SWEDISH ENVOY TO RETAIN POST

Minister to Buenos Ayres Will Not Be Recalled.

FOREIGN MINISTER TALKS

Admiral Linman Says Baron Lowen Was Not to Blame for Tenor of Messages Sent by German Charge and Did Not Know the Contents of the Dispatches.

Stockholm, Sept. 12.—Baron Lowen, the Swedish minister to Argentina, will not be recalled, according to a statement made to the press by Admiral Linman, minister of foreign affairs.

BUENOS AYRES IS ANGRY

Students Show Hostility Towards Germans and Swedes.

Buenos Ayres, Sept. 12.—Hundreds of students took part in a great demonstration. They marched through the streets waving flags and shouting: "Passports, passports." The demonstration was anti-Swedish as well as anti-German.

Mounted patrols are guarding the city. Squads of police are protecting the German and Swedish legations and the German newspaper offices. Serious disorders are threatened, but it is believed that the strong guards will be able to prevent outbreaks.

It is reported at the foreign office that the Argentine government will ask Berlin and Stockholm for explanations and that if these governments disavow the action of their respective legations the matter will be regarded as personal and the two diplomatic representatives in question, Luxburg and Lowen, will be given their passports.

EMBARGO TO PINCH RULERS OF SWEDEN

Washington, Sept. 12.—So serious does President Wilson regard Sweden's violation of neutrality in the Argentine affair that he will be satisfied with no action short of a change in the personnel of the Stockholm government which will eliminate the pro-German officials who have made their country the accomplice of the Prussian autocracy war plots against American states.

This disclosure was made here in connection with information that the three messages made public by Secretary of State Robert Lansing constitute only a small part of the evidence that the Swedish government has been acting regularly as a channel of secret communication between Berlin and German envoys and agents in neutral countries.

The state department has the German text of nearly seventy messages sent by Count Luxburg, the German charge d'affaires at Buenos Ayres, to Berlin through the Swedish legation and the Stockholm foreign office.

The method which President Wilson will use to bring this situation strongly to the attention of the people is the embargo. A commission from Sweden is in the United States to ask this government to raise the embargo so the Swedish people will not be denied their normal imports.

MAY REDUCE FOOD PRICES

Retail Grocers Take Matter Up With Food Administration.

Washington, Sept. 12.—Measures designed to cut retail food prices were discussed with the food administration by representatives of all branches of the retail grocery trade.

A committee was named to work out plans by which distributing houses may give more efficient service to the public.

A licensing system for all grocery stores doing a business of more than \$100,000 annually was suggested by representatives of the trade. It is likely, it is said, that this proposal will be adopted by the food administration.

ON UNWRITTEN LAW PLEA

British Officer Found Not Guilty in Murder Case.

London, Sept. 12.—Lieutenant Douglas Malcolm, on trial for the murder of Anton Baumberg, a pseudo count, was found not guilty by a jury. The case was the first to be tried here in which the "unwritten law" was the sole defense.

A coroner's jury had returned a verdict of "justifiable homicide" after hearing Lieutenant Malcolm's plea that he had killed Baumberg "in defense of his wife's honor."

MOONEY DENIED NEW TRIAL

STILL IMPEDING TEUTON ADVANCE

Russians Stiffen Resistance in Riga Region.

DEFEAT GERMANIC ALLIES

Roumanians and Slavs Take Offensive in the South and Emerge Victorious. Fighting Around Verdun Dies Down to Intermittent Artillery Duels. Heavy Guns Booming in Flanders.

London, Sept. 12.—The Russian troops on the Riga front apparently still are impeding the Germans in their attempts at further advances into Russia and in the south, along the Bukowina frontier, as in lower Roumania, where they are operating in conjunction with the Roumanians, they have taken the offensive and won victories over the Teutonic allies.

Around Verdun the fighting between the French and the Germans has died down to intermittent artillery duels, the Germans having ceased their violent counter attacks to regain lost positions.

In Champagne there has been a resumption of somewhat violent operations in which General Petain's forces have won successes.

From the Belgian coast well down into Flanders the artillery duels continue of a most violent nature, but with Field Marshal Haig's guns apparently doing the major portion of the work.

BERGER PREDICTS GERMAN REPUBLIC

Milwaukee, Sept. 12.—Interpretation of the recent interview with Phillip Scheidemann, German Socialist majority leader, means the German Socialist Democratic party clearly wants peace, according to Victor Berger, former Socialist congressman and editor of the Milwaukee Leader.

"Moreover, it is well known the German Social Democratic party is absolutely antimilitary and in favor of a republican form of government and it is more democratic than any capitalistic democratic party in the world, including the United States," he said.

TAKES CONTROL OF SUGAR

Government Licensing System in Force Oct. 1.

Washington, Sept. 12.—The entire American sugar industry will be placed under government control Oct. 1, the food administration announced, by the institution of a licensing system to include manufacture, refining and imports.

The step was decided on with the approval of President Wilson to prevent speculative prices and to assure equitable distribution.

Beet sugar producers already have accepted a scale of prices suggested by the food administration, which means a saving to the consuming public of more than \$30,000,000 between now and the first of the year.

Cane sugar refiners have agreed to import all their requirements through a committee to be named by the food administration, which will apportion shipments among them.

WOMEN ARE GOOD LOSERS

Already Begin Another Campaign to Secure Ballot in Maine.

Portland, Me., Sept. 12.—The women of Maine are not downhearted over the defeat of the woman suffrage amendment to the constitution in the special election. Supporters of the cause are already hard at work for another campaign for the right of women to vote.

The defeat of the amendment was decisive, the vote being 17,029 to 31,043. The total vote was 60,000 less than half the referendum vote cast on the prohibition law in 1911.

Auburn and Rockland were the only cities which voted straight for suffrage.

Wisconsin Crop Loss Heavy.
Milwaukee, Sept. 12.—Damage that may run into hundreds of thousands of dollars has been done to Wisconsin's food crops by frosts of the past two days. It is believed 25 per cent of the potato crop was wiped out.

For three weeks he had borne all the horrors of the annual cleaning without a murmur. Then his patience gave way.

"And you," sobbed his wife, "you used to tell me I was your queen."

"Yes," he said, with a wild glare in his eyes, "but when a man finds his queen has used his best tobacco jar for pale oak varnish and his meerschaum pipe for a tack hammer, he begins to grasp the advantages of a republic."—London Tit-Bits.

Frost Causes Heavy Damage.

Millions of dollars in damage is estimated to have been done by the severe frosts of the past few nights to corn and garden truck in Minnesota, North Dakota, northern Iowa and northern Wisconsin according to reports received by the United States weather bureau. This is the earliest killing frost known in the official history of weather in the northwest during a period of 45 years.
