompson, a professional diver from Duluth, recovered the body near where the boy's clothes were found.

Julius Brichwald was born at Ida Grove, Iowa, May 22, 1899, so at the time of his demise was 15 years, 1 month and 1 week old. He had been a resident of Princeton but a short time, as he accompanied his mother to this village last spring. He was a quiet young man of exemplary habits and during his short stay in Princeton made a most favorable impression upon those of our citizens who came in contact with him. His untimely death is deeply regretted, and much sympathy is expressed for the sorely bereaved mother.

Funeral services will be held from St. Edward's Catholic church tomorrow morning at 9 o'clock. Rev. Fr. Willenbrink will have charge of the services and interment will be in the Catholic cemetery.

### Lucille Howard.

Lucille Howard, infant daughter of Mr. and Mrs. Alfonso Howard, passed away Thursday, June 25, at 1:45 p. m., of chronic stomach trouble. Lucille and Lila were born on December 4, 1913. Lila having died February 23, 1914. The funeral was held from the home at 2:30 o'clock on Friday afternoon. Floral offerings were many and beautiful, among which were special pieces given by the M. E. Sunday school, M. E. Ladies' Aid society, the Maccabees and Loyal Workers. Special music was rendered by a quartet consisting of Mrs. Claire Caley, Mrs. E. B. Service and Messrs. Guy Ewing and A. R. Davis. The little one was laid to rest beside her twin sister in Oak Knoll cemetery.

### Return From Camp.

Company G returned from Camp Lakeview at Lake City last Friday evening, where they were in camp with the Third regiment. The Princeton company acquitted themselves with credit—not a member of Company G was confined to the guard house and this in itself is a creditable showing. About 700 men were in camp during the week, and several visitors were present on various days. On Thursday Governor Eberhart reviewed the Third regiment and he complimented them very highly for the excellent showing made. On Wednesday evening Adj. General Wood also reviewed the regiment and he also stated that they had done excellent work while in camp. Thursday was devoted to target practice and field maneuvers with special scouting on the part of the various battalions. Company C of Duluth carried off the honors in the company shoot and Company M of Hibbing was second.

### Royally Entertained at Fairmont.

A. M. Davis, who was one of the delegates from Princeton at the recent State Firemen's convention held at Fairmont, reports that they were royally entertained in the thriving city where Frank Day reigns supreme. Everything was free to the firemen and every possible

courtesy was extended to the visitors. While there the enterprising merchants tendered them a fish supper and other refreshments were also served. Automobiles were always in readiness to convey the firemen to points of interest, and numerous boat rides were also indulged in. Two dances and a couple of ball games were among the pleasing features of the convention and they were thoroughly enjoyed. Demonstration runs by the various crack companies of the state also proved interesting, and the firemen's parade attracted more than passing comment. All told Mr. Davis said that it was one of the most interesting conventions ever held by the association and he highly praised the business men of Fairmont for their successful efforts in providing entertainment for the visitors. The next meeting of the association will be held at Pine City.

### Victims of Assassin.

While driving through the streets of Sarajevo, the Bosnian capital, Archduke Francis Ferdinand, heir to the Austro-Hungarian throne, and his morganatic wife, the duchess of Hohenberg, were assassinated last Sunday. A youthful Serbian student fired the shots and he was quickly captured. Earlier in the day a bomb had been thrown at the automobile in which the archduke and his wife were riding, but as the duke had been forewarned of a possible attempt against his life, he was watchful and struck the missile aside with his arm. It fell under an automobile which carried members of his suite, wounding Count Von Boos Waldeck and Colonel Merizzo. The governor of the city was with the royal couple at the time of the assassination but escaped injury. Archduke Charles Francis Joseph, son of the late Archduke Otto, is now heir presumptive to the throne and he is extremely popular with all classes. It is not thought that the assassination of Archduke Francis Ferdinand will cause a political upheaval, as the old emperor has kept the reins of government in his own hands, delegating as little power as possible to his late nephew. It is generally believed that if the new heir presumptive is given a fair chance he is likely to prove a second Emperor Francis Joseph and that under his future rule affairs in Austria and Hungary, both foreign and domestic, will take the same course as during the present reign.

