## DELAY IN REPLY CAUSES ANXIETY

American Note Was Sent to Berlin Two Weeks Ago.

## ARE LOSING THEIR OPTIMISM

Officials at Washington Continue to Publicly Present a Hopeful Appearance, but Privately They Hint the Outlook Is Not Encouraging.

Washington, May 3.—Failure of Germany to reply to the latest American note demanding an abandonment of present submarine methods immediately, and lack of word from Ambassador Gerard, has created an air of grave concern in administration circles.

Two weeks have passed since the United States dispatched to Germany its note and the state department is still without any definite information. Publicly, officials continue to preserve an air of optimism. Privately, no attempt is made to conceal a contrary feeling.

It is felt here that the very length of time it itself indicates the communication will not take the shape of a simple response to the direct issue raised in the American note.

It is feared the reply is likely to assume an argumentative character, which scarcely can be regarded as meeting the requirements of the United States.

## No Decision Reached.

Berlin, May 3.—Herr von Jagow, the foreign minister, at the reopening of the sitting of the budget committee of the reichstag, said the government had not reached a decision regarding the situation that had arisen from the American note to Germany regarding Germany's submarine campaign.

## AGRICULTURAL BILL PASSED BY HOUSE

Washington, May 3.—The house passed the agricultural appropriation bill, carrying \$24,500,000.

The sum includes \$50,000 for experiments in manufacture of dyestuffs, \$2,500,000 for foot and mouth disease, \$250,000 for eradication of coyotes and other predatory animals in Western states, \$200,000 increase in appropriations for fighting cattle ticks, \$250,000 to eradicate citrus canker, \$200,000 increase in the appropriation for fighting hog cholera and \$30,000 for extension of the weather bureau service to the Caribbean sea.

Attached riders are three bills providing for a tax on cotton futures for the brading of grain carried in interstate commerce and for a permissive system of licensing warehouses for cotton, wheat and other staples.

## MILITIA GOES TO SCENE

Two Men Killed in Strike Riots at Braddock, Pa.

Harrisburg, Pa., May 3.—The Eighteenth regiment of infantry of the national guard, a Pittsburgh organization, and cavalry troops at Harrisburg, Pittsburgh, Sunbury and Tyrone were ordered to go to the scene of the rioting in Allegheny county in response to appeals from Sheriff George W. Richards of that county.

The Tenth infantry, a Southwestern Pennsylvania regiment, has been ordered to mobilize.

Two men are known to have been killed, four probably fatally wounded and a score of others seriously hurt when a mob, said by the authorities to have been composed principally of foreigners, attacked the Edgar Thomson works of the Carnegie Steel company in Braddock.

## DULUTH SENDS PEACE PLEA

More Than Thousand Letters Are Received by Minnesota Delegation.

Washington, May 3.—Minnesota senators and members received more than 1,000 letters urging them to do everything possible to avoid war. All letters were postmarked April 28, Duluth. In the letter munition manufacturers were charged with fostering war.

Senator Knute Nelson replied to the letter he received by sending to the signers a copy of a document he had prepared showing the number of neutral vessels of Holland, Sweden and Denmark that had been sunk by Germany during the present war, the total being 203, with a tonnage of 140,623.

## RICH ORE STRIKE IS MADE

## NAMES MUST BE PRINTED

South Dakotans Cannot Write on Primary Ballots.

Mitchell, S. D., May 3.—No names of presidential candidates may be written on the ballot at the state primary election on May 23, according to a ruling made by Attorney General C. C. Caldwell. Under this version of the primary law enacted by the special legislative session held in February it will be impossible for followers of either Colonel Roosevelt or Justice Hughes to vote their preferences for candidates. Inasmuch as the name of Senator Cummins was the only one listed in time to go on the Republican ballots indications are the Iowa solon will have the instructed support of the South Dakota delegates.

## IRVIN DEFEATS HANDY FOR ST. PAUL MAYOR

St. Paul, May 3.—Vivian R. Irvin was elected mayor of St. Paul by the greatest majority ever given a candidate for the office in the city's history. His lead over Major W. C. Handy is estimated at 8,000 on the basis of practically complete returns.

In the final lap of the campaign Mr. Irvin retained the advantage given him by the primary election, when he crowded Mayor Powers out of the race end emerged from his first political battle with Major Handy as his opponent. He received 10,150 votes in the primary to Major Handy's 6,405.

Mr. Irvin carried every ward with ease and his opponent was in the lead in only six precincts.

## Writes From China.

Arnold Freed, an Isanti boy, who is now at the U. S. Navy Station in Asia, had an interesting letter in the last issue of the Isanti News, describing conditions in China, where he has been for the past 28 months. He reports that the Chinese cities are well nigh the limit; the streets are narrow and usually filled with mud and slimy filth. Each city has an odor peculiarly its own, and far from refreshing. The majority of the people are so poor that they own nothing but what they wear, and many of the children wear no clothes. The houses are made of straw and mud and contain little or no furniture. Mr. Freed says that the Chinese are extremely lazy, which is not surprising, as there is little incentive to work. Those who do not relish starvation are forced to labor very hard for a few cents a day.

## BLUE HILL.

It is time that the men who have charge of our roads should be at work. There are some very bad mud holes that could be filled with gravel or straw. Now, boys, get busy, and we will all appreciate it.

We notice that the people of Zimmerman regret that more patrons of the different districts didn't attend their meeting last Friday night, and hear the address given by Mr. Howard and Mrs. Conger, our county superintendent, on consolidation. We wish to state that we are not interested in consolidating. Mrs. Conger was around a year ago talking consolidation strongly and when she discovered that people were not in favor of it she used strong influence in dividing the district, knowing that it would be more easy to force us to consolidate. Now we have two good school houses and have been successful in securing good teachers and feel that our children can secure a good eighth grade education here. Those who are desirous of sending their children to high school can do so with less expense than to have them hauled around in a bus, not knowing what accidents or trouble they may get in to. We are paying heavy taxes now without being thrown out of our school houses to help build Zimmerman a school. We are just waiting for Mrs. Conger to come around with her smooth story, asking people to support her for election again.

Mr. and Mrs. O. Hamilton and son, Claude, visited at the Jessie Steeves home Sunday afternoon.

It was determined that the school department will be discontinued next year, owing to a lack of sufficient number of pupils to comply with the law, and owing to the over-crowded condition of the primary room at the Whittier school, the first section of the primary pupils will be transferred to the room at the armory now used by the normal department, and Lydia E. Tompkins is made teacher of this class and transferred to said room.

The application of Miss Nellie Stanley for the third primary to succeed Miss Davis, was formally considered and referred to the teachers' committee for final adjustment.
