**TWENTY-FIVE YEARS AGO!**  
There are several estates hanging fire in the probate court of Mille Lacs county, the probating of which has been commenced but never finished. Some of these date back fifteen years.  
The rear of the Goss drive passed through Princeton last Tuesday. It has been a very unwieldy drive from Milaca down, requiring 15 days, the logs being scattered out over the meadows and sloughs. There are 5,000,000 feet in the drive.  
John Grant of Santiago lost a barn, a span of horses and a stack of hay by fire on Friday night.  
Brennan & Carmody have dissolved partnership and Mr. Carmody will continue the business.  
Art Howard, Chas. Rogers and J. H. Ward have completed their appraisal of school lands in this county. Potatoes sold for one and a half

cents per bushel in Anoka last week. This price was made by farmers who had the potatoes stored in cellars with the understanding that the purchasers were to haul the spuds themselves.  
William McCuaig has improved the appearance of his drug store by the application of a coat of paint.  
The high school nine met with defeat at the hands of a picked team by a score of 31 to 10. Fred Ross broke one of his fingers and tore off one of his fingernails in the melee.  
Albert Swanson and Mcry J. Larson of Zimmerman were married at the Methodist church in Elk River on Friday.  
An application of the street grader would benefit our streets greatly just now.  
Wells continue to go dry notwithstanding the frequent rains of late.  
John H. Grow and Mary E. Burke were granted a marriage license last Saturday.  
E. Mark has purchased nine deer from Douglas and intends to start a park of his own.  
Tomorrow fishermen will be able to catch black bass without fear of the law's interference.  
The sale of the state lands will be held on May 2 at the county auditor's office. State Auditor Dunn will personally conduct the sale.  
Mrs. Ida Howard, wife of Fred Howard of Minneapolis, died at the residence of her mother in Princeton last night. She was a daughter of Dr. and Mrs. E. C. Gile and was in her thirtieth year.

**Poplar Grove School Notes.**  
The average daily attendance the last month of school in district 3 west was 42, 27 pupils being neither absent nor tardy during the entire month. I deem this a very creditable showing.  
Out of an enrollment of 46 only 18 received 100 in department on monthly report cards to parents and were 100 in spelling, namely: Herman and Theodore Hoelt, Renata and Gehardt Hamann, Esther Gerth, Henrietta Guderian, Walter Kuetner, Viola Hamann, Ernest Klingbeil, Julius and Della Kormann, Edward and Edna Rosen, Ernest and Arnold Gens, Alvin Strauch, and Willie and Ida Rick.  
Esther and Burnetta Gerth and Myrtle Kuetner came to school the entire 160 days without being tardy even once.  
The following are those who came to our picnic the last day: Mrs. John Hamann, Mrs. Will Gerth, Mrs. Chas. Rosen, Mrs. Emil Gens, Mrs. Carl Rick, Mrs. R. Guderian, Mrs. D. Kuetner and the Misses Martha Strauch, Helen Rick, Emma Hoelt, Hulda Zoellmer, Vonda Hamann.  
School closed with a picnic dinner in the grove at the school house. Weiners were boiled and lemonade was made and the tables fairly groaned with all the good things to eat. About 60 attended and, with an ideal day, a thoroughly good time was had.  
With the closing of school this year ends my career as a teacher, and at first thought, a feeling of sadness creeps over me, since I love the pupils and every parent with whom I have co-operated for three years. But yet,

it's hard work and I am so glad for a rest and my duty is to make and be in the home. First of all, I want to thank our school board, August F. Meyer, William Hoelt and Carl Siebert for their co-operation and kindness to the last, and for the offer of the school again for the fourth year, and assure them that no teacher ever left a school with a more friendly feeling toward all. And now, that myself and husband are leaving Princeton for a home in St. Cloud or the cities some time this month, I wish you to know that I have enjoyed my four years stay among you, and especially want to thank the 100 families, both in the country and village, who were so kind to me during the winter months when I had such severe sickness in the family. No one can fully understand the struggle and the heartache and sorrow until it comes home to them, and your sympathy and lovely gifts meant so much to me, and so I say that my home will always be open to you, wherever I go, and don't forget to let me know if ever I can reciprocate in any way. I am very, very grateful to you all.  
Mrs. C. M. Serrurier, Teacher.

**High School News Budget.**  
The high school baseball team went to St. Francis last Friday and defeated the team there by a score of 12 to 7. Next Friday they will go to Anoka to defeat the team which has been beaten by St. Francis by a score of 6 to 3.  
The juniors are glad! Why? One of their number won the essay writing prize. They go around saying, "Hurrah for us."  
The cooking girls have been drawing plans for houses. They have been criticizing the plans and trying to arrange them better.  
If people would see us sitting around with a blank piece of paper and a pained look on our faces trying to think of something to write for school notes they would probably appreciate them more, as we have a hunch that we are the only ones who read them.  
The juniors are always kept on the run. Now, since the play is over they are beginning to worry about the junior-senior banquet, and last but not least, the English 3 state examinations.  
What is that long line constantly seen trailing into Miss Allen's room for? Why, to see what chance we have of carrying English 4 without English 3 next year.  
English 2 classes have started to study poems written by Oliver Goldsmith. We hope they are as interesting as Ivanhoe.  
When Miss Allen announced to her English 3 class that for the next six weeks prior to the exams they would have to hand in a 200-word composition once or twice a week, loud and furious were the lamentations.  
Some people grumble because work is starting as summer comes. Some people grumble on account of house cleaning, but who wouldn't grumble if they had to sit in an old school room studying Lord Byron while the birds are calling and the sun is shining? Answer that if you can.  
The high school annuals will be out by the last of next week. All the pupils are looking forward anxiously for the date. They will surely be a great treat, not only to us but to our friends.  
Now that the seniors are so nearly

through with their high school course they are giving considerable thought as to what they shall do next year. Catalogues are arriving from different institutes and possibly some of the students will attend.
