

## BRAHAM DEFEATED

Princeton Diamond Stars Get Long End of 4 to 3 Score—Fair Grounds Sunday.

Large Gathering of Fans Witness the Sensational Contest—No Game Next Sunday.

The Princeton baseball team carved another initial in the background of local athletic history last Sunday. Braham's haughty pastimers were the latest victims of the prowess of the locals, and it was as close a contest as has been seen in these parts for some time. At the conclusion of hostilities Princeton was "burdened" with the heavy end of a 4 to 3 count.

Wilkes was again on the hill top for Princeton, and his salary arm was working fine. Only five scattered blows were registered off of his delivery, and his rapid shoots and slants kept the opposition guessing all the time. He performed in his usual superb style. Skahan was behind the bat and comment is scarcely necessary. His ability is so well known to local fans that they always expect and see classy work when he is performing.

Peterson and Hummel made up the visiting battery, and both did well. The locals found Peterson for six ripe bingles, however, and three of these were bunched in the eighth inning, giving Princeton a couple of needed runs.

Braham was the first side at bat, and succeeded in pushing a run over after two men were down. Princeton started an offensive movement also in the initial round, and two of the locals traveled the paths for the complete circuit. Wilkes was first up, and he proceeded to lean on one for a sizzling single. He finally reached second, and went to third on a balk. Smith came next, and he hammered a hot one that the pitcher failed to handle, and Wilkes scored. Jesmer was retired, but while the visitors were eliminating him as a scoring factor, Smith reached third. Berg also went down, but Caley went to first on a dead ball. Mallette then came to bat, and the question of another run was squarely put up to the captain. He met it by straightening out one of Peterson's slants for a screaming single, and Smith romped home. The side took the field when Skahan was retired. In the second round Braham evened up the score. An error placed the first man up on the initial sack, and a hit carried him to third. A sacrifice fly gathered in by Roos enabled him to count. From then until the eighth stanza, both teams battled gamely, but neither side could count. Wilkes pitched sensational ball during this period and in only one inning did more than three men gaze at him from the batter's box. In the seventh two questionable decisions killed an almost certain score for Princeton. Doane was called out at third on a play that wasn't even close, and Wilkes was waved out at first a minute later. The fans, "Pongo" Olson, and the players were then determined to do something, and the game was put on ice the next inning. Three luscious bingles did it. Smith started thing by lacing out a hot single, and Jesmer followed suit. Berg rapped out a fielder's choice, and everybody was safe. Caley hammered out a drive to right field that was gathered in, but Smith counted on it. Captain Mallette then "kicked in" with his second timely swat of the game, and Jesmer crossed the registering station. The side was retired before further scoring was done. Braham made a last desperate stand in the ninth, and managed to push one run over. This was not enough to win, however, and when the side was retired Princeton had the game.

### NOTES.

H. J. Plaas represented Princeton as umpire, and his decisions were absolutely fair and impartial as usual. Attorney Kennedy of Braham was the other umpire and he did well also.

Caley was again on first base, and his return has strengthened the inner works to a considerable extent. He performed excellently, as usual.

Braham has a fast team, and the contest was a rattling good one.

The mobilization of the militia has demoralized the ball team, and it will probably be several days before it is known whether Princeton will have a team or not. Several of the star performers are affiliated with Co. G.

### A New League.

One hundred independent Minnesota base ball teams have signified their intention of joining the Minnesota State Fair Baseball League, which is being organized to determine the base-

ball championship of the state. At least fifty more teams are expected to enter the race before the entries close July 1.

Baseball teams of the state will be divided into three classes: Those from towns of 1,500; those from towns between 1,500 and 5,000; and those from cities of more than 5,000. The Twin Cities are excluded from taking part in the race. Cash prizes of \$450 will be offered the winners of the three divisions, and a handsome silver loving cup will be given the team which wins the championship in each division.

