

STOCK SHOW TO BE BIGGEST EVER HELD

Animals Worth Million Coming to Minnesota State Fair.

There is every indication that the livestock show at the Minnesota State Fair, Sept. 7-12, will be the largest one ever held in the Northwest, even exceeding in size and aggregate value the one of last year.

Over one million dollars' worth of pure-bred stock from all parts of the world will be assembled. Beginning on Monday, the opening day, a score of judges of international reputation will begin judging in the Livestock Pavilion, the Swine Barn, and the Sheep Barn. In the evening of each day a gigantic livestock parade of horses and cattle from the leading studs and herds at the Fair will be held at the evening Horse Show in the Hippodrome.

Gigantic Horse Show.

As a result of an increase of \$3,000 in the awards for horses, the very cream of the stables of America will be exhibited in both light and draft classes. There will be a large number of both native and imported horses shown. Among them will be some of the blue ribbon winners at the leading shows here and abroad last year. A special effort will be made to encourage local breeders to show.

Last year the Dairy Cattle Show was one of the largest held in the New World. There is such interest in dairy stock in the Northwest that an unusually large exhibit will be made this year. Local breeders will carry away much of the prize money. The Beef Cattle Show will include many animals certain to win highest honors at the Chicago International Livestock Exposition. There will be a Fat Stock Show as usual.

A Large Futurity.

Due largely to the arrangement for a \$600 Poland-China Futurity Show for Minnesota classes, the Swine Show will be the best ever held in the Northwest, unless something unforeseen happens. The Minnesota State Fair is to guarantee \$150, while the American Poland-China Breeders' Association is to give the balance.

The Sheep Show has always been a large one. Minnesota farmers are paying more attention to sheep than ever before, and those in charge believe that this interest will result in an unusually large Show. The leading importers will exhibit the pick of their flocks. Generous premiums are offered to Minnesota classes.

HIS PRIVACY INVADED.

Knew There Was a Mistake Somewhere, and His Surprise Was Correct.

Once in awhile a man who has never been inside a theater more than once or twice in his life comes to Broadway for a supply of city impressions and experiences. One of these stepped into the lobby of a theater and said to the man in the box office:

"Give me a seat in one of them little rooms by itself."

He was given a ticket which entitled him to a box. Armed with this, he went around to the gallery entrance and climbed the long flight of stairs to the top of the house, where the ticket taker admitted him without question.

He found a seat, but seemed ill at ease and at the end of the second act went back to the doorman with a displeased frown.

"Look here!" he demanded petulantly. "What does this mean? What is all them people doin' in my box?"

He indicated the crowded gallery with a comprehensive sweep of his arm. When the nature of his complaint was realized by the staff he was duly conducted to the box that belonged to him in the middle tier.

"Nobody but you will be allowed to sit here," he was told in response to his anxious inquiry. "The place where you were sitting before is the gallery." "I knew there was something wrong, and that is why I spoke of it," he explained. "I allow that the gallery is a box for the general public! Am I right?"

They assured him that he was right.—New York Times.

First Aid to the Injured.

Helplessly he lay by the roadside, groaning and writhing with pain. A policeman, hearing the groans, hastened toward him and proceeded to investigate what ailed him. But all he could get from the sufferer was this:

"I ate one too—I ate one too!"

The policeman was puzzled, but not for long.

"Poison!" was his diagnosis. Now, poison cases, so the policeman remembered, need immediate treatment, and poisons have antidotes. Hastily he procured what he believed to be a suitable antidote. Then he administered it.

The result was astonishing. Like a rocket the recipient sat up and abusively demanded the reason for such treatment. On being told he only became more angry.

"What did I eat?" he yelled. "Why, you idiot, I-S-I-2 is the number of the car that knocked me down!"—Chicago News.

Better Still.

"I haven't seen Peggy since she left college. Did she succeed in getting a good position?"

"Better! She succeeded in getting a husband with a good position."—Boston Transcript.

ALL TELEGRAMS REFUSED

French Wire Traffic Delayed by War Messages.

Paris, Aug. 4.—All telegrams were refused at the postoffices in Paris for a period and it is assumed that the difficulties in the transmission of news and private dispatches will rapidly increase.

The concentration of the French troops in strategic positions along the frontiers and the operation of the military train service have been carried out to the complete satisfaction of the military authorities.

Russians Seize German Ship.

Novorossiysk, Russia, Aug. 4.—The Russian authorities here seized the German steamer Atlas and ordered the crew to disembark. They also sent vessels in pursuit of a German steamer which left the port the previous day.

MOVING ON MEXICO CITY

General Carranza May Decide to Attack Capital.

Washington, Aug. 4.—Provisional President Carbajal asked the American government informally if it knew the intentions of General Carranza, whose forces were said to be marching steadily southward, despite the understanding that with the beginning of peace conferences, hostilities should be suspended.

Jose Castellot, personal representative of Carbajal, had a conference with Secretary Bryan, but the latter had no information from Carranza except that the Carbajal delegates had arrived at his headquarters.

