

# CUMMINS HOLDS ENORMOUS LEAD

## Iowan Captures Minnesota Republican Primaries.

### RETURNS ARE ONLY PARTIAL

Warm Contest for Nominations in St. Paul Municipal Primary Results in Defeat of Mayor Powers and Probably Several of the Present Members of the Council.

St. Paul, March 15.—Returns on presidential primaries from seventy-seven towns and scattered precincts in the state show that Senator Albert B. Cummins of Iowa carried the Republican primaries by a ratio of eight to one, easily defeating Henry Estabrook and William G. Webster. As the canvass of the vote progresses this lead is likely to be increased rather than decreased.

The vote stood: Cummins, 2,042; Estabrook, 466.

The returns from ninety-nine precincts throughout the state indicate the election of A. O. Eberhart, J. F. Jacobson, F. C. Stevens and S. R. Van Sant as delegates at large to the Republican national convention in the order named.

On the Democratic side Lawler, Just, Weiss and Nelson probably are elected delegates at large.

In the race for delegate at large S. R. Van Sant of Minneapolis is leading, but A. O. Eberhart of Mankato is a close second and giving Van Sant a hard race for first place. J. F. Jacobson and F. C. Stevens or James Manahan seem to be the choice for the other places.

The other candidates are trailing close together.

## MAYOR POWERS IS BEATEN

### V. R. Irvin and W. C. Handy Lead St. Paul Primary.

St. Paul, March 15.—Returns from 128 of the city's 141 precincts give V. R. Irvin for mayor a total of 8,926 votes; Comptroller W. C. Handy, 5,632, and Mayor Powers, 5,002.

In the race for councilmanic nominations Commissioners Keller and Farnsworth are first and second in the returns from fifty-two precincts. John Caulfield is third, Commissioner Goss fourth, John D. Hyland fifth, D. J. Sullivan sixth, Commissioner McColl seventh, Louis H. Peters eighth, William A. Gerber ninth, George L. Grenville tenth, N. T. Mears eleventh and J. F. Emme twelfth.

Behind them came George P. Bowlin, William E. Witherspoon, Commissioner Yoerg and Albert Wunderlich, in the order named.

Final figures may change the standing of several of these candidates.

## FEW CHANGES ARE MADE

### Local Option Elections in Many Minnesota Towns.

St. Paul, March 15.—Returns from local option elections in thirty-five Minnesota villages and towns show a change of three villages from the wet to dry column, while one city slipped from prohibition and voted for saloons.

Owatonna, which went dry two years ago, changed front and voted wet by a narrow margin of 34. The villages which went dry are Foley, by 13 votes; Eyota, by 14 votes, and Kimball, by 13 votes.

Plainview, a wet village, was first reported to have gone dry by one vote. Later it was announced the election was a tie.

## MACVICAR POLLS BIG VOTE

### Primary at Des Moines Indicates He Will Be City's Next Mayor.

Des Moines, March 15.—Complete unofficial returns from the nonpartisan municipal primary show that John MacVicar, one of the originators of the commission plan of government in Des Moines, is 7,000 votes ahead of L. E. Royal, who will be his opponent for election as mayor.

Thomas Fairweather, half owner of the local Western league club, ran 2,000 votes ahead of his nearest opponent in the contest for councilman.

## COURT SETS INDIAN FREE

### Federal Authorities May Try Him on Murder Charge.

Sisseton, S. D., March 15.—Zack Flute, an Indian who was convicted of the murder of B. E. Colley and Ed Peterson of this city about eleven years ago at Flute's farm home west of Peever, has been released from the penitentiary at Sioux Falls on an order of Judge Elliott of the federal court on a motion based on a recent decision of that court that the circuit court in which Flute was convicted had no jurisdiction, as the crime was committed on an Indian allotment. The supreme court recently ruled that a crime committed on an allotment was the same as though committed on an Indian reservation. Flute may now be arraigned by the federal authorities.

# ADVANCE GUARD READY TO START

## American Invasion of Mexico Will Soon Begin.

### ENSORSHIP IS VERY STRICT

Sufficient Information Leaks Out to Confirm the Belief That Operations to Capture General Villa Are Proceeding as Fast as Possible.

El Paso, Tex., March 15.—Through the thick veil of censorship, which has been established by General Funston, sufficient information leaked through to confirm the belief that the advance guard of the first expeditionary force may start in pursuit of Villa within the next twenty-four hours. The main force may not start for two or three days.

While the border waited in keen expectancy for word that United States soldiers had crossed the international line, reports flowed in from Mexican sources to the effect that Mexico's arch bandit had already been surrounded by the troops of Carranza.

The "first chief" apparently was making strenuous efforts to anticipate Americans and was reported from several sources to have concentrated more than 10,000 troops at different points about the Casas Grandes region, in Chihuahua, where Villa is supposed to be.

The officers of the Tenth cavalry left here for Columbus shortly after it was learned that the passage of transport trains between here and the scene of the Villa raid had ceased. They were practically the last of the corps who were stationed here.

Stoppage of the transport trains is taken to mean that the concentration of supplies at Columbus has been practically completed.

On account of the censorship the little definite news that reached here from Columbus was brought by incoming passengers. They reported that while military activities were being carried forward at feverish speed the indications were that it would be some days at least before the main punitive force moved.

## INCREASES REGULAR ARMY

### House Authorizes President to Add 20,000 Men.

Washington, March 15.—A joint resolution authorizing the president to bring the regular army up to full strength by adding 19,447 men to existing organizations, was passed in the house without objection or debate and with only one dissenting vote.

Representative Hay, chairman of the military committee, had asked for immediate consideration of the resolution, saying the step was necessary on account of demands of citizens along the border for additional protection during the march of the punitive expedition into Mexico.

There was no objection and the resolution was passed in five minutes.

On the viva voce vote one "nay" was heard. Minority Leader Mann demanded a rising vote, which resulted 236 to 1, Representative London, Socialist of New York, voting in the negative.

## UNITED MEXICO IS SEEN

### Former Villa Secretary Believes All Factions Will Oppose U. S.

New Orleans, March 15.—Diaz Lombardo, former secretary for foreign affairs under Francisco Villa and ambassador to Paris during the Madero regime, said here that every Mexican would oppose the entrance of American troops into Mexico and added that Carranza would be forced to oppose the United States. He added that the entrance of troops into Mexico would mean intervention, for the Mexicans of the Huerta, Madero, Carranza, Villa and other factions would unite to oppose the United States.

## THREE DROWNED IN CREEK

### Galesville (Wis.) Farmer Errs in Location of Submerged Bridge.

Winona, Minn., March 15.—Three persons were drowned and five others escaped miraculously when a farmer's wagon pitched from a submerged bridge near Galesville, Wis.

Those drowned were Mattie and Ole Buxrud, eleven-year-old twins, and Matthew Steenberg, forty-four years old.

French creek was badly swollen. A bridge, over which Driver Oscar Steenberg often had crossed, was hidden beneath the rushing waters. He relied on his judgment for the location of the bridge, but drove too close to its edge and the wagon turned over.

## Minnesota Fire Losses.

St. Paul, March 15.—Minnesota had 292 fires in February, with a total loss of \$368,410, compared with 212 fires and a loss of \$330,004 for February, 1915. The bulk of the loss, Robert W. Hargadine, state fire marshal, reported, was outside of the three large cities of Minneapolis, St. Paul and Duluth.