### Arson Case Dismissed.

Wm. Young, who resides on the north side, was brought before Justice Dickey Tuesday morning charged with arson in the third degree. The complaint was signed by L. V. Conley, one of the assistant fire marshals of Minnesota, he having been called in to investigate the circumstances connected with a fire that damaged defendant's premises on May 17 last. County Attorney McMillan appeared for the state and S. P. Skahen had the defendant's side of the case. Considerable testimony was offered by both sides and the case, which was called at 10 o'clock in the morning, lasted until 3:45 p. m. After hearing the testimony, Justice Dickey, on motion of County Attorney McMillan, dismissed the case, as the evidence was not deemed sufficient to warrant binding the defendant over to the grand jury.

### Visit Friends in This Vicinity.

Mr. and Mrs. John Shannon and three daughters, Viola, Karan and Edna, of Fosston have been visiting friends in this vicinity—they formerly resided on a farm east of Princeton. They are making a rather extensive automobile tour and expect to visit various points in Iowa before returning to their home. Mr. Shannon operates a large farm near Fosston and he stated to a Union reporter that crops were looking fine in that vicinity at the time he departed, which was a couple of weeks ago. However, he feared considerable damage would result if as much rain had fallen in that vicinity as here.

### New Manager for Ball Team.

Harry Davis, who accepted the management of the Princeton ball team temporarily, has been relieved of the arduous duties connected with a position of that kind and Claire Smith is now at the helm. Davis made an aggressive manager and the ball team did not go back any while he was on the job. Claire Smith who has been selected as successor to Davis, can be depended upon to put forth his best efforts towards maintaining a winning ball team in Princeton, and he should have the hearty co-operation of the fans and players.

## OPINIONS OF EDITORS

**Is There Another Simplex in Sight?**  
Maybe Bill Lee will not be governor after all. Remember the Dunn-Johnson campaign.—Anoka Union.

**Right You Are.**  
Every man who assists in bettering the roads approaching Bemidji tomorrow will add to the city's prosperity. Cheap hauls are what count.—Bemidji Pioneer.

**Their Vote is Dwindling.**  
Only nineteen "progressive" votes were polled at the primaries in this county, and the vote in the state was very small. The democrats polled 109 in the county.—Norman County Index.

**He is a Bigoted Ass.**  
The person who will not vote for a candidate because he belongs to this, that or the other church or to no church is not an American citizen in the proper sense of the term.—Slayton Gazette.

**Had Nothing on Minneapolis.**  
The wild and woolly west of yore had nothing on Minneapolis of today. The bearded bandit of that city plies his nefarious trade much more safely than any western desperado ever did.—Wabasha Herald.

**More Complex Than Ever.**  
From the manner in which a good many of the tickets were marked or not marked at all at the primary elections would lead one to believe that the present system of voting comes a long way from being understood.—Hubbard County Journal.

**Old Pease's Disjointed Growls.**  
The republican party is without a candidate for governor this year, only an eliminator.

The gang which supported Lee is not such as to commend the respect and confidence of the people. Eberhart was charged with being the brewery candidate, but he didn't get the brewery vote or influence.—Anoka Union.

**Hard Work is What Counts.**  
You watch the successful men about you, keep track of the hours that they work, and you will agree that they labor much harder than the average man. It seems to be the penalty that success brings—much work and little pleasure. But it also teaches the lesson that the fellow who is waiting for the whistle to blow does not get very far on the pathway of success.—Biwabik Times.

**The Farmer Most Benefitted.**  
We are pleased to notice the defeat of Dr. Gates of Kenyon for senator from Goodhue county. He made his platform the repeal of the Dunn road law. Any intelligent man who made that his platform is not the right sort to represent the people in the legislature. The law has not been tested. Let us try it. When men learn to know the law, as it is, they will not oppose it. There is no man benefitted by it like the farmer, and none should be. He is the one who needs good roads most.—Le Sueur News.

**Well Done, Boys.**  
Gerald and Severt Peterson, who entered the Blake school, Minneapolis, last fall, are home for their summer vacation and are rusticating with their parents at Spectacle lake. Both the boys done well at school: As the best all-around student and athlete Gerald was awarded the Harvard trophy; Severt's markings averaged 91½—one other student excelled him and by only three-quarters of a point. The boys have reason to feel proud of their first year's record at school away from home.

**AT NORTHWESTERN HOSPITAL.**  
Cyrus Peabody of Portland, Oregon, who was operated upon Monday for disease of the gall bladder, is improving.

Almon Henschel, who was operated upon for appendicitis about ten days ago, has returned to his home recovered.

Hazel Nelson of Monticello is convalescent after an operation for appendicitis.

Mrs. Wm. Hiller, who underwent a critical operation last Friday for the relief of a growth on the stomach, is somewhat improved.

Born, Tuesday, to Mrs. Herman Milbraith, a son.