RAILWAY STRIKE AVERTED

Roads and Employes Agree to Arbitrate Wage Dispute.

Washington, Aug. 4.—President Wilson's appeal to the patriotism of the Western railroad managers met with the response he expected and there will be no strike of their employes. Announcement of the acceptance of the plan of arbitration proposed by the federal board of mediation and conciliation was made after a short conference between the president and a committee of the railroad managers.

TWENTY-FIVE YEARS AGO

Harvesting is about completed. Now, the threshers' half bushel measure will soon tell the tale.

The farmer who sowed wheat last spring is in luck. But the trouble is there was very little wheat sown.

The scribe always feels at home in Anoka. He spent Tuesday night in that city, and regrets that he could not tarry a week instead of an evening.

County Attorney Pope and Dr. Cowan, of Mora, stopped in Princeton a few hours last Thursday. They had driven across country by way of Maple Ridge.

Miss Mary Murphy, one of Anoka's best "schoolmarm," is visiting at the editor's house this week. Anoka girls are not homely, neither are they all gum chewers.

Hon. G. G. Hartley of Duluth stopped off from the train last Saturday evening long enough to shake hands with a few of his friends who happened to be at the depot.

Hon. D. M. Clough was elected vice president of the Hennepin county court house commission, vice John C. Oswald, resigned. Honors are falling thick and fast upon Mr. Clough. He is deserving of them all.

Mrs. S. M. Byers took her departure for Minneapolis on yesterday's train, where she will remain a few days visiting. From thence she goes to Iowa, where she will make her future home. Mrs. Byers leaves behind her many warm friends.

Alvah Eastman writes, "Doc Dunham is going to sue you for libel." We simply copied the libellous article, illustration and all, from the Herald. Ornament your office desk with Eastman's hide, Doc, and then we will make profuse and abject apologies. But first we want to see Eastman's bald scalp dangling from your belt.

The lawn social last week at the residence of Mr. and Mrs. Borden was a decided success both socially and financially, so much so, that at the request of many, the ladies have decided to have another at the residence of Mr. and Mrs. Geo. H. Stevens on Thursday, August 13, to which all are cordially invited. Hot and cold lunch will be served from 6 to 9.

Editorial: Chief Hubbard and his army of detectives have succeeded in accomplishing the herculean task of transferring the Cronin suspect, Martin Burke, from Winnipeg to Chicago. The poor devil was weighted down with irons and chained to the floor of the car like some wild beast. All these brutal and unnecessary precautions were for effect. No attempt at rescue was made or thought of, and a single deputy sheriff could have taken Burke to Chicago without the least trouble.

Infection and Insect Bites Dangerous.

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Liniment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Liniment disinfects cuts, bruises and sores. You cannot afford to be without it in your home. Money back if not satisfied. Only 25c. at your druggist. Advertiser.

NO DIFFERENCE.

The Proof is Here the Same as Everywhere.

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in Princeton, the same as everywhere. Princeton people have used Doan's and Princeton people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here's Princeton proof. Investigate it.

John Diesbrichs, farmer, Princeton, Minn., says: "I had bad backaches and pains through my hips that at times made me about sick. I used Doan's Kidney Pills and got quick relief which was later followed by a cure. I recommend Doan's Kidney Pills to other people suffering as I was."

For sale by all dealers or upon receipt of price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other. Adv.

The Bishop's Place.

The bishop of London, speaking at the annual meeting of the bishop of London's fund at Grosvenor House, said that churches did not drop down from heaven any more than bishops, though a little girl in his congregation, evidently under that delusion, had recently said to her mother during a tiring sermon: "I am tired now, mother. Can't the bishop go back to heaven?"—London Standard.

Like a Mental Moving Picture.

Baker—People who have been near drowning say that in an instant all the events of their past lives are presented to their mental vision. Barker—I don't believe it. Baker—Why not? Barker—If it were true they wouldn't allow themselves to be rescued.—Life.

The Attraction.

"You say you are in love with Miss Baggs?" "I sure am." "But I can't see anything attractive about her." "Neither can I see it. But it's in the bank, all right."—Cleveland Leader.

Job Printing and Job Printing
THERE are two kinds of Job Printing—that which is neat and artistic and that which possesses neither of these qualities. The Princeton Union makes it a point to turn out none but the former kind, and the Union finds this easy because it has the type, machinery and skilled labor with which to accomplish it.
Nothing Looks Worse Than Botched Job Printing.
It is a drawback to the business of a merchant or anyone else who uses it. Botched Job Printing suggests loose methods. Then why not use the kind printed by the Union? It costs you no more and gives the public a good impression of your business. The Princeton Union is prepared to execute every description of
Commercial and Fancy Printing
at short notice and nominal prices. If you are in need of letterheads, noteheads, billheads, statements, cards, posters, programs, wedding invitations or any other work in the printing line, an order for the same placed with the Union will insure its being produced in an attractive and up-to-date style.
