A party of young people spent Sunday evening at Wm. Thompson's in Baldwin.

**Rheumatism Yields Quickly to Sloan's.**

You can't prevent an attack of rheumatism from coming on, but you can stop it almost immediately. Sloan's Liniment gently applied to the sore joint or muscle penetrates in a few minutes to the inflamed spot that causes the pain. It soothes the hot, tender, swollen feeling, and in a very short time brings a relief that is almost unbelievable until you experience it. Get a bottle of Sloan's Liniment for 25c. of any druggist and have it in the house—against colds, sore and swollen joints, lumbago, sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Advertisement.

**BLUE HILL.**

Miss Alice Lavelle returned from Minneapolis on Monday, where she has had a position in the Glass Block store.

Chas. Reichert's team ran away last week while hitched to the corn planter. They collided with a tree and demolished things generally.

**REO**  
The Fifth

To the Prospective Buyers of Automobiles

Why should you hesitate to buy a Reo when most of the business men of Princeton are owners of Reo Motor Cars? This alone should speak for Reo the Fifth as being the biggest and best car for the money. Ask any of these men about the Reo then come to me for full information.

**A. E. HAYES, Agt.,**  
Princeton, Minnesota.**CURIOUS FERRYBOATS.**

Crossing the River at Simla is a Comical Performance.

Perhaps the most curious ferryboat to be found in the world is at Simla. The river that flows to the northeast of Simla, the chief town of the Simla hill states, has few bridges, so, necessity being the mother of invention, a novel method has been adopted.

The skin of a buffalo is inflated with air and is placed, with the four feet upward, to float in the water. The owner then throws himself over it and the one or two passengers sit or lean on the top of him. By means of a small paddle in his right hand and the movement to and fro of his legs in the water the owner takes his passengers across.

The journey takes from three to five minutes, and the modest sum of a pice (one-half cent) is charged. It is only by repeated crossings in a day that a man can earn much, but so many natives use this means of going to and from their villages that the trade is not unremunerative.

Few things are more comical than these mussacks, whether moving in midstream or being carried back to the village at night on the owner's back. They are, of course, very light and are about two and a half yards long.

They seem to be safe, except in monsoon weather, when heavy rain has caused a rapid current, but at such a time two mussacks are often linked together, so that, being heavier, they can avoid the rocks.—London Strand Magazine.

school.

Alfred Bennie and Ella Heruth spent Sunday with their sister, Mrs. J. Vernon, at Brickton.

Mr. and Mrs. G. Degleman, Mr. and Mrs. J. Seifert and son, Guy, Mr. and Mrs. Fradette, and Mrs. Gennow called at the Frank Betzler home Thursday evening.
