

CZERNOWITZ IN RUSSIAN HANDS

Austrians Are Said to Have Left Bukovina Capital.

FIERCE FIGHTING PROCEEDS

Vienna Reports Muscovites Are Making Desperate Attempts to Break Through the Teutonic Lines in Galicia, Suffering Heavy Losses as a Result.

London, Jan. 5.—The Petrograd correspondent of the Havas agency announces that the Austrians have evacuated Czernowitz, the Russians having seized all the heights dominating the town.

London, Jan. 5.—A Reuter dispatch from Petrograd says the Teutonic forces are reported to have evacuated Czernowitz (Bukovina). It adds that a large number of prisoners have been taken, including many Germans. The Russian official communication does not confirm the evacuation of Czernowitz, but says: "Northeast of Czernowitz we have occupied a line of trenches and repulsed strong enemy counter attacks."

SUFFERING HEAVY LOSSES

Austrians Say Russian Attacks Are Being Repulsed.

Berlin, Jan. 5.—Desperate attempts by the Russians to break through the Austrian lines in Galicia are continuing, but, according to an official statement by the Austro-Hungarian war office, they have been nowhere successful, and the Russians are declared to have suffered heavy losses.

Capture by the Austrians of a trench north of Dolje, in the Tolmino section of the Italian front, is announced.

SEES GERMAN TRADE GONE

British White Paper Also Says Imports Have Been Reduced.

London, Jan. 5.—"Germany's export trade has been substantially destroyed," says a foreign office white paper presented in parliament outlining the policy adopted to enforce the blockade of Germany. The paper adds:

"German imports also have been greatly reduced, such important staples as cotton, wool and rubber being excluded, and others like fats, oils and dairy products, being obtained at famine prices."

BRITAIN OFFERS TO ARBITRATE DISPUTE

London, Jan. 5.—Sir Edward Grey, secretary for foreign affairs, has answered the complaint by the Germans through the American embassies regarding the destruction, off the coast of Ireland, of a German submarine and a crew by the British auxiliary cruiser Baralong, by referring to various German outrages, says a British statement issued.

Sir Edward Grey offers to submit such incidents, including the Baralong case, to an impartial tribunal composed of officers of the United States navy.

The foreign office has presented to the house of commons the full correspondence between Ambassador Page and Sir Edward Grey concerning the case.

A memorandum from Germany concerning the sinking of the submarine includes affidavits from six Americans.

SEEK WAY TO STOP ATTACKS

Allies Aroused by Submarine Activity in Mediterranean.

London, Jan. 5.—The continuance of submarine activity in the Mediterranean, which was emphasized by the news of the sinking of the British steamer Clengyle, with the loss of ten lives, has created a profound impression in all the entente's capitals. There is an insistent demand from the public for vigorous measures against the undersea commerce raiders, but the problem is no easy one for the Anglo-French staffs.

The Anglo-French press expresses the opinion that some sort of policing of several sections of the intricate Mediterranean coasts and archipelagoes is necessary. Presumably the occupation recently by entente forces of the island of Castellorizo, off the south coast of Asia Minor, was one step in the scheme to provide a more thorough control of the region where submarine bases are supposed to exist.

Parliament Member Dies.

The county commissioners should see to it that the list of fees of county officers are properly made out, filed and published as required by law. The public examiner brought this matter forcibly to the attention of the county officials last summer.

Poor old "Nig" Jones is no more. He departed from the trials, sorrows and tribulations of this world last Saturday at 4 o'clock p. m. He lived far beyond the allotted time, and was always a faithful, willing and gentle nag. We all mourn over departed "Nig."

Heretofore, the editor could leave home for a day, week or month if necessary, perfectly satisfied that the readers of the Union would gain by his absence—for Guy Ewing's facile pen was always at our command. But Guy is gone now and the "devil" will have full swing.

Blue Hill correspondence: A gentleman from Minneapolis was here Saturday looking for a small farm. He looked at several and got prices. The greatest trouble seemed to be that every farm he saw was "for sale" and all at such low figures as to give him the impression that there is something wrong with the farms or the owners.

The new county officers commenced their duties on Tuesday. C. A. Dickey, now judge of probate, will hold his justice office at the court house hereafter, where he can be found by those seeking law in his line. J. W. Goulding, register of deeds and town clerk, will hold both offices at the court house. J. A. Ross, county attorney, will make no change in office.

Mr. Thomas Scheen and Miss Cora Smith commenced the new year well—they were married on the evening of the 1st inst., at the residence of the bride's parents in Greenbush, by Rev. W. J. Warner. Mr. Scheen is head clerk in Jesmer's store and is a bright young business man of correct habits. The bride is the daughter of Mr. and Mrs. N. M. Smith of Greenbush. For several years she has taught in the schools of the county, and she is an accomplished young woman. Here's a double health to Mr. and Mrs. Scheen.

Liberal Minded. A mob took a wretch of a fellow out and strung him up to a tree. "For the sanctity of womanhood!" they solemnly proclaimed. However, they were reasonable about it. They didn't go to the fanatical length of holding women too sacred to take in washing to support their husbands and children and a dog or two for each family.

In fact, there was scarcely a man in the mob but gave, in his own home life, practical token of not going so far as that—Life.
