High analysis fertilizers give you plant food at the lowest cost per pound.

And plant food, your experiment station will tell you, is what counts.

**SWIFT'S RED STEER FERTILIZERS**

are manufactured in different combinations of plant food materials to meet the requirements of all crops and soils.

We recommend them in formulas containing 14% or more of plant food, because such formulas are the most economical for you to buy.

Swift's Fertilizers are always dry and even drillers.

**How much should I give to make this a better world?**

**A CERTAIN** man in New York filled out his income tax report.

It showed an income so large that his tax was 53%. And his total gifts to church and charity for the year were \$148.

Think of it—thousands spent for luxuries and pleasure for himself; and \$148 to leave the world a little better than he found it!

Most of us do better than that; but not so very much better.

Our average daily gift for all church causes is

- less than we spend for daily papers
- less than a local telephone call
- less than a third of the day's car fare
- less than 3 cents a day

No wonder that 80% of the ministers of America are paid less than \$20 a week. No wonder that the church hospitals turn away thousands of sick people a year. No wonder that China has only one doctor for every 400,000 people. No wonder that every church board and charity society is forever meeting deficits, forever passing the hat.

It isn't because we are selfish; it isn't because we don't want to help. It's just because no one has ever put up a great big program to us, and asked us to think of the work of the church in a systematic businesslike way.

The Interchurch World Movement represents the united program of thirty denominations. They have surveyed their whole task, no business could have done it better.

They have budgeted their needs; no business could have a more scientific budget. They have united to prevent the possibility of waste and duplication. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

And they come to the men or women who love America—to you—this week asking you to use them as the channel through which a certain definite part of your income can be applied to make this a better world.

Only you can determine what part of your income that should be.

It's a good time right now to answer that question. We're passing through the world just once; how much better will the world be because you passed through?

Mrs. Kettleman was in Elk River last Wednesday.

Don't miss the musical concert on May 5.

Those who were absent from the Social club's hard time party last week surely missed a rousing good time. Through some slight misunderstanding some came in ye olden time garb. Such a display of hard-time costumes would have been difficult to find in a whole bunch of sorry-looking tramps. There was a variety of colored patches in evidence everywhere; there were mismatched shoes and hose, carpet rags for neckties and ribbons. Among those who looked as though they had stepped from two centuries ago were Mrs. Berglund, a dame of 1776; Lillian Stendahl, a society lady of '61; Mr. and Mrs. Rust from the 16th century; Mrs. Hurtt was a poverty stricken

lady who carried her valuables in a two-tone hose worn in Noah's ark; Harry Pratt was an overdressed, awkward school boy with flashing tie and military cap; Ed. Hanson remembered to liberally advertise the company on whose payroll his name appears, for particulars inquire of him; Prof. Swails looked a Russian revolutionist and was entirely disguised; all costumes were worthy of creditable mention. A fine program was rendered showing the natural ability amongst our poverty-stricken people. All the numbers were much enjoyed, but the hit of the evening was the original "magician's power" stunt by Mr. and Mrs. Henry Rust; Mrs. Rust as Madam Horsefly, the only living magician in Sebrurne county, demonstrated her power over an enterprising subject. There were tears in more than one eye before the performance was over, but they did not come from weeping; such shrieks of laughter and noisy demonstrations of approval showed thorough enjoyment of the performance. Henry surely showed marked ability and toed the mark in every instance. It was one of the best stunts in the history of the club. The hard-time suddenly disappeared when the time for refreshments came, but the zeal displayed did justice to any hard timer who ever partook of a good meal after weeks of half rations. The next meeting will be with Mr. and Mrs. Harry Mickleson in Meadowdale.

Be sure and attend the concert on May 5.

Those who delivered cattle and hogs at Princeton on Monday were Boehm Brothers, Charles Brande, Arthur Hunter, Warren Kinsner and Carpenter Brothers. They hitched their tractor to a wagon and hauled a load of hogs in. They find their tractor useful in a great many ways.

Sunday school next Sunday at 2 p. m. and church services by Rev. Clark at 3.

Mrs. E. Edson will entertain the Ladies' Aid society on Wednesday afternoon, May 5.

Mr. Holst and family of Princeton moved last week to the J. H. Huber farm which they have rented.

Mr. Mullen passed away at his home last Friday morning from tuberculosis. He had been in very poor health for over a year. A year ago last winter he had the influenza, which no doubt left his lungs in a weakened condition. He was school treasurer of district 36 for a number of years. He was a man well liked in the neighborhood. He leaves to mourn his loss a wife, three sons and one daughter. Mrs. Mullen

and family have the sympathy of their many friends. Funeral services were held at St. Edward's church in Princeton on Monday morning. He was buried in the Princeton cemetery.

Jacob Tearson of Baldwin was helping Matt Johnson the first of the week laying floors in the house on the farm that he purchased from C. W. Taylor last summer. He also has the walls ready to paper.

Walter Dilly and family have moved into the Frank Morrel house and have rented five acres of land.

Ben Carpenter and family have moved into their new house west of Blue Mound.

Mrs. Otto Borneke returned home from her visit at Mankato last Thursday.

**Mellotone for Restful Rooms**

No matter how comfortable the chairs, no room is restful if the walls are not. Restful walls are walls that are never noticed. They don't intrude. You may have restful walls by painting them with Lowe Brothers Mellotone.

It's a flat velvety wall paint that comes in a variety of dull, rich colorings; each soft as the rainbow tints. We have a new booklet you'll find interesting.

"The Whip" Train Wreck Caused a Sensation

When the big train wreck, which forms one of the gigantic scenes in "The Whip," the world's biggest motion picture, was staged in Maryland for this tremendous film drama, a veritable sensation was caused. All the countryfolk in the immediate vicinity of the wreck, who had no idea that the catastrophe was staged just for the movies, came running to the scene. Doctors were called, a hospital in a nearby city was notified and altogether a huge amount of commotion resulted.

The train wreck in "The Whip," by the way, is absolutely the most realistic ever staged for the movies and is also the most costly single scene ever staged for a screen production. The cost was over \$25,000 and it is but one of many mad-demonic scenes in "The Whip."
