It is important, then, that in choosing its interior finish you buy material of quality and character. The Curtis trademark on woodwork is a guarantee of quality—it is stamped only when the material has passed rigid inspection.

### OPINIONS OF EDITORS.

#### And Lame Ducks.

It won't be long until salt creek will be all cluttered up with sailing craft of every sort.—Long Prairie Argus.

\*\*\*

#### Patriots Still With Us.

Who says there isn't a lot of patriotic self sacrifice nowadays, when so many politicians will spend \$5,000 to get a \$1,500 job?—Winona Independent.

\*\*\*

#### Nor In Princeton.

Editor Peter Schaefer, of Ely, insists that his town has the hand-somest school teachers in the state. Mr. Schaefer has not been in Biwabik for some months.—Biwabik Times.

\*\*\*

#### Due for Another Knock.

Thos. P. Dwyer, democratic candidate for governor, says he was educated in the school of hard knocks. Tom is due for a post graduate degree about Nov. 7.—Springfield Free-Press.

\*\*\*

#### An Effective Remedy.

If a bank should fail in China, the president and directors would lose their heads. Consequently there has not been a bank failure in that benighted country for over nine hundred years.—Hastings Gazette.

\*\*\*

#### Of Some Use.

There is one good feature about the campaign literature that comes to The Leader office every week—its only printed on one side, so that the other side can be used for copy paper or newspaper wrappers.—Lake City Leader.

\*\*\*

#### Drat 'Em.

Some one has asked if flies have wisdom. We cannot answer this question, but we do know that they possess persistence, nerve, inquisitiveness, curiosity and meanness to a large extent, particularly in steam heated buildings at this time of year.—Stillwater Gazette.

\*\*\*

#### Two Pointers.

The presidential campaign so far has demonstrated two facts: One is that a record-breaking vote will be cast; the other that up to this time there has been little apparent interest in the campaigning of either party. Just what it means only the gods know—and they won't tell.—Virginia Virginian.

\*\*\*

#### Changing Conditions.

How flattered you feel nowadays, to receive a message from a friend or acquaintance written in long hand. It seems to have the personal element that typewritten letters often lack. A comparatively few years back it was the typewritten missive that was proudly displayed.—Jordan Independent.

\*\*\*

#### Able, Honest and Fearless.

The voters of Minnesota will make no mistake in electing Judge James H. Quinn of Fairmont to the supreme court. He has the training and ability that is necessary to this high position, and, moreover, he is honest and fearless. He was a great judge of the district court, and will be one of the leaders of the supreme court, if elected, as he should be.—St. Cloud Journal-Press.

\*\*\*

#### What Would You Do?

If you were running a business, and needed a man, you would, no doubt, engaged an experienced man in preference to an inexperienced man. It would be "good business" for you to do so. In this state there are two candidates for Associate Justice of the Supreme Court. One, James H. Quinn, has the benefit of twenty years experience on the district court bench. The other, W. B. Anderson, has never had any judicial experience. It is apparent, therefore, that the man to vote for is James H. Quinn.—Winnebago Enterprise.

\*\*\*

#### An Experienced Candidate.

Attorney W. B. Anderson of Minneapolis and Judge James H. Quinn of Fairmont are the candidates for Associate Justice of the State Supreme Court. We are confident Judge Quinn will be elected, but we want to see his majority a big one, not merely because he is a candidate from the country but because he is more fitted for the place. Mr. Anderson never has had any judicial experience, while the Judge has gained the acquired experience after nearly a quarter of a century of service as District Court Judge. It is true that not a few voted for Mr. Anderson at the primaries thinking he was of Scandinavian descent. As a matter of fact the two candidates are of Scotch-Irish descent. Remember this, Mr. Voter, if Judge Quinn is defeated the entire state supreme court will be composed of men from the cities. As long as we have the better man in the country let's give him our support.—Albert Lea Times-Enterprise.

#### Unclaimed Letters.

List of letters remaining unclaimed at the postoffice at Princeton, Minn., on Oct. 23, 1916:

Mr. C. E. Lind, Mr. Carl Skagelberg. Please call for advertised letters.  
M. M. Briggs, P. M.

### TWENTY-FIVE YEARS AGO

The Princeton creamery will pay 21 cents per guage for cream hereafter. Can any creamery in Minnesota beat this?

John Russell of Yankton, S. D., is home on a short visit to his parents, after an absence of four years. Mr. Russell is head engineer in the Yankton insane hospital.

A son of Prof. Raftery's has arrived from New York and will remain and attend school here. Mr. Raftery, jr., is a smart appearing youth. He is a chip off the old block.

A. Sutter, general manager of the Produce Co., of North Branch, is buying potatoes at the Dalbo warehouse. We hope he will pay the farmers all there is in it for their potatoes.

John Blaisdell, an old time resident of Minneapolis, was up on a visit to I. S. Mudgett last week. Years ago Mr. Mudgett was in the employ of Mr. Blaisdell. Mr. B. informed Mr. Mudgett that the Frank Collum scrape cost him almost half a million dollars.

Hans P. Lund of Foreston was in town Tuesday. He leaves for St. Louis in a few days, where a company has been formed for the purpose of manufacturing the fire escape in which Mr. Lund is interested. Hans thinks there is a fortune in his fire escape and we sincerely hope there is.

Five carloads of starch were shipped from the factory here this week to Boston and New York. The gross price paid was 3 cents per pound. There may be millions in the potato starch business, but the owners of the factory have not been able to discover where the profit comes in at three cents per pound for starch.

John C. McQueen, James Murphy, Martin Lynch and M. L. Smith are down from Mille Lacs lake to prove up on their claims and as witnesses. We would like to have some of the soreheads who were so fierce in their denunciation of the Mille Lacs settlers last fall, meet these gentlemen. The editor of the Union is proud to number the big-hearted Mille Lacs settlers among his friends.

The finishing touches are being given to the German Lutheran church, and dedicatory services will be held on Sunday, November 8. The church is a neat appearing structure and is nicely located. We congratulate our German-American fellow citizens on their public-spiritedness in erecting such a handsome place of worship. Next year a parsonage will be built close by the church.

Mille Lacs Lake correspondence. Some Indians are building houses and barns in a nice piece of pine belonging to Wilder. They cut anything they want. It does not look as if they expect to move this fall.

### THE BEST PROOF

Princeton Citizens Cannot Doubt It. Doan's Kidney Pills were used—They brought benefit. The story was told to Princeton residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is from this locality. The Proof convincing.

Mart Dunning, Cambridge, Minn., says: "I had an extreme lameness in my back and I used Doan's Kidney Pills. I soon knew that I had at last found something that would remove the lameness. I got a great deal of relief, too, from dizziness and my kidneys were fixed up in good shape."

### A Permanent Cure.

More than two years later Mr. Dunning said: The cure Doan's Kidney Pills gave me has been permanent. I still highly endorse them.

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Dunning has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y. Adv.
