

The hardware we sell is made mostly of steel and iron, yet this is the sort of a "Golden Rule" we practice—we sell good, honest, reliable stuff; we put a fair and square price on it; we charge everybody this same price. Don't you want to do business with this sort of a store?

TWENTY-FIVE YEARS AGO

Small grain is looking well in this vicinity. But a little more rain is needed, and needed badly.

The town board of review for Princeton was in session three days last week. Many assessments were raised but none lowered.

Wm. G. Amanson of Isanti county and Anna Anderson of Milaca were married by Judge Freer at his office in the court house Monday evening.

J. C. Borden has had his house neatly repaired and freshly painted, the fence around his lots has also been ornamented with a coat of paint. Mr. Borden now has one of the showiest places in the village.

C. H. Rines and the writer had a satisfactory interview with Mr. Jas. J. Hill last Thursday with reference to railroad accommodations at Princeton. Mr. Hill promised that the interests of this town would be cared for.

The logs are hopelessly hung up on Run river. The thoroughfare between the lakes at the head of the river is choked up with logs, and it is impossible to get enough water from Mille Lacs lake to start the logs below the dam.

The Bridgman baseball nine came down and played the Princeton boys last Thursday. The score stood 27 to 0 in favor of the home nine. The return game was played at Bridgman on Sunday—Princeton 43 and Bridgman 10. The visitors say they were handsomely entertained by Bridgman people.

Editorial: Carnegie, the apostle of protection to American industries, can build palaces in Scotland, but he cannot afford to pay his employees in Pennsylvania living wages. Last Monday, 2,400 of Carnegie's men refused to accept a reduction of 15 per cent in their wages, and are now out on a strike. Carnegie will endeavor to fill the place of the strikers with the "pauper labor of Europe." It is such men as Carnegie that cause honest believers in the protective tariff system to weep.

Our dog Rover is no more. He had been in the habit of running races with the Manitoba accommodation train, a "purely local" affair such as the Elk River people depend on for transportation, and always came into the depot several lengths ahead. Last Thursday, in an evil moment, he attempted the same game when the Eastern Minnesota came thundering along. Poor fellow, he got fooled. He was a knowing dog, and had he stopped to consider a moment he would never have mistaken the Eastern for the slow-going Elk River accommodation. Faithful, affectionate Rover, you had more of a soul than many so-called christians we know of.

TRUTH TRIUMPHS.

Princeton Citizens Testify for the Public Benefit.

A truthful statement of a Princeton citizen, given in his own words, should convince the most skeptical about the merits of Doan's Kidney Pills. If you suffer from backache, nervousness, sleeplessness, urinary disorders or any form of kidney ills, use a tested kidney medicine. A Princeton citizen tells of Doan's Kidney Pills. Could you demand more convincing proof of merit?

W. R. Bigelow, Princeton, Minn., says: "I had a bad case of rheumatic pain and kidney trouble. It hurt me to bend and when I got down or in a chair, I could hardly get up. The trouble kept me from work and several times when I caught cold, the attacks were worse. I was told to try Doan's Kidney Pills and I did. I soon got relief and a little later, I was cured."

For sale by all dealers or upon receipt of price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. Adv.

Job Printing and Job Printing
THERE are two kinds of Job Printing—that which is neat and artistic and that which possesses neither of these qualities. The Princeton Union makes it a point to turn out none but the former kind, and the Union finds this easy because it has the type, machinery and skilled labor with which to accomplish it.
Nothing Looks Worse Than Botched Job Printing.
It is a drawback to the business of a merchant or anyone else who uses it. Botched Job Printing suggests loose methods. Then why not use the kind printed by the Union? It costs you no more and gives the public a good impression of your business. The Princeton Union is prepared to execute every description of
Commercial and Fancy Printing
at short notice and nominal prices. If you are in need of letterheads, noteheads, billheads, statements, cards, posters, programs, wedding invitations or any other work in the printing line, an order for the same placed with the Union will insure its being produced in an attractive and up-to-date style.
