What Kind of Feathers

Your new home is not simply a this year's nest to be lived in a short while and abandoned. You are building for life. It is important, then, that in choosing its interior finish you buy material of quality and character. The Curtis trademark on woodwork is a guarantee of quality—it is stamped only when the material has passed rigid inspection.

Come in and let us show you the Curtis designs from our big Curtis Catalog.

Rain Halts Annual "Master Driver" Contest.

The annual Chicago Automobile club contest for "Master Driver" title was halted at the end of the first day's drive. The "Master Driver" contest is an original idea of the Chicago Automobile club. It is the subject of great interest in automobile circles.

In addition to the regular contesting cars, an Elgin Six five passenger touring car accompanied the run, serving as the official car containing representatives of the press and the officials of the drive.

In spite of the drizzling rain, which had soaked the roads for two days previous to the run, Elgin Six and Mercer were the only two cars of the eleven contestants which arrived at Peoria, Illinois, with perfect scores. The Elgin car was driven by G. A. Brinkman, while the Mercer car was piloted by Al. Schillo. Both drivers reported terrible roads throughout the 185 miles covered during the day.

The route started from Chicago, leading through Naperville, Sandwich, Ottawa, Princeton, Chillicothe and Peoria. If the rains had not made the roads impossible, the return route would have led through Toulon, Illinois; Cambridge, Illinois; Moline, Illinois; Clinton, Iowa; Dixon, Illinois; Rochelle, Illinois; Geneva, Illinois, and Chicago, Illinois.

The rules of this year's match were changed to make the run even more arduous than that of 1915, when not a single participant finished with a perfect score. No confetti was spread on the route, and on checking out in the morning, the only information given to the drivers was the distance to the night stop, the average speed to be maintained on the day's run, and the names of intermediate towns and cities through which they were to pass.

In addition to noon and night controls, two checking stations were established on the morning and afternoon runs each day. Running on a blind schedule, drivers were penalized for being early or late at checking stations. Competitors were compelled to take the shortest route, and for every additional mile traveled, the driver was penalized one point. Between stations, the cars were compelled to keep moving no matter what obstructed their course.

The cars participating in the endurance run were as follows:

Driver	Car
G. A. Brinkman	Elgin Six
Al. Schillo	Mercer
G. W. Stratton	King
John Kercher	Jeffery
J. C. Henderson	Chandler
W. M. Gelderman	Pathfinder

District 24 School Notes.

Earl and Lucy Leathers were absent last Friday.

Friday, Oct. 20, was parents' day, but owing to the bad weather only Mr. and Mrs. Tincher and Mr. and Mrs. Royal Berry and daughter, Margaret, Mrs. W. A. Foote and daughter, Edna, and Mrs. Siffness and son, Clarence, were present. At 3:30 p. m. a lunch was served by the seventh and eighth grade girls. We hope more parents will pay us a friendly visit during the year.

Dorothy Berry visited two days last week. Edward and Lawrence Diedrich and Emerick Johnson were absent last Wednesday.

We had a splendid crowd at our program and basket social. A tidy sum was realized, and we thank Mr. W. A. Foote for his services as auctioneer. The pupils and Mr. Foote rendered an excellent program.

Those who have attended school during twenty consecutive days ending Oct. 27, are: Loumis, Kenneth, Ruth, Hazel, Estella, Olive, and James Berry, Juanita Libby, Ward Foote, Florence Siffness, Esther Tincher, Victor Perrault and Lula Olson. Those who attended 19 days follow: Earl and Lucy Leathers and Emerick Johnson.

Forget Your Aches.

Stiff knees, aching limbs, lame back make life a burden. If you suffer from rheumatism, gout, lumbago, neuralgia, get a bottle of Sloan's Liniment, the universal remedy for pain. Easy to apply; it penetrates without rubbing and soothes the tender flesh. Cleaner and more effective than mussy ointments or poultices. For strains or sprains, sore muscles or wrenched ligaments resulting from strenuous exercise, Sloan's Liniment gives quick relief. Keep it on hand for emergencies. At your druggist's, 25c. Adv.

TWENTY-FIVE YEARS AGO!

Mrs. Belle Dickey and her little son went on a visit to friends in Elk River Tuesday.

Mahlon Ellenbaum and family have moved into the new house erected by Mr. M. Rice.

Mr. and Mrs. Will Bouck of Milaca were here calling on their numerous friends Monday and Tuesday.

The M. E. church people are putting a new coat of paint on the church building, improving its appearance very much.

Several couples from here attended the dance at the new hotel of Messrs. Clinch & Milton at Milaca Friday night. All report a good time.

The chicken and partridge law went into effect Sunday. The Deer law expired for the month of November only on the same day. Venison was in the market Monday morning—some of it having a rank smell for having been killed only the day before.

The base ball dance Friday evening was not a success financially. Those who attended had a pleasant time. The base ball boys furnish about our only amusement during the hot season, and should receive a hearty support in fitting up for next summer's campaign.

Several couples of merry-hearted people spent a very pleasant time Saturday evening as guests of Mr. and Mrs. B. D. Grant. Dancing was the order of the evening until 11:30 o'clock. A bountiful supper was served at midnight. The dancers went home well pleased with the hospitality of the host and hostess.

Next Monday the new school house will be occupied by the village schools. Five schools will be put in operation at that time. Miss Wyman of Wisconsin has been added to the corps of teachers. She will take the A primary work thereby relieving Miss Huse of about half of her school. The work hitherto has been too much for one teacher, but Miss Huse did her work admirably well.

After diligent search the Union editor has been unable to discover a single individual in Princeton who is willing to contribute a dollar to the World's Fair fund. Some of those interviewed seem to think that more money is needed, but the majority are of the opinion that \$50,000 is enough. All agree that they would not contribute a dollar save in the way of taxation.

The hair-restoring fakir was in town a couple of weeks ago and several of our citizens were "taken in" to the tune of \$10 each. The "picked" individuals say they bit because several of Anoka's "best people," including Ole Cutterson, County Treasurer Lee and Lew Greenwald, had given the fakir a certificate of character. We dare not print the names of the victimized Princetonites, because if we should Harry Heard, Nelse Jesmer and Lou Steadman would have us "removed" instantly.

Mille Laes Lake correspondence: Mr. Evans, another old soldier, has located on section 31. He will be in next week. So they come. Two men looking for houses to rent while building, each of them having six children. We will soon have a school district.

No "Poor Land."

"That land of yours was mighty poor when you bought it," a friend of ours remarked to the wide awake owner of a beautiful farm we passed the other day, whereupon the owner delivered himself of a faithful saying and worthy of all acceptance—or mighty nearly so. "You're mistaken," he said. "There's not any poor land when you manage it right." It is a true rule that "there is more in the man than there is in the land."—Progressive Farmer.

Superstitions of Royalty.

Caesar, Napoleon, Bismarck and others were not above the superstition of "lucky" and "unlucky" days. Thursday was the "unlucky" day of Henry VIII. of his son Edward and of his daughters, Mary and Elizabeth. It is strange that they should have died upon this day.

As Regards Vanity.

"All is vanity. At least so says the philosopher." "I don't know about that," chimed in the Plunkville sage, "but there is enough of it to keep the drug stores doing a good business in complexion contraptions."—Exchange.

Couldn't Fool Him.

Lecturer (in small town)—Of course you all know what the inside of a corpse is like. Chairman of Meeting (interrupting)—Most of us do, but ye better explain it for the benefit of them that has never been inside one. —Puck.
