

# The Kodak. The Film.

Our Kodaks and films make it possible for all amateurs to make "professional" pictures, and make it possible for every woman, man and child to make pictures that tell the story better than words, and enable them to record in black and white the beauties of nature in both town and country.

**C. A. Jack Drug Co.** The "Rexall" Druggists  
Open Sundays from 9 A. M. to 1 P. M.

## LOCAL BREVITIES.

Our manner of living imposes great burdens on the body in the way of pain, distress and dis-ease. Chiropractic is a Science of keeping the body in condition to resist the forces which unnaturally tear it down. The cause of pain and dis-ease is in the spinal column. By adjusting the misaligned vertebrae to their natural positions, the cause is eliminated and the result is a strong, healthy body. Do not say: impossible. Try Chiropractic adjustments for yourself, and the fact will prove itself to your own satisfaction. The cut below illustrates the depression often felt and shown on the personal appearance of people who are ill in body and mind, and keep on carrying their burden of ill health, thinking there is no help for them. Chiropractic Adjustments will prove that there is help, and will make you well and strong.
