

So Quoth The Raven

"Squirrels store nuts." A goodly number are still unstored.

"Autoist blind to all dangers." Just what we have been saying.

"Told wild bullfrog tale." Is that any relation to a fish story.

"Drivers death called suicide." A logical verdict in most cases.

"Boy killed by car." Have we not heard of that accident before?

"Asleep for four years." That is nothing. Some people never wake up.

"Some judges need nerve tonic." Certainly most of the offenders do not.

"Employer paid for nut." A good many employers pay for that kind of help.

"Butcher is artist, says St. Louis man." But they are not all good carvers.

"Track workers get wine." Now they can't say, it is all drunk by the capitalists.

"Brains size doesn't count." What a relief this will be to those with small heads.

"Twenty hands entered in Winona tournament." They must have had no end of brass.

"Rail peace is now seen." Foreseen is a better term, and when is the logical question?

"Friends seek to name dead man for congress." Not the first dead one to be so named.

"Women in Kansas make a poor showing." Shades of Carrie Nation! What is the matter?

"Verses have a place in life, poet declares." The prosaic person will want to know where.

"Irish Leader calls for Philadelphia lawyer." It will take one to straighten out the Irish tangle.

"Bobbed hair causes girl to end her life." She must have been slightly disappointed in the effect.

"LaFollette forced to rest because of throat trouble." Retribution may finally be overtaking him.

"Waterproof face on bathing girls." At last the use of the facial camouflage has been discovered.

"Deceived by stable scent." "Not frock nor tan can hide the man." Does the odor oft proclaim him?

"Ford is arrested for breaking the speed law." Henry can afford such things, though not in a Ford.

"Peasants given to park." They ought to add a bit of local color, of course depending on the park.

"Blushing groom bolts wedding." Is it easier to bolt a wedding or to break the bonds of matrimony?

"Comedian's fifth wife seeks divorce." "The Taming of the Shrew" could not have been in his repertoire.

"Carnivals are condemned." They should have been long ago. May their sentence be carried out with no hope of reprieve.

"Russians purchase soap from America." The first hopeful sign of returning sanity. What quantities will be needed!

"Smoothing the rough places for aged people." Since all grow old, let's lend a helping hand to those who've traveled a little farther on life's road than we.

A peddler came along one day, And sold things very cheap. For every cent he took of pay, He gave you quite a heap. But when you came to try the stuff, The truth you learned full well, And found you'd paid him quite enough, It was only made to sell.

McCormick-Deering Potato Diggers

Bring all the potatoes to the top—in plain sight, in neat rows behind the digger, thoroughly separating them from vines, dirt and trash, easy to pick up.

Split hubs, semi-steel gears do away with broken chains. Heavier rod links, lighter draft, and bearings equipped with hard oilers make it the most desirable machine on the market. Place your order now as the supply is limited. Come in and look this digger over.
