The Powerful 1916 "Light Six" Will be Here The Middle of Next Week

It's the car you have been waiting for. The snappiest, best balanced, easiest riding little car you ever rode in at any price. Its power makes the hills seem level and rough roads seem smooth. Get your demonstration now. Deliveries July 1.

A FEW POINTS OF EXCELLENCE:

1. Motor, 40-45 Buick valve-in-head motor, four-bearing crankshaft, tungston steel valves.
1. Unit power plant, self contained Buick oiling system, three fount suspension.
3. 115 wheel base, cantilever springs, rides like a cradle on 4-in. tires.
4. Genuine Delco electric starting, lighting and ignition system.
5. Full floating rear axel with nickel steel spiral cut drive gears, absolutely quiet.
6. A large roomy 5-passenger body, rear seat 46 inches wide.
7. Genuine leather upholstered cushions 10-in. deep, seat backs that fit your back.
8. Honeycomb radiator, with large water capacity, which keeps the motor cool under all conditions.
9. Stewart vacuum system, assures perfect gasoline feed to the carburetor at all times.
10. New style double bulb electric head lights, ventilating wind shield.
11. One man top, with quick-acting inside attaching side curtains.
12. Improved irreversible steering gear, ball-bearing adjustments, 19-in. steering wheel, electric horn in center of wheel.

Buick Sixes have demonstrated their superiority in tests and actual service, and in working out the car problem it has been found that the enduring need is Power. Power and still more power has been the cry of Motorists. The greatest luxury in an Automobile is Power.
