What Kind of Feathers

Your new home is not simply a this year's nest to be lived in a short while and abandoned. You are building for life. It is important, then, that in choosing its interior finish you buy material of quality and character. The Curtis trademark on woodwork is a guarantee of quality—it is stamped only when the material has passed rigid inspection.

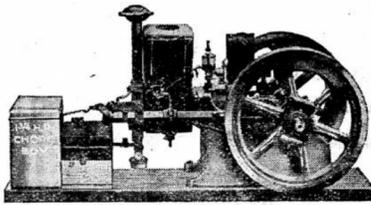

Come in and let us show you the Curtis designs from our big Curtis Catalog.

THE HIRED MAN

HERE is an engine you can bank on 365 days of the year. It's a crackerjack and worth two of any of the engines of same rated horse power now on the market. It is finely built of the best materials and workmanship possible to use for the work intended. It will run and pull and work and go just so long as you keep it supplied with oil and gasoline and it will cause you less trouble than any engine you have ever seen or heard of. While we only rate it as a 2 1/4 h. p. we guarantee that it is made to develop full 3 1/4 h. p. on the test block before leaving our factory.

FITTED BY ELECTRICITY

TWENTY-FIVE YEARS AGO

Commissioners Buck and McCool returned from their trip to the town of Robbins last Saturday, where they had been locating a county road. They say the boys from the lake cared for them right royally.

Robinson & Rowley of Brainerd are building a steam boat for S. M. Dinwiddie to be used on Mille Lacs lake. It is 36 feet long and 10 feet wide. The woodwork will weigh six tons, and will be hauled to the lake after being put together. The boat will be used for both freight and passengers.

A delegation of Chippewa Indians consisting of representatives from White Earth, Mille Lacs, Sandy Lake and White Oak Point have gone to Washington to consult the Great Father. The Mille Lacs band is represented by Moosemanie and Wah-weya-cunig. The city papers do not state that Hon. Nate Richardson accompanied the Indians.

The worst storm of the season or of any season for twenty years past, swept over Princeton yesterday. A terrific piercing cold wind from the northwest, accompanied by a blinding snow, raged with unabated fury from an early hour on Wednesday until this morning. It must have been a fearful day on the treeless prairies of the west. All trains were behind time, and the streets of Princeton never presented a more desolate appearance.

Mille Lacs Lake correspondence: Yesterday, March 6, the miserable redskins made a raid on Elmer Dinwiddie's house. Not content with breaking in the door, they smashed one window, picking the sash all out.

Milaca correspondence: A number of drunken bums have been making the nights hideous of late. A great deal of the booze comes from a neighboring town, but we are afraid our "real estate office" has been transacting some business. We wish to say to those who are meddling with the hellish staff against the law—what rum dispensers ever recognized any law?—that if one bit of evidence can be produced the scoundrels will be given an allopathic dose of Milaca justice.

Mothers

Should see that the whole family take at least three or four doses of a thorough, purifying, system cleaning medicine this spring. Now is the time. The family will be healthier, happier and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs of winter, accumulated in the system, driven away. Hollister's Rocky Mountain Tea is the very best and surest Spring Remedy to take. Get it at once and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. 35c. The best Spring tonic-laxative, purifier. C. A. Jack Drug Co. Adv.