A complete report will be kept of every game played by each team in the league between June 20 and August 25, and all teams eligible to the leadership in each division will be permitted to play at the Minnesota State Fair for the cash premiums and the silver cups. Much interest in the contest has already been aroused, and a great race is expected. The Princeton ball team will be in the race if the organization is maintained here.

### Cambridge Fire.

Cambridge was visited by a disastrous fire yesterday morning, when the First National bank building and a large structure occupied by the Berglund Furniture Co., and the Johnson Hardware Co., were completely wiped out.

The fire started in the Berglund store at about six o'clock and the origin is unknown.

The village water works plant was "out of commission" at the time and this made the situation extremely critical. For a time it was feared that the entire block was doomed, and all the merchants occupying buildings on the chief business street of Cambridge had their goods carried out into the street. Fortunately the wind was in the right direction, otherwise the damage would have been much greater.

An appeal for aid was made to Isanti and it promptly responded with its limited fire fighting apparatus. A special train on the Great Northern brought a fire company and engines from Minneapolis which rendered good service.

The bank and store buildings were handsome and substantial structures. The Tri-State telephone office was located in the bank building and a dentist also maintained offices there. Until recently the Independent-Press was also housed in a room on the second floor of the bank building, and offices were being fitted up for professional men in those quarters. The loss is a heavy one, but partially covered by insurance.

Princeton sympathizes with its sister village in the disaster that has befallen it. But new business edifices will promptly be erected to replace those wiped out yesterday morning.

## MILITIA CALLED OUT

President Wilson Orders the National Guardsmen to Mobilize for U. S. Service—Mexico Responsible.

Company G of Princeton Ready to Depart for Fort Snelling Any Time, Where the Guard Will Mobilize.

Word to the effect that President Wilson had called the National Guards of the various states into service of the United States reached Princeton Sunday evening, and the news created considerable excitement.

The Mexican situation is responsible for the call. The de facto government of Mexico has threatened to attack American troops now in Mexico unless same are withdrawn, and the United States has bluntly informed Carranza, the provisional president, that this government cannot recede from its settled determination to maintain its national rights and to prevent further raids across the boundary. War is not inevitable, but the situation is critical.

Official information of the call to service arrived here Monday morning, when Captain A. H. Johnson of Co. G M. N. G., received the following telegram:

St. Paul, Minn., June 18.  
Capt. A. H. Johnson,  
Princeton, Minnesota.

The President of the United States having called the organized militia and national guard of Minnesota into the service of the United States, I am directed by the governor to order your organization to prepare for mobilization and muster into U. S. service. Recruit to 65 enlisted at once. Notify this office when you have done so and await further instructions. The utmost care should be exercised by recruiting officers as to physical condition of recruits.

The Adjutant General. Captain Johnson, Lieutenant Morton and the other officers of the local company immediately busied themselves in preparation work, upon receipt of the telegram. Enlistment blanks were ordered printed, and posters urging young men of this vicinity to volunteer for service were turned out at the Union Printery.

Seventeen recruits have been enlisted since Monday, and others are expected to join before the local company of guardsmen leave for Fort Snelling to mobilize. At this time there are 62 members of the company out in uniform in Princeton, and four other members are expected to arrive here today. This total includes 15 married men, but they will undoubtedly be discharged if enough recruits can be secured.

Captain Johnson has had the local company out for drill twice a day since Monday. Today the range will be visited, and rifle practice will be engaged in.

The indications are that Co. G will leave for Ft. Snelling in a day or two. Captain Johnson has received the following instructions as regards the Armory, from Adjutant General Wood.

Commanding officers of troops stationed in armories will designate responsible persons (preferably retired officers) as custodians of the armories and the property therein contained upon a form furnished for that purpose of all of the property so to be left behind, certifying to such inventories in triplicate. The property so inventoried should be receipted for by the custodian in triplicate, one copy of the inventory to be retained by the commanding officer, one copy retained by the custodian and one copy forwarded direct to the Adjutant General of the State.

