TWENTY-FIVE YEARS AGO

Farmers will not vote for farmers. The average farmer is jealous of his neighbor and hates to trust him. This is a bold assertion to make, but it is true, nevertheless.

Miss Flora King has resigned her position in Jesmer's store, and the vacancy is filled by another young lady from Wyandot, Miss Maggie Scanlan. Misses King and Scanlan are two girls that are hard to beat.

Of all the despicable beings on earth a Janus-faced tattler is the lowest and most contemptible. Every man that is a man respects, if he does not love, an open and avowed enemy, but every man with a spark of manhood in his breast loathes a fawning lickspittle tattler.

Fred McClellan will make a good assessor. He is well posted on the lay of the land and has tramped over almost every quarter section in this county. He was not our first choice for assessor, but we believe Fred will make a fair and square assessment and do justice to all classes.

When a man is a candidate for any office it is votes that he is after. If he gets votes enough he will be elected. That's all there is to it. The motto of every office-seeker should be "Get votes"—by fair means if possible, but get votes by some means. All is fair in love and politics.

Mrs. C. H. Rines has undertaken the herculean task of collecting 1,000,000 postage stamps. She would like to have all our business men and officials who receive considerable mail, save their envelopes for her. She will cut the stamps out herself, but she is too modest to make the request herself, and we do it for her.

Clerk of Court Briggs has finally succeeded in getting returns from the several towns. During the year ending December 31, 1899, there were 50 births and 31 deaths in Mille Lacs county, divided among the towns as follows: Princeton, 26 births and 18 deaths; Greenbush, 5 births and 6

Messrs. I. F. and David Walker have rented Mr. W. A. Smith's store at Spencer Brook, and have also purchased his stock of goods. When their new stock arrives they will make the fact known through the columns of the Union.

On the first inst. a meeting was held in Cambridge to talk starch factory. It was decided to offer a bonus of \$4,000, to be paid in potatoes by the farmers, for a factory of 3,000 bushels capacity daily. We are afraid our Cambridge friends will find that that kind of a bonus will not prove satisfactory. However, we hope the farmers of Isanti county will get the starch factory.
