Wall Ruined? No Indeed. A little soap and water. Make it like new if your walls are painted with SHERWIN-WILLIAMS Flat-Tone

Flat-Tone

No spots or finger marks on Flat-Tone walls! Soap and water take such marks off without the slightest marring of dainty tints. We recommend Flat-Tone not only because it is a beautiful decoration but also because we know it is truly sanitary. No germs can hide behind Flat-Tone.

Flat-Tone may be laid on any surface and leaves a perfectly smooth finish of dull warmth that invites and rests the eyes.

We can furnish Flat-Tone in many beautiful shades, and we shall be glad to show you the attractive effect secured with this modern sanitary wall finish.