Hereunder appear a list of the officers and men of Co. G:

- Captain—Alfred H. Johnson.
- First Lieutenant—Claude S. Morton.
- Second Lieutenant—Eugene C. Kalkman.
- First Sergeant—Clair A. Smith.
- Quarter Master—Herman F. Hofflander.
- Sergeants—William V. Sanford, G. Umbehoeker, William C. Doane, Henry L. Shockley.

Young, Nathaniel Smith, William Sutterstrom, Lloyd Berry.

### NOTES.

Since the above was written Gustave F. Pape has enlisted. Princeton will be a mighty lonesome place for some, after the departure of the militia.

The local company has some husky members, and they present a fine appearance while drilling.

This morning the members of the company were put through a series of physical culture exercises.

Princeton citizens should endeavor to make everything as pleasant as possible for the boys while they are still with us.

Recruits will be enlisted up to the time of departure. Any young men desirous of accompanying the boys should report at the Armory at once.

Capt. A. H. Johnson has been extremely busy since Monday, and the company is now ready to depart. He wired Adjutant General Wood to that effect this morning.

### Children's Day at the M. E. Church.

Children's day will be appropriately observed at the M. E. church next Sunday morning, and a pleasing program has been prepared for the occasion. The program appears hereunder:

### Main Street to be Paved.

Two blocks of what is commonly termed Main street—from the corner at the Farmers' Co-operative store to the corner at E. Nelson's store—is to be paved with concrete. This was definitely decided at a special meeting of the village council last evening. All members of the council were present and Mayor Newbert presided.

A number of Princeton's business men attended the meeting, and Mr. T. H. Caley strongly urged that the council put in concrete paving.

An estimate of the cost of the paving was submitted by the Bergman-Warner Co., placing the total at \$5,916.16. This includes the cost of covering the concrete with two inches of sand, and the shipping in of sand from Zimmerman. The street will be paved from gutter to gutter.

Preliminary arrangements were also made to extend the sewer along "E" street before the concrete is put in. No other business was acted upon, and the council adjourned after disposing of these matters.

### Bragdon Convicted.

Bragdon, the lecherous rich Minneapolis scoundrel who made a business of debauching girls of tender years, was found guilty, but the jury recommended that leniency be shown him. The severest penalty that the law will permit should be imposed.

## PRIMARY RETURNS

Frank B. Kellogg's Plurality Will Exceed 25,000—Burnquist, Frankson, Rines and Mills Nominated.

Dan Lawler the Democratic Nominee for U. S. Senator—Dwyer Likely Democrats Choice for Governor.

### In the State at Large.

Governor Burnquist has a tremendous majority over S. G. Iverson for governor; for lieutenant governor the contest is close between Frankson and Peterson with the chances in favor of the former; Julius A. Schmah, of course, is renominated over Sampson for secretary of state; Henry Rines will have not less than 15,000 plurality for state treasurer; Mills for railroad and warehouse commissioner easily defeats Steenerson; for justice of the supreme court, Anderson and Quinn lead, and being the two highest will fight it out at the general election next November.

All of the old congressmen have been renominated in the First, Second, Third, Seventh, Eighth and Ninth districts. In the Minneapolis district, the Fifth, Lundeen defeated George Smith. In the Sixth district Harold Knutson of St. Cloud is the successful nominee. In the Fourth district there was no fight as D. F. Reese was the only republican candidate. In the Tenth district Jepson is the republican nominee and he and Tommy Schall, who is just as good a republican as Mr. Jepson, will again oppose each other in November.

On the democratic ticket Dan Lawler is the nominee for United States senator, and Dwyer, the Minneapolis boiler-maker, is probably nominated for governor.

### The Result in Mille Lacs.

Monday was a beautiful day, the farmers of Mille Lacs county were busy and the majority of them felt as if they could not afford the time to go to the polls. But the same apathy was manifested in the villages, and less than 50 per cent of the voters exercised the right of suffrage. There being no contests over the local offices also contributed to the lightness of the vote.

