TWENTY-FIVE YEARS AGO

On Monday there was a runaway and Jim Brown, as he stepped out of the postoffice door, was struck by the horse and precipitated through Ludden's show window. His head was badly cut by glass and he received a severe shaking up. The sleigh was wrecked, but John Olson, the driver, escaped injury.

The Great Northern has laid off its agent's helper at the depot and consequently Mr. Johnson has more work than he can handle. The Great Northern is noted for its economic streaks.

W. G. Calder of Winnipeg was in town yesterday, the guest of Will Ross. He was surprised to find so enterprising a town as Princeton out in these wilds.

The L. O. T. M. gave a farewell party in honor of Mrs. Emmet Mark last night. Mrs. Mark is going to Germany to finish her medical studies.

BANK OF NORTH DAKOTA

Statement Shows Decrease of More Than \$11,000,000 in Resources Since June 4, 1920. Bismarck, N. D.—A decrease of more than \$11,800,000 in resources since June 4, is shown in the statement of the bank of North Dakota issued by F. W. Cathro, manager and director general, showing the condition of the bank at the close of business on January 15, 1921. Profits for 1920 are listed as \$121,883.17.

The total resources are listed at \$15,926,725.24, as compared to \$27,764,870.37 shown in the statement following the examination of the bank on June 4, 1920, by O. E. Lofthus, state bank examiner.

The statement, while citing the bank's side of the case, will be compared to the audit on the condition of the bank to be submitted by Bishop, Brissman & Co., and the independents contend the full facts are not shown in the bank's own statement or the examination reports made by the bank examiner, a nonpartisan.

The statement shows that \$6,204,536.67 is due to the state owned bank from private banks of the state, being public funds deposited in the Bank of North Dakota and redeposited by the bank into the privately owned banks. In addition the state owned bank lists \$653,667.27 as due from banks in the state and \$106,651.88 as cash items due from state and public corporations.

Mr. Cathro disputes the reasons which have been assigned to eastern interests for the decline in grain prices. He said that the European situation had no part in declining prices.

ARIONS WIN

Basketball Game Last Friday Results in Score of 19 to 17 With Visitors Holding Long End. The local basketball team lost a tough contest last Friday night to the team representing the Pillsbury community house of Minneapolis. The teams played on about even terms all through the game, and a streak of luck on the part of one Anderson turned the tide in favor of the visitors.

The game started with a rush, the locals scoring two field goals before the visitors woke up. But at this point the horseshoe that this Anderson was wearing commenced to get in its work. He caged three baskets in a row from beyond the middle of the floor—all freak throws—and the first half ended with the locals in the lead 10 to 9.

But in the second half the visitors commenced to extend themselves and got a two-point lead from which they could not be dislodged. The game ended with a score of 19 to 17 in favor of the visitors. The game was featured by the basket shooting of Anderson, who shot six field goals, all of which were back of the center line. The line up:

MINNESOTA MAN GAINS 25 POUNDS

"I Am In Fine Health," Says Cominis After Taking Tanlac. "When I began taking Tanlac I only weighed a hundred and fourteen pounds, but now I tip the scales at one hundred and forty," said Leo Cominis, an employee of the Imperial Candy Co., at 501 Hennepin Avenue, Minneapolis, Minn.

"For nearly six years I had been troubled with indigestion, I never felt hungry and went down in weight. I had cramping spells that nearly killed me, gas formed awful bad and my stomach distressed me all the time. Then my back ached terribly, and instead of getting better I was growing worse.

"Finally I began taking Tanlac and it fit my case so well that I can't tell now there was ever anything at all the matter with me. My appetite has come back and I am never bothered with stomach trouble any more. My back does not hurt now and I have gained twenty-five pounds. I am in fine health once more and am glad to go on record as endorsing Tanlac."

Tanlac is sold in Princeton by the C. A. Jack Drug Co., and by the leading druggist in every town. Adv.

Commissioner Not a Commission.

The house committee on roads and highways of the Minnesota legislature voted yesterday, twenty-three to six, against the plan of having a commission of three to carry out the highway program and for the plan of having a highway commissioner handle it.

There is very little doubt that while very plausible arguments for the commission plan were offered, and while those who advocated it were in unquestioned good faith, this decision will meet with widespread approval. This not only because the people seem to fear a dispersion of responsibility if more than one man is made responsible, but because they seem to have full confidence in the integrity and ability of Commissioner Babcock.

The original plan of an unpaid commission of five seems not to have developed any friends at all in the committee, and this is not surprising. Well meant though it was, this plan quickly was discredited when it was subjected to the test of analysis and discussion.

Committee action is not legislative action, of course, and house and senate have still to say their say. But the preponderance of sentiment in the house committee for the commissioner plan is great enough, probably, to be taken as a forecast of the final result. —Duluth Herald.
