How to Sleep.

"In order to secure a good night's rest," says a well known doctor, "you should sleep with your head to the North. Do not curl yourself up or assume awkward positions, as they check the flow of blood to and from the brain and rob sleep of its refreshing qualities. The easiest and freest position is the best." Sensible words. And, by the way, the best way to get a good ride is to take the Saint Paul & Duluth Railroad, which has fast trains daily to and from St. Paul, Minneapolis, Duluth, and West Superior, making connection at all points. A. B. Plough, General Passenger Agent, St. Paul, Minn.

And What I Saw There. Being an Account of the Trip From St. Paul, of

Rev. John M. Henderson.

After a very pleasant ride part of which was through some of the most picturesque spots of Pennsylvania, my wife, her sister Miss Virgie Douglass, and I arrived at the famous B and O Depot, Washington, D. C., at six p. m. March 1st, we, together with Rev. D. P. Brown and N. McCrackin were met by Misses Jennie Brown and Carrie Bradford who conducted us to the elegant and commodious residence of Bishop Brown at the door of which we met Miss Mamie who conducted us into the reception room where were assembled the Bishop's splendid family all but he were there. I found him in his study busy at work. Hugh bundles of letters, piles of papers with marked columns gave me some idea of the great amount of official care resting upon this venerable man, while his liberal selection of books apparently numbering a thousand volumes clearly attested the fact of his scholarly habits. All the latest periodicals and standard publications were to be found there, but few young men pursue more regular and systematic a course of reading than does this prelate, who has been a scholar for fifty years. No man can claim to know Bishop Brown as he is unless he meet him at his home.