Appeals to racial and religious prejudices were generally unheeded in this county. Borgholm town for instance, which is the strongest Scandinavian precinct in Mille Lacs county, gave Frank B. Kellogg three times as many votes as it gave Eberhart or Lindbergh; the vote in that town was as follows: Clapp 3, Eberhart 29, Lindbergh 28, Kellogg 87. The same is true of other strong Scandinavian precincts of the county.

The village of Foreston was the banner Kellogg precinct in proportion to population. The vote there was: Clapp 2, Eberhart 2, Lindbergh 2, Kellogg 41. Wakkon also gave Kellogg a handsome indorsement—27 to 1 for Eberhart, 4 for Clapp and 3 for Lindbergh. Princeton village gave Kellogg 140, Eberhart 32, Clapp 4, and Lindbergh 13. Milaca village gave Lindbergh 27, Kellogg 20, Eberhart 12, and Clapp 5. The total vote of the county for United States senator, exclusive of the village of Isle, which has not yet reported, is as follows: Kellogg 568, Lindbergh 176, Eberhart 161, Clapp 43. Kellogg's plurality over Eberhart in the county will be about 415.

Burnquist for governor and Rines for state treasurer also ran well in this county.

For lieutenant governor James A. Peterson and Thomas Frankson ran neck-and-neck. Princeton village gave Peterson 88 and Frankson 66.

Very few voted the stub-tailed democratic and prohibition ballots.

A tabulated statement by precincts will appear in next week's issue of the Union. Here are the totals exclusive of the village of Isle:

### Schild-Hedeon.

A pretty marriage was solemnized at the home of the bride's parents, Mr. and Mrs. John Hedeon, in Borgholm, last Thursday afternoon at 4 o'clock, when Mr. Raleigh Schild and Miss Martha Hedeon were united in wedlock. The ceremony was performed in the living room before an improvised altar of apple blossoms, flanked on both sides with ferns and flowers, Rev. U. G. Lacy, of Rice Lake, Wisconsin, read the service, and Miss Bessie Hedeon played the wedding march.

Miss Florence Hedeon and Alice Westling, sister and cousin of the bride, respectively, were bridesmaids. The bride was attired in a gown of white taffeta with a tunic of white net, cut deep in points, edged with taffeta. Her veil was fastened with a band of rose leaves, and she carried a bouquet of brides roses. Miss Florence Hedeon wore a white voile gown, and Miss Alice Westling was attired in a gown of green voile. Both had corsage bouquets of white roses.

The bride entered the living room with her father who gave her in marriage. She was met at the altar by the bridegroom and his attendants, Messrs. Emmet Schild and Louis Westling. The former is a brother of the groom and the latter is a cousin of the bride.

At the conclusion of the ceremony Mr. and Mrs. Schild were showered with good wishes and then a reception was held for the relatives and intimate friends in attendance.

The happy young couple left at once on a honeymoon trip through the east, and upon their return will make their home in Dalbo, where the groom operates a farm.

Mr. and Mrs. Schild enjoy the respect and esteem of all who know them, and a large circle of friends extend the choicest of felicitations to them for a long and happy wedded life.

Among those from away who attended the ceremony were the following:

Mr. and Mrs. Jerd Luman, Litchfield; Misses Alvina and Florence Broolin; and Emil and Ralph Broolin, Becker; Mr. and Mrs. Bishop and family, Princeton; Mr. and Mrs. Peter Westling, Mr. and Mrs. James Westling and family, Mr. and Mrs. Giles Ellsworth, Miss Ella Westling.

Princeton town cast only 84 votes at the primaries Monday. The election was held in the new warehouse at the rear of the Farmers' Co-operative store. Supervisor Henry Marpe, Fred Eggert and Henry Kunkle were the judges, and Town Clerk Albert Kuhfield and Aug. F. Meyers acted as clerks. Each one attended to his duties in a commendable manner, and the business was wound up at 12 o'clock.
