TWENTY-FIVE YEARS AGO

Judge Keith has gone to visit the scenes of his youth among the rocks and hills of Maine. He will be absent about a month and be accompanied home by his wife and son.

Mrs. Tom Warren, who has been in poor health for several months, has been brought down from Robbins and is stopping with Mrs. Eliza Page, where she is under the care of a physician.

Potato bugs are very troublesome this year and Paris green is very scarce and of an inferior quality. Consequently farmers have to do a good deal of bug-killing by hand and that is a job to tire anybody's patience.

There are a good many tramps in town, loitering here and there, and they should be invited to take a walk. Last Monday night one of these bums amused himself by discharging a revolver several times in the south part of the village.

Farmers have commenced to harvest rye in this vicinity.

Five cars of an extra freight were derailed at Zimmerman this morning. Nobody was injured and the damage was slight.

An anonymous correspondent wants to know if we are a church member and what church we attend. Well, Mr. Man-Afraid-to-Sign-His-Name, it is none of your d-d business.

That festive old gal, Julia Wood, of Sauk Rapids is again on the war path and is reaching for our scalp. But our hair is short and she cannot get a good grip. Behave yourself, Julia, and in the course of time we will forget that you ever wrote poetry—we may even learn to love you.

Hon. H. E. Craig of Orrock brought over his daughter, Miss Bird, on Tuesday, to attend the summer training school. During his stay Mr. Craig was the guest of Mr. and Mrs. J. L. Brady.

Married life is a game of questions and answers. It's the wise man who asks few questions, and a wiser one who gives brief answers.

HEARD IN PRINCETON.

How Bad Backs Have Been Made Strong—Kidney Pills Corrected.

All over Princeton you hear it. Doan's Kidney Pills are keeping up the good work. Princeton people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Princeton citizen's advice and give Doan's a chance to do the same for you.

C. Bridge, retired farmer, says: "Doan's Kidney Pills were all right, I found, when I used them. My back was aching a great deal and when I turned suddenly or bent over, sharp pains went through me. My kidneys didn't act right. I felt miserable and all rundown. Doan's Kidney Pills soon gave me a cure that has lasted for some time."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bridge had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. Adv.

Had Them Trained.

When a negro was arrested in St. Paul with a hen under each arm, two persons claimed the booty. A police sergeant said the one who could prove ownership could have the chickens; so one of the claimants sat quietly in a chair and called, "Come, Snooks." A white hen flopped up on his knee. "Now, Becky," and the red hen perched on the other knee. "Take 'em," said the sergeant; "they're yours."

Land Opportunities.

First time offered for sale, 4,000 acre tract of timber, meadow and cut-over land, located in southwestern Aitkin county, Minnesota, within three to ten miles of Mille Lacs lake, on or convenient to good roads, schools and in a rapidly developing community. The soil is rich timber loam with clay subsoil and is very productive, especially adapted to dairying and diversified farming. Some of these lands have enough mixed hardwood timber to pay for them. These lands will be sold in tracts of 40 acres up at prices from \$9 to \$20 per acre, \$2.00 cash and balance in five yearly payments. Can show these lands at any time from Princeton by automobile. Don't miss this opportunity to get a good piece of land at a reasonable price and on easy terms.

27-tfc. Robt. H. King.

Cuts work in half

You can keep your stalls and your cows clean with half the labor—save time and feed, have healthier cows, better milk; more milk and greater profits, if you have your barn equipped the James Way.

Every progressive dairyman should have his barn fitted out complete with

James Sanitary Barn Equipment

Even if you are not ready to buy a COMPLETE sanitary barn equipment, don't hold back on the stanchions. JAMES STANCHIONS, by themselves in any barn, old or new, can be IMMEDIATE money-makers for you, and that is the practical, sensible FIRST STEP toward owning a fine, complete barn equipment.

You are actually wasting money every day you put off the installation of James Equipment, because without it, you pay out the money anyhow in unnecessary expense of barn work and in wasted feed that would be saved by James Equipment. You are paying out the money anyhow, so why not have James Equipment to show for the money spent?
